

'L' DAY IS CELEBRATED BY STUDENTS AND FACULTY MANY STUDENTS CLIMB MOUNTAIN

ORATORY ARRIVES; MISS GANS WINS CUP FOR L.V.C.

TRIBUTES SUCCESS TO SPEECH DEPARTMENT

The cup for the winning of the intercollegiate oratorical contest which was held at Pacific Palisades last July has just arrived, and was presented to the winner, Miss Dortha Gans, at the Thursday morning chapel period, who, in turn, gave it to Pres. Studebaker, representative of the college group as a whole.

Prof. Laura E. Haugh, head of the speech department, made the presentation and commended Miss Gans very highly on her achievement. The latter lays her success to the careful training of La Verne college and the efficient guidance of Prof. Haugh, rather than to any talent of her own.

Pres. Studebaker expressed his pride in having a student like Miss Gans to represent the college and hoped that others try for the contest for next year so that La Verne may keep the cup. If L. V. C. can hold it for three consecutive years it becomes hers permanently.

This trophy may be considered a fairly won prize, as Miss Gans had to compete with the best from Pomona, Occidental, Whittier, Redlands, U. C. L. A. and a law school to gain it. The cup will be on exhibition as soon as it returns from the engraver.

Tame the Panthers

LAMBDA STAFF AT WORK ON ANNUAL

WIDE COOPERATION OF STUDENTS OF L. V. C.

The editor of the Lambda states at the work of the book is progressing in good shape. The entire staff is up and going. He has many favors to ask of the students. Please cooperate at once in things which you are asked to do and there will be that much less to be the road to bother. Another is to keep your camera hot. Take lots of pictures but do not put them all in your album; turn them in, for it is your book and you must help us make it the best book ever published. There is one thing which L. V. C. seems to lack and that is original and creative literature and poetry. If you can write something worthy of the book we will see that it gets its place, so come on with your budding genius. The staff is as follows:
Editor in Chief: Charles Man-

Leopards vs Cal-Christian at Loyola Field Saturday at 2:15 p. m. (four blocks west of Vermont on 16th).

Large Group Enjoys Program and Eats in Canyon

Many students made the annual outing trip up to the "L" Tuesday, October 28. Some left La Verne soon after midnight, and others delayed the climb until 6:30 a. m. A few who did not care to walk, secured horses for the trip. Walking, running, riding, limping, crawling, they got up to the letter where the Frosh cleaned it off. As usual the upper classmen helped out by their presence. An added aid this year was the presence of several members of the Faculty who made the trip for the first time.

Coming down, when they desired, to the Moose Retreat, they were greeted at 5:30 by a truck with the eats. The sophomores soon had everything spread out and the hungry mob feasted on hot tamales, potato salad, doughnuts and coffee. Immediately after the eats they all went into the cabin where a peppy program consisting of the following numbers was given:

School songs and yells lead by "Chuck" Manning.

Duet number by "Tad" Davies and Elwyn Boly.

Reading by Hazel Barnhart. Songs, one of which was dedicated to Esther Dickey, by the Aeolian quartet.

Faculty skit put on by Dean Hoover.

Vocal Duet by Daniel Stover and Marvin Bolinger.

After the full day the students returned to their homes. On the way down Orville Thomason had the misfortune of having the steering gear of his "strip-down" go out of commission. It was well that they were going slow and a kindly tree got in the way or the accident might have been more serious. As it was he and Russell Frantz, who was with him, were slightly bruised.

NO SMUDGING FOR HOOP MEN

Upon orders of Coach Eisan, the basketball men are not going to be allowed to smudge this year. In previous years it has been noted that smudging is detrimental to players. We hope to have a team this year that can wear the bottoms out of the baskets. To do this we must have a team in A1 condition.

REV. MASTERSON CHAPEL SPEAKER

TALKS ON ART OF EDUCATION; WORTHY GOALS

Rev. E. K. Masterson of Sunland gave a short talk on the art of education after the presentation of the oratory cup in chapel Thursday morning.

He said that the art of education is the art of getting along together, not book learning. If this is true then one must look beyond the material and turn all his efforts to the development of the soul-life. Our desire should be like that of a great business man who asked in a simple prayer at the Kiwanis Club banquet, "Master Give Us Thy Point of View."

If we would keep ourselves from the pitfalls of past generations we must look towards the spiritual ends of life.

At the beginning of the period Marvin Bolinger sang "God Is Our Refuge."

MANY DINE AT Feast of Nations

About 250 people attended the Feast of Nations which was held last Saturday evening in the gym under the auspices of the Y. W. C. A. and Y. M. C. A.

Seven nations were appropriately represented both in the color scheme and the construction of the booths. For instance, Holland was designated by a blue and white wind-mill, England by a red brick cottage with hinged windows that opened out, Ireland by Shamrocks and green decorations, Sweden by colors of the Swedish flag, America by an Indian hut, Iceland by icicles and frost, and Brazil by a hut covered with palm branches and in addition an immense "S & W" sign on the front. The two other booths were for the sale of candy and novelties. The candy booth was decorated with L. V. C. colors and emblems. The booth of novelties contained etchings, prints, and novel picture frames which were brought over from Europe and donated to the "Y" by Miss Muir.

