## Seniors Celebrate Annual Ditch Day at Lelawanda Lodge

President Studebaker and Coach Eisan  
Add Zest to the Outing

### Great Time Had by Members of Graduating Class

Saturday, Feb. 28, to Monday, March 3, the Senior class staged a traditional "ditch day" by re-creating to Lelawanda Lodge on the San Bernar- no Mountains.

Most of the machines left LaVerne about noon Saturday, arriving at Lelawanda some two hours later. The rest of the day was spent in doing anything and everything, and ending in a weiner bake at the large fireplace in the lodge. However, not everyone was present on time—it took just about an hour for the "absentees" to get up the hill they had done in 30 minutes going down.

Breakfast next morning was served at 8:30. Almost everyone was able to get up on time except perhaps two or three girls, and did those flapjacks taste good? Ask "Tommy," he ought to know.

Sunday morning was spent in a game of indoor horseshoes and raggie, and after lunch, volleyball. Some hiked, basked in the sunshine, and played bridge.

Dinner was served at about 6, followed by a few hands of bridge, after which, with President Studebaker leading one side and Coach Eisan the other, everyone joined in that old, yet thrilling if played in moonlight, game of "Run, Hide, Seek, Run." As to which team served the laurels of battle became a matter of dispute, so the next game in order was "Hit the Ball." This game proved to be quite successful. "Martie" and "Dorie" were keen "its" because in anybody could kick the can without being caught.

Well, after all this, everyone was pepped up they couldn't go to bed, so they all gathered around the fireplace and sang songs of various sorts, finishing with Mr. Eisan, "Billie" Long and Elizabeth Mason rendering a number of readings. One o'clock is pretty late for most LaVerne-ites, so they all went to bed except one or two, maybe, who had to take one final roll up by the tower to view the scenery off towards Death Valley and Victorville on one side and San Bernardino valley on the other.

Breakfast wasn't quite so early this morning—too "night before." Sunday every one was scattered. Groups of four people could be seen sprinkled over the hillside—some were plodding along, hiking. President Studebaker could usually be found giving checkers or chess somewhere about the lodge. Two of the couples even donned bathing suits to acquire one of these so-called "sundays."

As for the "eats," "Vi" was the cook and "boss." Everyone drew lots to help prepare one meal and to wash dishes one meal.

## JUNIORS SKATE AT ROLLERDOME

Culver City Scene of Many  
Downs and Ups and  
Vice Versa

According to the arrangements made at their class meeting on Monday evening, the Juniors toured over to RollerDrome at Culver City last Thursday and spent the evening skating; that is, sixteen of them did.

The crowd met at Founders Hall at 6:45 and reached the skating rink at about 8 o'clock.

It would be impossible to tell all the "ups and downs" encountered at the rink, but there were certainly plenty of them—ask Bessey. They just put pep in the party, however, and every Junior was loathe to leave the floor when the strains of "The End of a Perfect Day" and finally "Home, Sweet Home" came floating through the hall.

## Prof. Brandt Dum- founds Students

Space, Time and Theory of  
Relativity Explained

Last Thursday in chapel Dr. Jesse Brandt tried to give his audience some light on the subject, the velocity of light.

He proceeded by telling of the various findings of experimenters and scientists, but based the larger part of his lecture on the observations of Michaelson and Morley.

They have found that ether has three properties: it carries light; it permeates all space; and it offers no resistance to a material

### HEH! HEH! HERE'S AN AN- NOUNCEMENT

An important change has been made in the Editorial Staff of The Campus Times. Miss Ruth Bishop has taken over the duties of Associate Editor and promises to be very efficient in the remainder of the current school year. Previous to this, Miss Bishop has been working in the feature department, where she did good work. The new Associate Editor is a Junior of no mean ability.

The Editor.

body passing through it. They have also discovered that ether is stationary with respect to any body or light moving through it.

If light is going in the same direction as the earth, the velocity of light with respect to the earth ought to appear less than the velocity of light with respect to the ether.

The velocity of light is exactly

## CALENDAR

Tuesday—Men's debate, LaVerne vs. Southwestern, at Southwestern.

Plays presented by Drama class. Wednesday—Chi Delta Chi banquet, Padua Hills Theater.

Thursday—Men's debate, L. V. C. negative vs. Southwestern affirmative, at L. V. C.

Friday—Young People's conference on Religion, at C. C. C. Student Volunteer Retreat, Ice-house Canyon.

Sunday—Sunshine Quartet, Hemet Church of the Brethren, 11 a. m.

Monday—Orchestra practice.

## Debaters End Conference Season-- Win over Caltech and Whittier

LaVerne Ranks Second in Final Standings  
Due to Final Spurt

### Break Even in Dual Debate with Nazarenes

This week's forensic activities shows a clean slate of conference victories for the LaVerne varsity debate teams. This also makes the close of LaVerne's conference debating for the 1931 season.

The only mark upon the record for this week was the losing of a decision by a small margin to Pasadena College in a practice debate last Monday night, March 2, at Pasadena. LaVerne's affirmative team, Faw and Calvert, met one of their very few defeats at the hands of some fine debaters at the Pasadena school. This contest was judged by one critic judge and although the decision went to Pasadena the judge pronounced the contest as very close and commended the LaVerne debaters on their fine debate work. The same evening things went a bit better at home, and Vaniman and DeHart, debating the negative, wrung out a two to one decision from the Pasadena College debaters. This was DeHart's first contest and he showed that he is a candidate for becoming a first string debater in the future.

Tuesday evening saw LaVerne's affirmative team in action again on the LaVerne platform. This time they were pitted against the negative team from Caltech. Calvert and Faw came back to their old form in this debate and administered a two to one defeat to the gentlemen from Caltech. This contest gave the affirmative team a conference record for the season of three debates won and one lost, that being to the crack team from Redlands University.