The table decorations, which were superintended by Elwyn Boly, were in keeping with the season being small orange pumpkins with green vines strung between them.

The receipts from the Feast of Nations amounted to approximately \$120.

The students wish to express their appreciation for the donations and the cooperation of those outside the college group which made this project a success.

Y.M.C.A. PLANS FOR Conference at Asilomar

AEOLIAN QUARTETTE TO GIVE MUSICAL NUMBERS

With the increased activity of the Y. M. C. A. this year, the men are looking forward and making plans for a good representation from LaVerne at the Pacific Southern Y. M. C. A. conference to be held at Asilomar, California, December 26, 1930, to January 3, 1931.

The annual Asilomar conference is the one great outstanding conference offered to the college men of the Pacific Southwest.

Here about three hundred men from colleges and universities of the Pacific Southwest will gather for a splendid week together. Some of the great student leaders of the world will be present to give addresses, teach classes and be available for private interviews with students.

This list of leaders include such personalities as Dr. Kirby Page, Dr. Howard Thurman, "Dad" Elliott, and many other equally famous men. Here is the one great opportunity for the college man to come in contact with a great world in all its greatness.

Asilomar is located on the Monterey peninsula and is itself an ideal place for such a conference. The long sandy beach, where the breakers roll in higher than anywhere in California, crashing and splashing against the rocks, adds a pleasant variety to the conference. The sand dunes, Monterey cypress trees, buildings, and all, lend to the uniqueness of the place for such a conference.

The Aeolian Quartette of La Verne is the headliner on the musical program of the conference. This is a great opportunity for La Verne, and these men will represent the school in a fine way.

It is hoped that a great many of the La Verne men will take advantage of this opportunity to attend such a conference. Some are already planning to attend, and it is quite certain that La Verne will be well represented.

Any member of the Y. M. C. A. cabinet will be glad to furnish further information concerning the conference.

LEOPARDS TAKE ON PANTHERS IN LOS ANGELES SATURDAY

LAVERNE HAS GOOD CHANCE TO WIN

MOD'RN LANGUAGE CLUB HOLDS FIRST SOCIAL

PROGRAM FOR CHAPEL DURING CHRISTMAS SEASON TO BE GIVEN

Friday morning, Oct. 31, the Modern Language Club met in Ganesha Park for a breakfast of baked apples, Cocoa, and creamed chipped beef on toast.

This was the first social gathering of the organization and about twenty attended.

The groups were called to order by the president, George Berg, for a short business session in which Doyle Montz was elected vice-president, and the chairmen of the different language groups were appointed as the committee to arrange a program for chapel during the Christmas season.

Meetings of the club are to be held once a month and possibilities for a cosmopolitan banquet were discussed for the near future.

Those present were: Miss Lenhardt, Mildred Adams, Martha Darks, Martha Baer, Wilma Baldwin, Alice Butner, Lucile Forney, Frances Berg, Florence Snider, Grace Brubaker, Norma Larick, Miriam Murray, Elizabeth Lehman, Fern Glick, Marie Pobst, Mary Lauver, Jay Fyock, Doyle Montz, and George Berg.

Annual Penny Fair is Held in Gym

"Right this way, brother! Hit for one cent! Come on girls, five for you!"

The Penny Fair held in the gymnasium Friday night of October 30, opened with a bang. The greatest majority of the Student Body turned out to boost the project to success.

On entering one would hear "Throw the ball! Right this way folks!" or "Have your picture taken. See how you look, will look, and did look! Come on over."

The grand march displayed all the costumes, and Miss Vera Hoover took first prize for the women. Her dress was of newspaper. Carl Eshelman, who took first prize for men, was dressed as a hideous hobo.

After everyone had enjoyed himself to the fullest extent they would suddenly hear the shouts of the girls at the "Eats" booth. "Right this way! Good Apple Cider! Pie! Mmm, Apples—Oh, boy! Come on over! Here, folks, here!"

Baby Cecil, Ruth Rothrock, read the future for many of the hopeful

Cal-Christian Eleven a fighting bunch of Panthers

The Leopards have an engagement coming up with the Panthers of Cal-Christian this Saturday in Los Angeles in which they stand their best chance in years of coming out victorious altho the Panthers are a scrappy outfit.

The Cal-Christian eleven made four starts and has returned to their own hunting grounds feasted each time, as have the Leopards in their four starts.

The Cal-Christian record consists of defeats at the hands of Santa Barbara 7—0, San Diego—0, Whittier 33—7, and Caltech 26—6. These scores, however, not show improvement as does the Leopard's record which was viewed for you last week; and paper, at least Cal-Christian hasn't as strong an aggregation as Eisan boasts.