Again on Thursday evening, March 5, the LaVerne platform was the scene of a hotly contested battle between the LaVerne negative team and the Whittier College affirmative team. Cunningham and Thomas, a new man, made up the LaVerne contestants. This debate was hotly contested from start to finish, but the LaVerne men sewed up the debate in their rebuttal time which gave them a strong victory by a three to nothing decision. This debate was Thomas's first conference debate and with his performance in this debate he has well earned his gavel. This was probably Cunningham's last intercollegiate debate, and

(Continued on Page Four)

### Win Five of Eight Confer- ence Confabs

The last argumentative words of the debate conference have been spoken and LaVerne settles down to a second place position by reason of having won five out of her eight conference contests. Up until the first of last week, LaVerne had a mid-season standing of .500, but with the two victories of this week added to their record the Leopard tongue lashers ended in a flourish which raised the standing to .625. The affirmative team garnered three out of their four decisions and the negative team two of their four. The three defeats of the season were at the hands of Redlands twice, and Caltech once. Victories were registered over Whittier and Cal-Christian, each twice, and Caltech once. Counting judges decisions, LaVerne gleaned 16 to their opponents' eight. The varsity squad was composed of Everett Calvert and Chalmer Faw on the affirmative, and Ed Cunningham, Orlin Vaniman and Harry Thomas on the negative. Of these, Calvert and Cunningham have just completed their four years of debating. Their absence next year will be keenly felt. The other three men are juniors and will be back for next year's teams. DeHart, also a junior, deserves particular mention for his good work in a non-conference debate with Pasadena College in which DeHart and Vaniman won a 2-1 decision.

## DA' QUEEN! WHO WILL SHE 'B'?

The new and unusual is being attempted. The Lambda is sponsoring a contest for basketball queen. The contest started by each class choosing an entry from their class and then the whole student body voting on these entries. After a certain time two of the entries are to be eliminated and a final election held for the queen. The voting is done by depositing money in voting jars and each cent counts one vote.

The finals are between "Frankie" Sandblom (Jun.) and Elizabeth Lehman (Frosh) this week.

## LAVERNE DOWNS RIVAL IN WILD MELEE, 43 - 30

"Five Horsemen" End Basketball  
Careers in Blaze of Glory

## SOPHS MAKE BIG SPREAD

Associated Students Get  
Big Kick out of Fri.  
Program

### Whiskaphone, Galli Curci and a Hebrew Feature Radio Broadcast

The Associated Students enjoyed a very diverting and unusually pleasant hour last Friday when the Sophomore class entertained with a radio program.

Following the presentation of the class president, Max Forney, who introduced the announcer, Homer Kreps, the curtain was lifted to disclose a stage set to represent a radio broadcasting station. The program began with "Good morning, radio listeners, this is station S O P H, coming over the L V C network, affiliated with B V D San Dimas, X Y Z Spadra Beach and W H Y Chino."

Weybright and Smith Bros. announced the time. The program was made possible by Dr. Halitosis McNoozle, who had invented a new advertising plan. He employs a vast number of skilled workmen to remove the gum from theater seats. These workmen sell it to Victor Recording Co. to be made

### TO THE STAFF!

Dear Staffs:  
There will be a meeting of every member of both the business staff and the editorial staff this coming Wednesday at 10:25. It is very important that every individual of said staffs be there, if only for the first ten (10) minutes.

Business pertaining to staff meetings, criticisms of The Campus Times, etc., will be taken up.

Don't forget—Wednesday at 10:25—in the Campus Times room.

Prompt arrival will warrant earlier departure! Thanks for coming early! Your friends,  
The Editors.

into records. This is mouth to mouth advertising.

Requests of various sorts were read and laughed at.

The first number was a duet by Don and Tom (Marvin Bolinger and Dan Stover) who had received 1777 requests. They sang "Sweet Jenny Lee," accompanied by their "ukes." The encore was "Sing Sing Girl."

More requests were read.

The second number was a read-

(Continued on Page Four)

## "Leo" on Hand to Watch Fellow Leopards Win

The "Five Horsemen" wound up the 1931 season and four years of basketball for LaVerne College severely trouncing their ancient rivals, Pomona College. The score at the end of the game was 43-30 and 43-22 when the "Five Horsemen" left the battlefield for the last time.

The greater part of the first half went not so well for the Greys. But the sharpshooting Capt. Stutzman kept LaVerne in the race. Just before the half ended, two baskets by Thomason and one by Stutzman gave LaVerne a lead of 18-12.

The first part of the second half was slow and the scoring was even. And then the Five Horsemen came loose. They passed and shot with a reckless abandon that looked like the good old days. The three from LaVerne, Stutzman, Weybright and Thomason were passing in beautifully and pulling the guards out for easy set up shots. During the last five minutes they were in the game, they scored as fast as they could carry the ball down the court. Hubbell and Nicolas were picking the ball off at their end of the court and shoving it out fast for the forwards.

The second string played the last three minutes of the game, but the game was over when the first string came out of the fray, as fast as the fans were concerned.

Coach Eisan has remarked many times during the season that if all the fellows were "hot" the same night, it would be just too bad—and it was just too bad Saturday night for the Sagehens.

Thomason was high point man with seventeen digits, but he was closely followed by Weybright, who recorded fifteen markers. Stutzman contributed ten points as his part of the evening's work.

Hadfield made seven points for Pomona, which made him high point man for his team.

Snell, the only player who has been able to break into first string ranks all season, played some nice ball when the emergency arose toward the end of the first half. This soph deserves much credit for his work in the 1931 season.