"Butch" Thompson and Jones seem to be the best of the Panther team, the former being back-field man and Jones the left tackle. Against Caltech Saturday at Tournament Park, the two men seemed to be the whole Panther's offense and defense respectively although the whole team fought till the last whistle ended the game.

Regardless of the apparent weakness of the Panthers and the fact that the Leopards are pointing to Whittier, Eisan is taking chances and has a hard week practice planned for his men get them in shape for the contest.

Go to Los Angeles Saturday!

Phi Beta Kappa Announcement

The Phi Beta Kappa Alumni Association is calling attention to their ninth annual prize essay contest. The selection of subject and manner of treatment are left to individual candidate. Time limit March 31.

A first prize of forty-five dollars, a second prize of thirty dollars and a third prize of fifty dollars, are offered.

All students interested in essay and a little extra money, should take notice of the announcement on the last bulletin board, or Mrs. Dorothy Merritt for particulars.

Leopards vs Cal-Christian at Loyola Field Saturday at 2:15 p. m. (four blocks west of Vermont on 16th).

students. Some of them left blushing red. We wonder what she thought of the future for many of the hopeful

WONDERINGS OF THE EDITOR

It has been said that if there is to be progress in the world, the progressive groups must be far ahead of those who always cling to their antiquated ideas until their minds become petrified.

These stagnant minded people are unable to see why the other people in the world should ever make any change in their religion, social life, recreation, or anything else. They got their ideas from their fathers and grandfathers and believe that their way is the only way to live, consequently they cling to old customs and traditions and make it as miserable as they can for everyone around them.

Most students in La Verne are striving to incorporate in their living the advantages of modern discoveries and have the true scientific attitude in solving their problems, that of applying reason. They also demand that there be adequate postulates for their theories as to the true nature and meaning of ourselves in our relation to the universe and a supernatural being.

This latter group is certainly the most progressive, and if saturated with a love for all mankind and the ideal of the Universal Community is bound to make real contributions to the world becoming a better place to live. This group is also far ahead of the first group mentioned who are only deterrents to progress.

There are a few of this backward group in La Verne College and also besides the progressive group, a few radicals in various directions.

Think these things over! See what group you are in! And see if you can't improve a little!

* * * *

DON'T TAKE LIFE TOO SERIOUSLY!

Some students make life miserable for themselves just by taking all of their little troubles and life, in general, too serious. If something goes wrong, they seem to be able to think of nothing else; and life becomes just a "psychological hell" for them.

Now, what is the use of being that way? It can not possibly help, and it only handicaps the individual in all of his activities. Others don't enjoy this person's company, and he can't enjoy that of anyone else either, while he is thinking only of himself and his troubles.

If you ever have this trouble remember to:—

Be Cheerful! Think about your mistakes only long enough to see what they are; determine to eliminate them; and then think of something else! Take life with a grin on one side of your face and a smile on the other! Work on some constructive project of your own in which you are personally interested! Be optimistic and have confidence in yourself (even if it show a little, its better than pessimism)! Smile and be happy!

WHO AND WHERE

A famous doctor went to an insane asylum to see a patient, and before leaving tried to telephone his office. Not getting as quick service as he thought he should, he said to the operator, "I guess you don't know who I am."

"No," replied the operator, "but I know where you are."

Asked to pray for warm weather so that her grandmother's rheumatism might pass away, a five year old girl knelt and said:

"Oh, Lord, please make it hot for grandma."

Prof. Cullen—Is there a book in the library which deals with the modern petting problem?

Fred H.—Yeah, The name is "Wanderer of the Waistland."

Did you hear about the tourist who called on the local bank to cash a check and the banker said, "We haven't got that much, but I'll take you over to the filling station and introduce you."

Campus Chuckles

A LITTLE APPLESAUCE

Joe Cosner: "My coat is all covered with face powder."
Lucile Forney: "Oh, never mind; I've plenty more in my compact."

Elvin Wilson: "I shall marry for beauty."

Shorty Howell: "And I for brains."

Elvin: "Well, everybody for what they need most."

He: "Hello, Revenge."

She: "Why call me Revenge?"

He: "Because Revenge is sweet."

1st flea: "Been on a vacation?"
2nd flea: "No, on a tramp."

Mrs. Merritt: "Form a sentence using the first person."

Beulah Eikenberry: "Adam lived in the Garden of Eden."

There was a young man from Perth

Who was born on the day of his birth;

He was married, they say,
On his wife's wedding day,
And he died on his last day on earth.

Home, Sweet Home

"Where are you going, little flea?"

"I'm going to the dogs."

Just for girls (read backwards):
"Didn't you if girl a be wouldn't you; it read would you knew we."

Prof.: "What do you know about nitrates?"

Shaw: "Well, night rates are cheaper than day rates."

A stout woman drove up to a filling station: "I want two quarts of oil."

"What kind, heavy?" asked the attendant.

"Say, young man, don't get fresh with me," was the indignant response.—Ex.