Score:

|                  |                |
|------------------|----------------|
| LaVerne 43       | Pomona 22      |
| Weybright (15) F | Hadfield (7) F |
| Stutzman (10) F  | Putnam (8) F   |
| Thomason (17) C  | Pierotti (4) F |
| Hubbell G        | Kelson (4) F   |
| Nicolas (1) G    | Hadfield (7) F |

Subs: LaVerne: Snell, Forney, Shirk, Welty, Deal, Jones. Pomona: Cross (2), Eels (1), Blanchard (2), Fisher (2), Roby (3).

### THE AIM OF THE CAMPUS TIMES

is to increase support of, and centralize our loyalties on the five leading activities of The Associated Students of LaVerne College, which are:

1. Feeling a sense of unity as one of The Associated Students.
2. Athletic activities (inter-collegiate and inter-class).
3. The Lambda and the Campus Times, our publications.
4. Forensic activities (mainly inter-collegiate).
5. Associated Student Socials and individual class life.

### WHAT ARE THE LEADING FUNCTIONS OF THE ASSOCIATED STUDENTS

Several comments and suggestions have been received by the editor since the publication of the editorial, "Let's Do Something About These Things," last week. It might be mentioned also that from two or three interviews the editor has gained some information, too.

First, item number three in last week's editorial which referred to the "usurping" of the Wednesday 10:25 period by the Choral Union will be cleared up. It has been found that a temporary arrangement for the current school year was made between the leaders of the aforementioned organization and the administration transferring faculty meetings to Wednesday noon so the Choral Union could meet during the 10:25 period. It was last year that the Wednesday 10:25 period was left vacant for glee clubs and other class committee meetings. However, the above does not say that the Choral Union is more important than any other function or functions which should meet during the period in question (and many students have been heard to remark lately to the effect that there were more important student functions which should come first and consequently should be given the Wednesday 10:25 period for their meetings next year.)

The above remarks lead the writer to the main theme of this editorial.

\* \* \*

### THE LEADING FUNCTIONS OF THE ASSOCIATED STUDENTS OF LAVERNE COLLEGE

(The ensuing discussion will not be just the editor's opinion but instead, a summary for publication of the opinions of various student leaders during several recent meetings at which the editor was present.)

Aside from the research work and studying involved with the college curriculum, there is an organization of all persons attending LaVerne known as the Associated Students of LaVerne College. This organization is the result of the desire of the students to carry on certain student functions in the most effective and efficient manner possible. To do this, it becomes necessary to distinguish the most important functions from the others and put them FIRST. It is thought that the following make up these most important functions or activities.

## Campus Chuckles

Ruth Gibbell: "Have you kept up with your studies?"

Helen Buckley: "Yes, but I haven't passed them yet."

F. Nix: "What lovely, fleecy clouds. I'd just love to be up there sitting on one of them!"

K. Brownsberger: "All right, drive the car."

Joe Roynon: "This is my favorite month. I wish it would last forever."

Dale Stutzman: "I have a note due on the first of next month, too."

Dr. Hoover: "What is the interest on a thousand dollars for one year at two per cent? Elwin, pay attention!"

Elwin Wilson: "For two per cent I ain't interested."

Cecil Brooks: "Why do you call your radio 'locomotive'?"

Bert Jones: "Because every time I get near a station it starts to whistle."

Ernie Sweihart: "I hear that they are going to read the names of the girls who pet, in chapel tomorrow."

"Tad" Davis: "Boy! Ain't that service."

Edith Coffman: "Two thousand people walked out of the Orpheum theater last night."

Alice Butner: "It must have been a bad show."

Edith C.: "The show was out."

Definition of a hug: "Energy gone to waist."

1. First, probably, come school spirit and a general feeling of unity as THE ASSOCIATED STUDENTS.

2. Athletics probably warrant second place, due to the position they hold in student life.

3. The publications of the school, which are the Lambda and The Campus Times.

4. Forensic activities such as debate, oratory and inter-collegiate dramatic contests.

5. Associated Student socials and individual class life.

Quartets carry on an important role in advertising the college; but they are not included on this list because they are largely individual and remunerative and later sponsored directly by the administration (all of which is as it should be).

Glee clubs could become one of the main activities if carried on as inter-collegiate organizations, giving programs and competing with like organizations of other colleges and universities. But we have none!

Other clubs and organizations, whether sponsored by faculty members or students, are not mentioned because the consensus of opinion among student leaders is that THE FIVE ACTIVITIES LISTED ABOVE ARE THE MOST IMPORTANT AND SHOULD HAVE PRECEDENCE OVER ALL OTHERS IN STUDENTS' LOYALTY AND SUPPORT.

Carry on these activities FIRST. Put all the effort and time necessary for their highest efficiency into them—then, and only then, should other organizations be supported. Meetings of those engaged in these activities should be given the most convenient opportunities for the participants to gather, and—making use of one of "Dad" Elliott's favorite terms—if we get our "loyalties" straight and where they belong the leaders of said leading activities will not have to compete with less important organizations.

Let's get behind the five most important activities of the Associated Students (as it is our organization) and put them FIRST. Then LaVerne College will take the place it deserves among the leading colleges and other like institutions as a real live and growing institution which all will be eager to attend.

(Hand in your suggestions for an active and practical method or methods by which we can carry out the above ideas. Even notes from frosh will be welcome. Your methods will be summarized and printed next week.)

## ATTENTION! SENIORS ON PARADE

We all know this attractive Senior. Yes, 'tis Meryle Thomason, who comes to LaVerne College from Owensmouth, California. She is a capable, charming girl and is liked by all.

Meryle is Ruth Gibbell's chum, and not her twin. In last week's issue, possibly some of you noticed Ruth Gibbell's pedigree accompanied by Meryle's photo. Someone made a mistake, that's right. But we cannot determine to which one is due an apology. You can figure that out.

Meryle is quite interested in dramatics; and last year she portrayed her role in the Junior Class play very cleverly.

Now, Meryle, we thought you would be different and not follow the Seniors' line of school teachers. Still, it is a good line, and we wish you success. Aside-line remark: 'Member, Meryle, they say men who are far away are sometimes triflers. What do you think?

Dortha Gans' home town is in Yakima, Washington. We are glad Dortha found LaVerne College on the map, as she has contributed a great deal of favorable publicity thru her oratorical ability. She is a noble character and is a true representative of LaVerne College.

She is a member of the Forensic Club, Y. W. C. A. and Choral Union. During her college career she has been president and vice president of the Student Volunteers.

Last year Dortha won first place

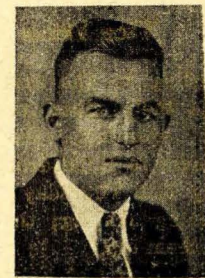

in the Women's Intercollegiate Oratorical Contest, and she also took first place in an oratorical contest sponsored by W. C. T. U.

Yes, she has ambitions to be another school teacher, at least for a year or two. Then she is expecting to attend graduate school. Don't you tell, but I have a hunch cupid will find its way to Dortha before many years pass. How about it?

Say, do you know this gentleman? 'Tis Glen Harmon, a dignified Senior, who comes to LaVerne College from Strathmore, California. He may be small in stature, but is mighty in deeds.

Glen is a member of the Y. M. C. A. and is a Student Volunteer. During his Sophomore year, he was

business manager for the Campus Times, while last year he was Commissioner of Finance. He is a dependable fellow, and a ready worker.

Next year, Glen is planning to attend Bethany Bible school in Chicago, and is studying to become a minister. We wish you luck, Glen.

Oh, yes, I know a "secret." Did you know Glen Harmon and Florence Brubaker are to be married this summer? "Meow, don't tell anybody," said the cat.

Ruth Gibbell—yes, she is a senior this year and her home town is way over in Hemet, Calif. Ruth is a happy, jolly girl and is always a good sport. Her motto may be, "Away sorrow, care will kill a cat." Who knows!

She is a member of the Chi Delta Chi, and her chief interest is dramatics. Last year she was a member of the Junior Play cast, while recently she was cast in a one-act

play, "Thursday Evening," sponsored by Chi Delta Chi, which was a huge success.

After graduation, Ruth can probably be found out on the road, scouting for a school teaching position. One consolation, "Gibb," is that you won't be alone. Certainly success will find its road to you, and happiness, too.

## My Prayer

Each day, O God, a little more kind let me be;  
Each day, less of the faults in others let me see.  
Each day, let my life cause some happiness to be,  
Each day let me take as my guide only thee.

## Cy Nical Comments

The Juniors have had another those stan' up and fah down parties. They worked all evening & never went anywhere. If some of them could have had skates all way around them, some of the hind scenes calamities would have been avoided. Oh, well, life is just one down after each up.

If a few of the poor delinquents around our halls could feel ashamed of themselves, wouldn't have to see our Prexy sweeping the halls. Of all scurvy tricks, throwing paper around is the worst. I would like to catch one of 'em at it; I'd hit him over the head so hard his strings would groan. Any student body that will cause their prexy sweep up their waste paper needs some proverbial parental wooden syrup.

Why are our coaches and the gan teacher so popular among students? I think it is because they come down to our level outside of the class room. They enjoy a side of life and understand it. Another reason is because in the class room they are our teachers. They are there strictly for business during class hours, but are companionable outside the classroom, as students appreciate such professors.

There has been a lot of talk around school about the various problems which we as a student body have. The commission of the various leaders have been getting dark under the eyes about them. Why not have some discussion in class meetings on such meetings on such questions as honor spirit, school spirit, and on? The class is the place to begin so let's start now.

Our library is too noisy, but always has been. I am not making excuses for myself, but I do think there is anything conducive to quietness in the library. Every time someone moves a chair walks it can be heard all over the place, especially if a pair of horseshoed heels are doing the walking. Every time the door shuts you hear your teeth jarred by the vibration. I think some ship's linoleum and door silencer would help tremendously.

There seems to be a lot of students in this school who think that they should never pay for what they can pay tomorrow, then tomorrow never gets here and the students realize what benefit they may derive from the bookstore? Do they think it is run a big profit making margin? I don't. Yet there are students who order books and never call for them or take books with promises to return and never pay. Remember, the store is your store, so play fair with it.

I would like to get my finger on the simple-minded ass who thinks every poster on the bulletin board is put there for his particular benefit to enable him to play his special brand of asinine stupidity. Those posters, however dumb, are put there to read, to draw hen tracks and queer fads on.

There are one or two Frosh men around this school who are terribly conceited. Yes, they are good athletes, but they haven't bumped in varsity competition yet. They think so much of themselves at present that every time their birthday rolls around they write home to their mother and congratulate her for having them. Come, come, lions. The son doesn't rise and in you.

## Y. M. to Stage Big Entertainment

### Planning 'Coming Out' Party for March 20

### Bachelor Play and Stunts to Make Up Program

Believe it or not, the Y. M. C. A. is awakening at last! For the past three years the Y. M. C. A. has made no formal public appearance. At last the organization is planning a coming out party in the form of an evening entertainment. The date selected is Friday evening, March 20. It's going to be a "wow." A real evening's entertainment full of pep, comedy, and good clean fun.