Society Matron: "Hello, please reserve a box for four."

Voice on Telephone: "Sorry, madam, but we only reserve boxes for one."

S. M.: "How strange! Isn't this the opera house?"

V. on T.: "No, madam. This is the Brown Casket Company."

Flappers' War Cry: "Two arms,"

Francis Saylor: "Don't you hate crowds?"

Ruth R.: "Do I? At the fair I fainted and had to walk a mile before I could fall."

It is all right to begin at the bottom except when you are learning to swim.

Bob Welty: "Say, John, lend me your pencil."

John K.: That's the way I got it—nothing doing."

Knows His Hardware

An Army junior had a quiz in science. The question was: "Define a bolt and a nut and explain the difference, if any." The boy wrote:

"A bolt is a thing like a stick of hard metal such as iron with a square bunch at one end and a lot of scratching wound around the other end. A nut is similar to a bolt only just the opposite, being a hole in a little chunk of iron sawed off short with wrinkles around the inside of the hole."—"Exchange" quoted by Boston Transcript.

ALL THROUGH

By Clarence Mansfield Lindsay

Nay, laddie, I'm done with the girls!
I won't be their slave any more;
Bright eyes, laughing lips and soft curls
Are getting to be just a bore!
I've squandered spondulicks enough
on fair ones; and now I am thru.
Henceforth I'm a cynic and tough—
I'm off of the whole artful crew.

Gee, how I've run 'round with the dears,
Enmeshed in the net of their chairs!
How I've yielded to smiles—and to tears;
The spell of red lips and white arms!
But now I am done with all that;
No more will I yield to their lure,
I'll give 'em the air—and that's flat:
"Too much" has effected a cure!

So here's to a roystering life—
Sans sweeties, gold-diggers and vamps!
I need neither girl friend nor wife;
I'm free from the wheedling scamps!
Yep!—Bill, who's that girl over there?
By Jove! She's a pippin, all right!
And she gave me a smile!—Take my chair!
I'll see you tomorrow—good-night!

A FISH STORY

Once a farmer was taking several cans of milk to the village to sell. On the way he had to cross a brook, and then go over a lot of rough road. When he passed over the brook two small frogs jumped; one landed in one can of milk, and one in the other.

The first little frog tried to jump out, but decided he could not, so he gave it up. He turned over on his back and gave up the ghost. The other wouldn't give up! When the farmer arrived in town he looked in the first can of milk, and there lay the dead frog. Then he looked in the other can and there sat the second little frog on a big cake of butter croaking, "I did it! I did it!"

This is supposed to be a fish story, but it isn't. It is a frog story. If you don't believe it ask

She: What is a football team?

He: Why, it is 22 overworked kids kicking the stuffing out of each other.

She: (in subdued voice) 'Yes sir.'

HON. HOT DOG NOT A VAGITABLE

The banana are a great remarkable fruit. He are constructed in the same architectural style as the honorable sausage. Difference being, skin of sausage are habitually consumed, while it are not advisable to eat rapping of banana.

Perhaps are also intrissing the the following differences between the two objects. Banana are held aloft while consuming, sausage are usually left in reclining position. Banana are first green in culler, then gradually turn yellowish. Sausage start out with indefinite culler (resemble terrier cotta) and retain same hue indefinitely. Sausage depend for creation upon human being or stuffing machine, while banana are pristine product of honorable mother nature. Both article resemble the other in that neither have pit or colonel of any kind.

In case of sausage both conclusions are attached to other causes, honorable on opposite hand

Cy Nical Comments

I heard that Ike Funk took Coach Eisan's word as a safeguard on the Stanford U. S. C. game. I won't tell you which way Coach told him to bet, but he lost.

It is a good thing that Tommy and Russ weren't coming down that hill on roller skates. It would have been hard on noses if they had hit a tree like their front tire did. Anyway, I can say that they were lucky to be able to drive a flivver into a tree and do it without a steering wheel.

It would not surprise me to see Max Forney running around with a long tail and scratching himself to the tune of "ich eche." Not a bit, after I heard of him pounding coconuts all over the hotel wall in San Diego. Some monkeys are original when it comes to ways and means of feeding themselves.

I didn't know whether to laugh or cry, no sir—what would you have done? I saw our mighty Prexy sweeping the hall. I was shocked to see him at such a menial task, until I saw why he was so busied, then I was embarrassed. He was sweeping up my old gum wrapper and your old note. If you feel half as ashamed as I do, I am sure we will keep our halls a little cleaner.

"Honey, Honey, Honey—little eyes I love's you." I wonder who dat big black man am what Esther Dickey loves? Anyway, Esther certainly got all she bargained for when she requested that song. The poor girl acted as if such sentiment was strange to her.