A play is to be presented and is for laughing purposes only, so if you have pyorrhea, don't come, because the play, "The Bachelors' Club," by Effie W. Merriman, is a side-splitter and a tooth loosener. The cast is composed entirely of men, and, as the title indicates, the play shows the doings of the famous "Bachelor's Club." We enter the clubroom just at the right moment as initiation is about to begin. And what an initiation it turns out to be. Especially when the eccentric doctor appears on the scene. A laugh riot is assured as a glance at the cast will indicate; in fact, the cast itself is good for several laughs without a play. Look them over:

**Bachelors:**  
Watson ..... Dale Stutzman  
Swift ..... Fred Hubbell  
Gaywood ..... Hobbs Adams  
Beach ..... Red Montgomery  
Brown ..... Max Forney  
Abbott ..... Joe Roynon  
Jones ..... Ed Cunningham  
Foster ..... Orlin Vaniman  
**Hen-pecked Husbands:**  
Pinkham ..... Ralph Fesler  
Penney ..... Jerry Deal  
Thomas ..... Dee Dellenbach  
Lewis ..... Charles Snell  
Tiptoe (the eccentric doctor)

Charles Manning  
There's plenty of laughs in that punch any day. Just think! Fesler and Dee are the hen-pecked husbands and Jerry and Snell are fast becoming that way. If you don't grin, then laugh, and then hold your sides when Chuck plays Tiptoe, you're a mummy. Needless to say, the initiation scene takes the cake, frosting and all.

In addition to this play, there is a special attraction which is in itself worth far more than the price of admission. We are going to have with us "one whom you all know," Lee Eisan himself, in person. He will read "The Cremation of Sam McGee," by Robert W. Service.

The whole show, the marvel of the year, the hit of the season, can be seen for only one small thin time, one tenth part of a dollar. Don't forget the date, 8 o'clock Friday, March 20. The Y. M. C. A. presents Coach Lee Eisan and "The Bachelor Club." Come one, come all!

## CHI DELTA CHI HOLDS IMPORTANT MEETING

### Plans Made for Banquet at Padua Hills Theater

Tuesday afternoon at 3:45 the members of Chi Delta Chi assembled for an important business meeting as the Tuesday morning breakfast had been called off. Miss Shepp called the meeting to order and then the fight was on. Words upon words, and then more words. After the fog lifted and every one was panting for breath, it was found that the results of the meeting were: first, an unreach decision in regard to pins, and a three-day play, and second, a set-

# STUDENT SOCIAL LIFE

## Faculty Notes

Mr. and Mrs. Crawford Brubaker went to Los Angeles March 3 to investigate about some graduate work which Mr. Brubaker is interested in taking.

Prof. Ralph Travis has attended several concerts recently. He attended the performance of "Our American Cousin," an opera, at the Little Theater in Padua Hills.

Prof. Hollenberg is planning to go to the Hopkins Marine Station of Stanford to assist Dr. Smith in an algae course. He is doing this work in order to secure his doctor's degree.

Miss Lenhardt entertained a group of her French students at her home on Third and B streets last Thursday. The group arrived at about 4 o'clock and enjoyed an hour of French conversation at intervals when cookies and hot chocolate did not hold the attention.

## Campus Times Staff has Meeting

### An Important Discussion on Campus Times Aims

An aim for the Campus Times was one of the main topics of discussion in the Campus Times meeting Wednesday morning. It was decided to consider an aim until next meeting.

Editor Everett Calvert reminded the staff to be sure and get the news in on time so the paper will get out when it should.

Several other less important topics were discussed.

The meeting next Wednesday morning, March 11, at 10:25, is a very important meeting. Be sure and be present!

## VOLUNTEERS ASSEMBLE IN BROWNSBERGER HOME

### Arrangements for Retreat at Icehouse Canyon Made

Carrying on the theme of the Scriptures, "I am the Way, the Truth, and the Life," the Student Volunteers had as their topic Wednesday evening "Jesus, the Truth."

The group met at the home of Mrs. Brownsberger at 7:00 p. m. This was in order to attend the pictures shown by Dr. F. M. Shirk at the Church of the Brethren at the regular hour of 8 o'clock.

Miss Geneva Suttle led the group in songs, and Miss Edna Phillips as leader of the meeting conducted devotions. A solo, "I Shall Not Pass Again This Way" was sung by Fred Brunk, accompanied at the piano by Cleo Beery.

The topic of the meeting was treated by Royal Glick, who spoke on the phase of "Truth and Freedom," and Elmo Holl, who talked on "Jesus as the Truth." The subjects were well worked out and full of inspiration. Hazel Barnhart read "A Handfull of Clay" by Henry Van Dyke, and the meeting closed with another song.

A beautiful bouquet of camellias was distributed among appreciative students by the hostess, Mrs. Brownsberger, as the meeting adjourned.

Announcement was made of the settled and definite fact that Chi Delta Chi would hold a banquet at the Padua Hills Theater Wednesday evening, March 11.

## NEWSETTES

The Freshman quartet enjoyed a pleasant evening at the home of Mr. and Mrs. Howard Greene. The members and their girl friends are Elmo Holl, Bessie Price, Robert Walker, Arnelia Brubaker, Charles Snell, Marie Tingle, Howard and Martha Greene.

Carol Aeschbacher spent the week-end working. It's too bad we're not all as ambitious as our "Frosh" class president.

LaVonne Putnam, Kay Crist and Francis Nix attended a banquet at Chaffey Thursday evening. The banquet was a big boost for Asilomar spirit. Our friend Kay gave a very interesting talk about Asilomar.

Edith Roberts, Fern Glick, Miriam Dickey, and Molly Warrington report a pleasant time at Sunday School Sunday morning.

Gladys Ikenberry and Zelda Sheller attended a formal bridge luncheon at the Lafayette Hotel in Long Beach Saturday. Gladys spent the remainder of the week-end with sorority sisters in Long Beach.

Isaac and Paul Funk spent most of their time in Pomona and Huntington Beach respectively. Three guesses why?

Ronald Bessey spent part of his time at Redondo Beach—on business.

Dayton Stutzman and George Weybright cooked dinner for Miriam Dickey and Fern Glick Wednesday night. We notice the girls are back in school, too!!!