Oh, ho, ho! talk about being surprised. The other day in the girls' book room I overheard Willie talking about me. She said I certainly had been directing slams at Ralph and her. Now here is the funny part, I never once thought of Willie and Ralph. Again I say, if the shoe doesn't fit, don't wear it. However, I did see Ralph untangling his Dodge after Willie did some slamming with it. It looked to me as if Ralph's troubles were getting a head start on him.

I can remember when Stutz and Fesler were Freshmen how they dreaded the unknowns which Prof. Frantz gave them, but somehow it is altogether different now. Boy, they get a kick out of mixing up something which will stump the Frosh. If something is rigged up which will scare or mystify the poor little Frosh they will lick their lips and say "I will bet that that will fool 'em." Yep, people are funny critters.

Girls do not know how lucky they are. In their modern attire they are as comfortable as a day in June. We men in our proper clothes (so designated by fashion) are about as comfortable as a bachelor at an old maid's convention. What with vests, coats, shirts with cuffs and collars, and neckties a man's wearing apparel would break the back of a pedigreed saw horse. On a warm summer evening we feel, as Prof. Cullen says, "Like a cow in a stanchion". Believe me, that cow thinks her stanchion is a 1492 model about three sizes too small.

are joined on one end to the stem, other termination are entirely loose.

Finally, banana are strictly member of the vagitable kingdom, while affiliation of sausage is often undecided.—Essay by a Japanese schoolboy, credited by the Shanghai (China) Press to "Fresh Howlers," by H. Cecil Hunt.

**Freshmen Entertain
Y. W. C. A.**
A splendid program was enjoyed
Monday morning by the "Y. W."
girls. It was given by the fresh-
men. Virginia Scarsbrick, the
freshman girls' president, presided
over the meeting.
The following program was pre-
sented:
A reading, "The Crooked Mouth
Family" was given by Dora
Thomas, followed by an encore.
Two readings, "Little
Orphan Annie" and "If I Could But
Talk By Her," were presented by
Grace Gans. Buelah Eikenberry, fa-
vored the group with two readings,
"The Coming Man" and "Jennie's in
the Kitchen." Zelda Sheller ren-
dered two piano solos, "I'm Yours,"
and "If I Could be With You." This
was followed by a piano solo by
Elen Buckley, her selection being
"Deep River." The concluding num-
ber was a piano selection, "The
World Is Waiting for the Sunrise,"
which was given by Elizabeth Leh-
man and followed by an encore.
Besides this program several "Y."
songs were sung. A program
such as this furnishes much en-
thusiasm and more interest in the
"Y. W." so it is a desire of many to
have more such programs.

STUDENT SOCIAL LIFE

Faculty News
President Studebaker attended the State Teacher's Convention which was held at San Jose College. He returned Monday, November 3.
Prof. and Mrs. Haugh spent Saturday at San Clemente on business. They lately received an invitation to sing in the U. S. C. Chorus which is presenting the "Messiah" for Christmas.
Mrs. Haugh is now drilling Miss Maurine Hammond of Chaffey J.C. for the coming oratorical contest.
Miss Lenhart attended the convention of the Modern Language Association at Inglewood High School on Saturday, October 25. Among the various items discussed was the organizing of Modern Language Clubs in High Schools and Colleges, to promote a greater interest in languages.

ASSOCIATED STUDENTS MEETING
The regular Associated Student Body meeting was called to order Friday by President Dale Stutzman.
Several announcements in regard to the Penny Fair, Feast of Nations, and the next football game were made. We play Cal. Christian a week from Saturday.
The Frosh game with the Sherman Indians was announced, after which a short rally was held for the Frosh.
The meeting was adjourned by Dale Stutzman.

Birthday Party Given Evelyn Deardorff
Mr. and Mrs. Avid Barklaw entertained in honor of the birthday of Evelyn Deardorff, Wednesday evening of October 29, at their home in Sierra Way.
The party opened at 7 P.M. when the guests began by drinking delicious chocolate and by swallowing ripping hot, roasted weiners, whose temperature had been raised over a homey crackling fire in an inviting fire place. The tune of the coffee accompanied by the nervous tremble of delicious jello salad, the sweet refrain of marshmallows, and the support of relishes lulled the hungry stomach to rest.
The evening games started with "Pig." Mr. Travis, the biggest "Hog" of all, needed company and proceeded to win it. Next "Call the Name" was played and again Mr. Travis was last.
Progressive rook then followed. The prize was won by Doyle Montz, and the booby prize by Avid Barklaw. The evening closed when cake and ice cream were served.
Those present were Anna Emmert, Kathleen Shaffer, Flossie Page, Frances Sandbloom, Evelyn Deardorff, Fern Bowman, Doyle Montz, Kenneth Deardorff, Cecil Huff, Ralph Travis, Carroll Aeschbacher, Charles Manning and the host and hostess.

Y. M. C. A.
Monday morning, October 27, the Aeolian Quartet entertained the Y. M. C. A. with four numbers, Absent, Watermelon, Honey, and The Mulligan Muskateers.
After the Quartette sang Vernon "Red" Weybright asked that all men get one of the pledge cards and fill it in and hand it to Cecil Huff along with one dollar and also that several men start making plans now to go to Asilomar this Christmas vacation.

Support Forensics WOMEN'S DEBATE SOON
Back up the representatives of LaVerne when they go out to fight for the school. Show them that you are interested in them and that you want them to win for their Alma Mater. It helps a lot to know that you're in a contest—not alone—with a group behind you fighting hard to help you win.
School spirit manifests itself not so much in the number of things you can have a part in but in how much you support the activities which go on during the year. Not all of us can be football players or debaters, but we can and should back up those who are on the team to the Nth degree.
Soon the girls' forensic season will open with debate. The teams need your help. It helps a lot not to have to try to make empty seats believe. If there are people in those seats making reactions to what is being said, how much more will the girls try to make that reaction favorable to them. Another thing, last year it was hard to go to another school to debate before a fair audience feeling that when we debated at home we would at least have more of a crowd, only to find less when the time came.
Not only should you go to debates through loyalty to the participants, but because you will get a keener insight into some of the problems of the day. For instance, few of us know anything about a department of education. Now when the girls start giving forceful facts about why we should or should not have such a department, we will certainly learn some valuable things. So it is with other questions.
Then, too, we all enjoy a keen, close contest of any type. If anything calls for clear-headed thinking and sharpness of wits it is debating. So, come and enjoy the debates this year, learn of some of the day's problems, and be loyal to the people who are working for the honor of the school.

Women's Debate Teams Chosen; Work Begins
Ten girls have turned out for debate and have been divided into five teams as follows:
Affirmative teams, Opal Kuns and Virginia Scarsbrick; Mary Hollinger and Harriet Hoke; and Geneva Suttle and Virginia Stern.
Negative teams: Hazel Barnhart and Beulah Eikenberry and Arnelia Brubaker and Eleanor Shepp.
These teams will meet for practice as follows: Numbers 1 and 3 on Wednesday at 7:00 P.M., numbers 2 and 5, 4 and 3 on Thursday at 7:00 P.M.
The conference team will be picked from these teams. Arrangements are being made for at least one outside debate for each team. Miss Arnelia Brubaker is in charge of these arrangements.
Last Sunday night Professor Lenhardt and Florence Snider attended a French lecture on the life of Moliere, sponsored by the Alliance Francaise, at Mudd Hall, of the University of Southern California. The next lecture will be given by Paul Bonnet on "Les Grands Souvenirs de 1830," Friday night, October 24, at 8:00 p. m., at the University of California, Los Angeles. These lectures are open to students, and all those interested in French are urged to attend.
There will also be German, Spanish and Italian lectures. Those who are interested should see Miss Lenhardt for the dates.

Zoology Class Takes Trip to Beach
INVESTIGATE SEA LIFE
On Wednesday, Oct. 22, the Zoology class left with Professor Hollenberg to be initiated to one of his never-to-be-forgotten field trips.
The class stopped at Newport and Balboa to study crabs and sea pansies, then it journeyed on to its final destination, Laguna Beach, where they searched and studied diligently for various forms of sea life among the rocks.
Hoy Deeter started a little side project of his own, by discovering and annoying a small octopus. Also, since the tide was out, some explored the water-filled crevices in the rocks, gathering large abalones. The class watched the process with interest, and several found interesting specimens for the class. All are willing and anxious to take another such trip.

LUMNI NOOS
Mr. and Mrs. Philip Towns announce the birth of a little daughter Saturday Oct. 25. Mrs. Towns is remembered as Anna Bailey. They live at Claremont.
Ben Hepner of Covina is serving as juror in one of the Los Angeles county superior courts this month.
J. M. Roynon and Harry Blickenstaff took their troop of boy scouts to the mountains on an overnight hike over hallowe'en. These men are doing splendid work with a group of some fifteen boys.
David Bomberger of San Diego has recently been re-elected superintendent of the San Diego Sunday School of the Church of the Brethren. David has been a Y. M. C. A. secretary in San Diego ever since he graduated from La Verne College.

Olive Shirk Bohn was the guest of honor at a birthday dinner given by her parents Mr. and Mrs. R. J. Shirk Friday evening. The home was very appropriately decorated for the occasion by Miriam Shirk Betts and Elva Shirk Brooks. The center piece was the "witches Cal-dron" from which streamers led to nuts which contained Hallowe'en readings. The guests were Mr. and Mrs. Wayne Bohn, Mr. and Mrs. Milton Brownberger and Mr. and Mrs. Harvey Brubaker of El Monte, Mr. and Mrs. Otis Brooks of Chino, Mr. and Mrs. Russell Frantz of Azusa and Miss Mina Shirk of San Bernardino.