The photographer was back on the campus last week. He "shot" a few more groups such as the Sunshine Quartet, Deputation Team, etc.

Bert Jones and Ralph Adams spent the week-end in Colton again. Of course, that's the home town, but then!

Mr. and Mrs. Dee Dellenbach visited Dee's sister in Owensmouth Sunday.

As the Y. M. C. A. retreat has been booked for the week-end of March 28-29, it is time for the fellows to begin making preparations for the trip. From all reports of men who have gone in previous years, it is an event not to be missed, for it not only affords a refreshing vacation, but it also makes for comradeship and understanding amongst the fellows.

### THE TASK MASTER

Ah, sweet misery of life, at last I've found thee.  
You make me dig and delve and bind me  
Fast to irksome toil and dreary labor.  
Still I must have thee to gain the favor  
Of those in our silly farcical social order.  
Cursed dollar, you make a bond slave of me.  
Yes, of truth, I've found your only misery,  
But still, I like to hear you jingle in my pocket.

change in date for the Student Volunteer retreat in Icehouse Canyon. It will be Friday and Saturday, March 13-14, at a cost of 75 cents per person. As many as could were urged to go and take their friends. Accommodations are good for thirty-five or forty people.

## LUMNI NOOS

Milton Brownsberger of El Monte has been engaged as life saver for the Church of the Brethren groups of older boys and younger boys and older and younger girls for the coming season.

Mrs. Hazel Perry Timmons of Covina is the proud mother of a baby boy born at the Covina hospital early last week.

Mrs. Florence Landis Glick attended a meeting of representatives of the cities of the San Gabriel Valley last week looking toward the organization of a Y. W. C. A. unit in the San Gabriel valley. Florence is much interested in this work. She is remembered as a leader in "Y" work while in school.

Lois Miller Yochem writes that there is no rest for the weary in Brawley. She is beginning work on an Easter cantata with the choir of the Methodist church to be put on in the theater in Brawley Easter evening. This is an annual event. Lois is music director of this Methodist church this year.

Miss Florence Long has announced her engagement to Orville Brooks. The wedding is to be in June. The announcement was made at the home of Mrs. Hazel Studebaker Frantz in Azusa. Miss Alberta Maust was assistant hostess. The guests were a number of alumni girls.

## Botany Students Take Trip

### Young Scientists Explore Beach near Redondo

### Algae and Other Sea Specimens Viewed in Native Habitat

Monday afternoon saw the botany class under the leadership of their instructor, Prof. Hollenberg, along the beach near Redondo. And say, the time they had in finding the place where the prof. wanted them to study algae and other botanical subjects.

Mildred Brubaker with her load of giggling girls got off the road entirely. After so long a time, Mildred arrived at Redondo, and then the fun came in trying to locate the rest of the botany class. Finally Bob Walker and his gang were overtaken. Where Bob didn't lead them can't be mentioned. Anyway, he got them there at last.

The whole group had a great time getting down the side of the hill, although this hill was more of a mountain. Prof. took a rope along for fear he might have to either pull the students up the mountain or out of the ocean.

At the ocean front great fun(?) was enjoyed by all(?) in gathering specimens. Just before the group left the beach to climb the uninviting hill, Prof. Hollenberg gave a lecture on the specimens he had procured, but many of his apt students were watching the fisherman pull out big fish and had their hearts (yes, and ears) on every place but on the subject of botany. When the top of the hill was at last reached many tired students were found sitting and marveling at all they had learned in botany. Frances Horner was unfortunate when she got back to her car to have a flat tire, so her mind turned towards fixing a flat. Soon the group were winging their way towards home, with a feeling that this was the end of a so-called perfect day.

## Choral Union to Present Cantata

### "The Seven Last Words of Christ" Production on Deck

The Choral Union at the present time is working on an Easter production, "The Seven Last Words of Christ," by DuBois. This oratorio will be presented on Good Friday evening, April 3, at the Brethren Church.

The solo parts will be carried by Gladys Ikenberry, Marvin Bolinger and Doyle Montz.

Besides a number of solo numbers, there is a large number of choruses which are very beautiful and portray vividly the crucifixion of Christ.

## FRESHMAN CLASS PLAN THEATRE PARTY

### Miss Scarisbrick to Edit Campus Times Freak Edition

A special meeting of the Frosh class was held Tuesday evening, March 2, in the Y. M. C. A. room. Plans were made for a theater party at Ontario Friday evening, March 6, to be followed by a party at the home of the class teacher, Prof. Brandt. Elizabeth Lehman was elected Frosh candidate for basket ball queen.

Another important item of business was the election of an editor and business manager of the Frosh edition of the Campus Times. Virginia Scarisbrick is to be editor-in-chief, and Ellsworth Replogle was elected business manager.

### DID YOU KNOW

1. That Vernon Heckman had to be warned not to yawn too much for fear he would throw his jaw out of place?
2. That Marvin Bolinger must have a guilty conscience? He is always afraid—for some reason—that his name will be in the paper. Here it is Marvin, and with Anna's, too.