Women Adopt Squad System for Debate
INTENSIVE WORK UNDER WAY BY DEBATERS
This year women's debate will use the squad system instead of the definite teams used heretofore. The squad has ten members at present, all Sophomore women except two freshmen. A good debate season is expected from the appearance of the subjects. Since all members are underclassmen, there certainly ought to be some real debating by LaVerne College women by the time they are Seniors.
Intensive work is already under way, and in a couple of weeks debate rounds will be held within the squad. A number of non-conference debates are also being scheduled so that each team within the squad can have at least one outside debate. Speakers for each debate will be chosen just a few days previous to the debate. This will necessitate each student's doing her best work in order to be prepared in case she is chosen.
The question of the student body awards has not been settled, as that is for the commission to decide. However, probably those who participate in one or more conference debates will receive a reward.
The Iceman's National Convention recently adopted as their national anthem that touching, piercing ballad, "Where is the Tong of Tongs for me?"

Globe Trotters Club is Organized for Study
The first active meeting of the Globe Trotter's club was held in the Y. W. C. A. room at 3:45 Monday, October 20.
This club was organized by the World Interest division of the Y. W. C. A. Miss Muir is the faculty advisor; Mary Hollinger is president, and Eleanor Shepp is the program chairman.
The club is now studying India as a project. At the last meeting the economic and educational situation of the Indians was discussed. Reports were given on "Mother India," written by Miss Mayo, and "Son of Mother India," by Mukerji. Besides these two books, various magazine articles furnished material for lively discussions.
Meetings are held every two weeks, and any of the girls who are interested are welcome to be present and join in the study of "Ghandi," which has been chosen for the next meeting. Frances Berg will be leader at the next meeting.

La Verne	0	2	.000
Redlands	0	2	.000

WEEKEND RESULTS

Whittier, 19—San Diego, 13

The Poets turned the trick Saturday nite that the Leopards attempted a week ago and upset the old appiecart and the Aztecs 19-13 in the last half rally.

Herreid's proteges had things much their own way the first half and led at halftime 13-0.

The Poets surely came to life in the third quarter to outplay the Aztecs, but failed to score. Then in the fourth quarter the fireworks went off and by the end of the game, the Poets had piled up a precious 19 points which were good enough to take the game.

Occidental, 12—Redlands, 7

Redlands came near upsetting the Oxy Tigers Friday nite in the Rose Bowl; and probably would have if they had passed a little less.

The bulldogs threw the oval all over the lot; but Hank Beiden didn't pick his men very good, so that's about all it amounted to. Some night when Hank is throwing that pigskin right, though, something is going to happen in the field of scoring, for Bell and Pete Beiden are good receivers.

Oxy didn't look any too strong, and made about as much on several well executed passes as they did through the line.

Eisan's Leopards Practice Early

Walter Gordon and Clint Evans Help La Verne Team

The La Verne Varsity took their Friday workout from 10:30 to 1:00 o'clock instead of their regular time. The cause, a visit to the school of two men from the California coaching staff. These two men were, Clint Evans, assistant coach at Berkeley, and Walter Gordon, scout for the Golden Bears. These men journeyed south to scout the Southern California Trojans and Stanford and came to La Verne to visit Coach Eisan, an old pupil of theirs and help him a little in teaching his cohorts the finer principles of the game called football.

Evans spent his time with the backs, helping the punters and passers especially. Walt Gordon a chap of enormous proportions spent his time showing the linemen how it should be done. During his college days Gordon was a top-notch and can tell as well as show, how the finer technique of the game may be developed.

These men were a real help to the squad and La Verne was fortunate to be honored by their visit.

Support your football team!

Caltech, 26—Cal Christian, 6

Fox Stanton turned the day over to substitutes most of the time against the Panthers at Tournament Park, Saturday, and chalked up a 26-6 victory.

The Panthers fought gamely throughout the four periods, but didn't make much headway against the Engineers even though the latter weren't going very good and had second string men in most of the time.

Caltech is pointing for Oxy this next week-end, and if they get over the Tiger hurdle, stand a good chance of winning the rest of their games and the championship, since Whittier obligingly upset the Aztecs Saturday nite.

Arizona, 20—Pomona, 0

The Sagehens ran true to form and lost to Arizona 20-0, but probably did good to hold the Wildcats to that small a score.

Bill Hargis, Arizona star, was again the best man on the field as he has been every time he has played in this season.

Neither Pomona's offense nor defense were working at all satisfactorily. However, Arizona took Oxy 27-0, so the Sagehens should not feel so bad.

KITTENS LOSE TO INDIANS

Final Score 28-12; Frosh Team Ragged

Warriors Strong: Scalp Yearlings

The Leopard Babes journeyed to Riverside last Friday to battle the Sherman warriors and were quite effectively scalped before returning.

The Indians put a hard running, well coached team on the field; and this, coupled with the fact that the Frosh put up a lifeless exhibition of football, accounted for the final score of 28-12.

The Indians had a large variety of plays and kept them well mixed. They scored one touchdown on the ancient statue of liberty play and made a 50-yard gain on a sleeper pass, another antiquated method of advancing the ole' pigskin.

To show the precision and certainty with which the Indian plays worked, they advanced the ball to the 10-yard line in two plays and were then penalized 15 yards for holding. That left them 25 yards from the goal line but they made that distance up in two plays thru the line.

Both of La Verne's touchdowns were earned and resulted from drives carrying the ball over half the length of the field on both occasions. These two drives, one in the first quarter and the other in the third stanza, were the only periods that saw the La Verne team going like they have in the past. None of the men, with Ray Wilkerson as the only exception, played up to par; and Ray really did some nice work on several occasions.

The effects of "L" day, a couple of injuries and a general mid-season let-up can probably be blamed for the defeat, but we can't overlook the fact that the Indian Warriors have one sweet football team.

However, the Frosh have another conference game in the offing, and Coach Glick will, no doubt, give them plenty of work in order to whip them into their old time form.

The line-up of the Kitten-Brave contest:

La Verne 12	Sherman 28
Fluck	R. E. L. Spencer
Calvert	R. T. L. Britton
Aeschbacher	R. G. L. Hood
Replogle	C. Sambo
Deeter	L. G. R. Ferris
Noll	L. T. R. Mirandy
Wilkerson	L. E. R. Malnaurie
Montgomery	Q. Cehongeva
Davis	R. H. L. Johnson
Brooks	L. H. R. Willis
Vaniman	F. Levine

Subs for La Verne—Kelley, Singer, Messick and Stoltzenberg. For Sherman—a tribe or two.

Tennessee 27, Clemson 0.
an 14.
Columbia 10, Cornell 7.
U. S. C. Frosh 25, Stanford Frosh 14.
Covina Hi. 13, Chaffee Hi. 12.
El Monte Hi. 25, Montebello Hi. 0.
Bonita Hi. 6, Colton Hi.
Pomona Hi. 46, Riverside 0.

GRID PREDICTIONS

The Sports Staff missed only one out of seven this last weekend for a percentage of 860 although the number of touchdowns wasn't right for some of them; so here they are for this week:

La Verne at Cal Christian—Leopards will win.

Caltech vs Occidental—Caltech by one or two touchdowns.

San Diego vs Redlands—Aztecs are the best by about two touchdowns.

Whittier vs Pomona—Whittier by two touchdowns.

Washington State vs Idaho—Cougars by three or four touchdowns.

Washington vs Stanford—Huskies are best bet.

Oregon vs U. C. L. A.—Oregon by at least three touchdowns.

Bonita vs Corona—Bears by several touchdowns.

COAST CONFERENCE GRID NEWS

Washington State, 14—Oregon, 4

The real thriller, Saturday, took place at Portland where the Cougars had the time of their young lives getting away from Oregon City with a victory.

The Webfeet came within a hair's breath of upsetting Hollingbery's men and with a break or two would have accomplished the feat.

Washington state scored in the first quarter after a blocked kick on Oregon State's 9 yd line. The Webfooters passed along one for a touchdown and converted to tie the score in the middle of the fourth stanza. Then, with a minute to play, Oregon State tried a pass in their own territory which was partially blocked and then caught by a Cougar who escorted the pigskin unmolested to the goal line. The conversion was good and the game ended a short time later with the score 14-7.

Idaho 26—Gonzaga, 0

Leo Calland's Vandels woke up Saturday and surprised the natives too by beating Gonzaga 26-0 in decisive fashion.

Idaho may furnish some real tough opposition to some of its stronger brothers this season yet.

Bears 46—Grizzlies, 0

The writer doesn't know whether just an ordinary Bear can lick a Grizzly or not; but the California Golden Bear can easily turn the trick, especially if the Grizzly is from Montana. Anyway, Price's men came to life Saturday and administered a sound spanking to Montana, which raises their stock considerably for the Trojan game this Saturday.

The Bears made six of their tallies in the second half.

Stanford, 20—U. C. L. A., 0

U. C. L. A. made the best showing against Stanford Friday nite in the Coliseum that they have ever made against any of the "Big Three" since the Westwooders got into the Coast Conference. The half ended 6-0 and it looked like Spaulding's men had a chance. However, the cards got going a little better in the second half and shoved over two other touchdowns, which put the game on ice.

Trojans, 33—Denver, 13

S. C. had a little harder afternoon than was expected with the Denver boys and had to call in several regulars to down Jeff Cravath's team 33-13.

Jones was up at Berkeley watching the Bears trim Montana.

Be at Loyola Field Saturday at 2:15 p. m. (four blocks west of Vermont on 16th).

Tame the Panthers

Traffic Officer: "I am going to arrest you on three charges: speeding, running thru a stop light, failure to stop when ordered."

"Don't pay any attention to husband, officer," said the victim's wife helpfully from the seat. "He can't help what he done. He's intoxicated."

A young lady entered a stationery store and asked for a pour floor wax.

"I'm sorry, Miss," replied the clerk, "we sell only sealing wax." "Don't be silly," she remarked. "Why should anyone want to seal a ceiling?"