## Pres. O. R. Jenks Talks to Students

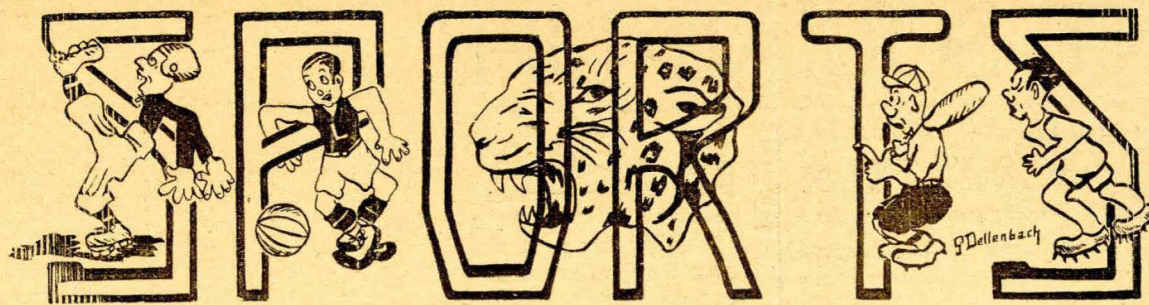

## THE THUNDERSTORMS OF LIFE

Pres. Orrin Roe Jenks of Aurora College, Aurora, Illinois, talked to the audience Tuesday morning about thunder storms, taking the theme of his thoughts from a storm which he denominated the "Thunderstorm of Life".

The main things we know about thunder storms are found in several theories, but we sometimes get that theories are useless without God to explain them.

A person is helpless in a thunderstorm; especially if it ends in a cyclone. The rain which it brings is necessary, however, for we could not get a single orange in California unless you had 6,000 inches of water on every acre.

Besides bringing necessary water, thunder storms clean up God's world and give us a clean slate on

### Conference Standings

|               | W. | L. | Pct. |
|---------------|----|----|------|
| Redlands      | 8  | 1  | .889 |
| LaVerne       | 6  | 3  | .667 |
| San Diego     | 4  | 3  | .571 |
| Occidental    | 5  | 4  | .556 |
| Whittier      | 6  | 5  | .546 |
| Pomona        | 2  | 6  | .250 |
| Caltech       | 1  | 5  | .167 |
| Santa Barbara | 0  | 3  | .000 |

### LAST WEEK'S RESULTS

LaVerne 43, Pomona 30.  
Whittier 25, San Diego 23.  
Whittier 30, San Diego 22.  
Oxy 45, Whittier 37.  
Redlands 39, Occidental 26.

### SUMMARY 1930-31

The 1929-30 basket ball season ended with Redlands in first place and LaVerne in second place. The 1930-31 season ended the same way.

During the season just closed, the teams of the Southern Conference were, on the whole, of high caliber, Redlands, LaVerne, Occidental, San Diego, and Whittier all had strong teams. Pomona College, Caltech and Santa Barbara were weak.

The Redlands team was undoubtedly the class of the conference. They won eight games and dropped one to Whittier.

LaVerne had a good team that dropped three games to finish the season in second place with six wins and three defeats.

Whittier, with a sophomore quintet, and Oxy with a fast passing outfit, were strong, and San Diego with the towering Tucker, was also dangerous, but Pomona, Caltech, and Santa Barbara were decidedly weaker.

## LA VERNE MEN PLAY IN REDLANDS OPEN

Racquet Weilders Get Some Much Needed Practice

Several LaVerne College racquet wielders went to Redlands last Saturday to the annual Southern California Y. M. C. A. tennis tournament. This tournament always brings together the best players in Southern California.

LaVerne won no spectacular events, but it gave the tennis men the practice which they need.

Paul Funk paired with Calvert and competed with Hanson and White of Fullerton J. C. Hanson and White took the match, 6-1, 6-3, without any difficulty, but this score is not so bad, as Hanson and White are considered the two most promising players in Southern California, and they were named last year's all-conference J. C. players.

Ike Funk drove himself through two matches, and in his match with Meyers of Whittier forfeited his match at 7-7. Ike and Meyers went the rounds, and from all reports it was a good match. The Redlands man played a cutting game, while Ike played a driving game.

Remember that the Advanced Dramatics class is going to give a program of three one-act plays on Tuesday evening at 8 o'clock, and most important of all—be there!

The admission is only ten cents, one dime, and the entertainment is of the highest quality; so you will get your money's worth.

## FIVE HORSEMEN END REMARKABLE RECORD AT LAVERNE

All - Conference Honors Accorded Its Members 2 Years.

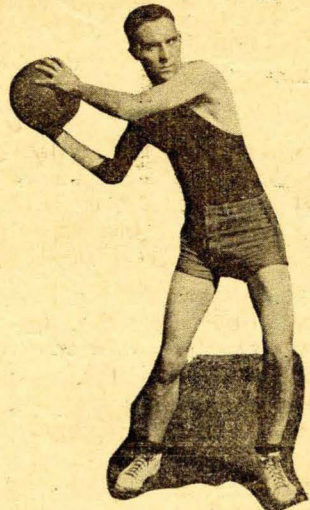

Four years ago when Coach Arnett called for the Frosh basketball candidates to report, many aspirants and five basketball players reported. The five players were Stutzman, from Inglewood High;

CAPT. DALE STUTZMAN

Weybright, from Fresno Tech; Thomason, from Bonita; Hubbell, from Pomona High, and Nicolas, from Chino. These boys started clicking from the first. They dropped two games to the Redlands Frosh and won the rest of their games to finish second in the Frosh circuit.

In their Sophomore year, the LaVerne team took third in the Conference, while Thomason and Weybright played regularly on the team. The other three fellows played a lot, but could not quite

ORVILLE THOMASON

replace such fellows as Glen Vaniman and Chet Shirk. In this year, Weybright was high scorer for the LaVerne team, averaging 17 points for conference games. He was chosen on the all-conference team.

The next year, the five fellows again played intact. They took second place in the conference, dropping only two games to Redlands. Thomason and Weybright were

ALFRED NICOLAS

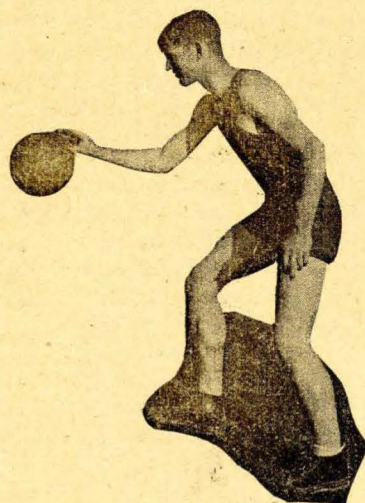

chosen on the all-conference mythical team this year.

When the boys became Seniors, they were again together and

played their old style of ball to once more finish in second place in the conference.

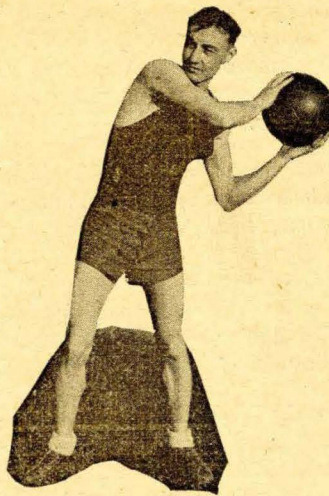

The all-conference team has not yet been chosen, but undoubtedly some of the boys will place.

It is unique that in the very beginning, two guards, two forwards, and a center should get together in such a fashion and should remain intact through four years of college life.

"RED" WEYBRIGHT

When the boys were frosh, Arnett permitted them to use their own style of play and they got along very well. Later coaches tried to introduce new styles of play, and the boys patiently tried these, and then reverted to their old type of play.

FRED HUBBELL

These fellows, the "Five Horsemen," will go down in history as one of the units that has made a great contribution to LaVerne College.

## Leopards Win Over Shell Oil Outfit

Trail at Half Time but Win 45 - 30

The LaVerne team met the Shell Oil Co team of Los Angeles in the local gym Wednesday evening and defeated them by a score of 45-30.

The Shell Oils took a lead of 12-2 at the beginning of the game, but LaVerne came back to take a comfortable lead. Weybright was high point man with 17 and Thomason had 15 points to his credit.

LaVerne (45) Shell Oil (30)  
Weybright (17) F Meriney (8)  
Stutzman (8) F Pillians (4)  
Thomason (15) C Shelton (5)  
Hubbell (3) G Thomas  
Nicolas G O'Farrell (9)

Subs: LaVerne: Snell (2), Forney, Deal, Welty, Shirk.

Shell Oil: Perch, Danielson (4) Booth.

## L.V. Co-Eds Start Off With a Bang!

Chances Good for Championship

The LaVerne Co-eds met the Pomona Business College last Wednesday evening at the Pomona "Y" gym and handed them a 56-19 defeat. The LaVerne girls have a well organized team and their team play was of a high grade.

Miss Lehman was the outstanding player on the court, as she accounted for 49 of the winners' points. Score:

| L. V. Co-eds | 56 | Po. Bus. College | 19 |
|--------------|----|------------------|----|
| Nix (7)      | F  | Noll (11)        |    |
| Dickey       | F  | Hacklander (4)   |    |
| Lehman (49)  | C  | Richards         |    |
| Landis       | C  | Storm            |    |
| Roberts      | G  | Corbett          |    |
| Glick        | G  | Bell             |    |

Subs: LaVerne: Eisan, Flory, Hollinger, Shepp, and Adams. Pomona Business College: Flarup (4).

Next Wednesday night, at Pomona Y. M. C. A. gym, the co-eds again demonstrate their ability to play the game. This is perhaps the highest jump they have taken so far this season, since the winner of this contest will very likely play for the league title. The LaVerne-ites are doped to win by a slight margin.

Coach Nicolas refuses to state a starting line-up. It is altogether probable that he may use any of the following: Nix, Eisan, M. Dickey, Kuhns or Hollinger at forward; Lehman, Landis, Flory or Adams at center; Roberts, Glick, or Shepp at guards.

## Brandt 'Einstein's' Students

(Continued from Page One)

the same whether the object moves with, against, or perpendicular to it.

When the body moves three-fourths as fast as light the foreshortening ought to be very noticeable. The appearance of foreshortening is the result of no actual physical disproportionment, but is rather due to the time element involved.

We cannot agree on a time interval if we have relative velocity. Neither can we agree on a space interval if we have relative velocity. There is only one interval which can be agreed upon and which is the same to all observers. That is the time-space interval.

## SENIOR DITCH DAY

(Continued from Page One)

Even Coach Eisan was seen sprinting about with an apron on.

And did they have a good time? Just ask any Senior who went. They all report a great time, a great place to have a great time, and a great pair of chaperones who were certainly keen sports, even to playing "Run, Sheep, Run."

## SOPHS GIVE PROGRAM

(Continued from Page One)

ing, "The Wedding," by Vernon Heckman.

Daniel Stover, at the time a very intoxicated young man, who has invented a new instrument made of whiskey bottles, played "Show Me the Way to Go Home" on his Whiskiphon.

Uncle Remus, alias Frances Nix, danced a tap dance to "Turkey in the Straw."

Galli Curci (Vera Flora) sang "Memory Lane," and as an encore, "Home-made Sunshine."

The last number was the Alma Mater, sung by the audience as a theme song, and accompanied by Dan Stover on the Whiskiphon.

The program was enjoyed by everyone, and is said to have been the best of the year. Requests have come for more similar ones.

The Sophomore class is one of the peppiest and best classes in the institution, and that is not in programme alone, but social activities.

## The Old Story

Started with a savings account.

Now a captain of industry. The secret—

scholarship, cooperativeness and well, it's just a keen class.

## Debators Win Twice

(Continued from Page One)

probably his best. Thursday night victory over Whittier gives negative a conference record of debates won and two lost. C. ningham and Vaniman drop contests to both Redlands and C. tech.

Just where LaVerne will place in the conference ratings is undecided on account of other conference debates to be held, but LaVerne will in all probability be with Whittier College for second place in the conference.
