Begin Religious Education Nov. 18th

The fall term of the Pomona Valley School of Religious Education will be held at the Pomona Y. M. C. A. beginning November 18, and the dean of the school will be R. D. Williams, according to recent announcement. Sessions will be held from 7:15 to 9:30 p. m. Each session will open with a class period, followed by an assembly period and a second class period.

Registration will open Sunday, November 17, and Prof. A. M. Honline will be the speaker. The first night of the school will be November 18, when Dr. D. Webster Kurtz of Long Beach will speak.

Teachers and their courses will be announced within the next few days, according to C. W. Way, secretary. J. M. Paige is president of the organization.

Midnight Mission Project Starts Thurs.

The Midnight Mission has been a monthly project of the Young People's Christian Workers department of the Church of the Brethren for the last two years. The first program was given by the Young People's Choir, directed by Mrs. C. P. Shaffer, in 1927.

The Midnight Mission is carried on by Bro. Tom Liddicott in the city of Los Angeles for the benefit of the "down-and-outers." Men, women and children are cared for. They are given food and lodging and small jobs until they can find employment of their own.

It is a large institution accommodating from seven hundred to a thousand men. The quarters were changed last year and the mission has been moved to a better establishment and enlarged.

Programs are given daily by different religious organizations of Southern California. They are assigned regular hours and several organizations present programs in one evening, which last till midnight.

The LaVerne group has been assigned the hours from 8 till 10 on the second Thursday of each month. The first program of this year will be given Thursday, Nov. 14. The following make up the committee in charge of the programs: Joe Cosner, Chalmer Faw, Dortha Gans, Sylvia DeHart and Glenna Betz.

The hours are better this year, and everyone who can is urged to go.

Four Famous Artists To Appear in Pomona

A very pleasing artist course for this year has been booked by the Pomona Ebell Club. The artists and dates of their programs are as follows:

Harry Lauder.....November 19
Galli-Curci.....November 29
Paderewski.....February 18
Isadora Duncan Dancers, March 12

Mrs. T. H. Williams has charge of the advance ticket sale and either season or single admission tickets for the course may be procured from her.

Vivienne Wyne went home Thursday afternoon, not returning until Monday evening.

LaVerne Survives Gala Celebration

Armistice Day was very fittingly celebrated in LaVerne Monday by a parade, a community lunch in the new park, followed by the dedication services of the park, a football game, and the splendid program prepared by the Associated Students of LaVerne College.

The parade started at 10 o'clock from the Lincoln grammar school where the 200 school children participating in it were assembled and organized by Ruth Price, an alumnus of LaVerne College. The paraders marched up D street as far as Second and disbanded in the park. There were six sections in the entire parade, and prizes were given for the costume or invention in each section which was most representative of the day and its significance—PEACE.

At 10:30 competitive races and athletic events were held for boys and girls on the athletic field.

It was estimated that from 500 to 1000 people ate lunch in the park and enjoyed the use of the new tables and the hospitality of the Chamber of Commerce, which furnished coffee, including cream and sugar.

The period following lunch was given over to the main speaker of the day, Col. Leroy Smith, of Temple, Calif. He stated that the signing of the armistice, on November 11, 1918, marked the definite introduction of a new philosophy to the nations of the world, namely, that selfishness and greed have a limit to which they may go. No place may be taken by any person or nation at the expense of another person or nation. He defined this philosophy as that of the Man of Galilee.

The master of ceremonies, Pastor Rothrock, introduced Mayor Arthur Durward, who had charge of the dedicatory services. Short talks were given by A. J. Beckner, president of the Chamber of Commerce; Bob Williams, chairman of the committee appointed by the city council to plan and develop the park, and President E. M. Studebaker who represented the people in the acceptance of the park. Two live oak trees were planted in the

LaVerne Student Tells of Characterists of Chinese People and Their Institutions

By Chester Flory
Having lived in China most of my life, I was surprised when I returned to America at the ignorance concerning the Orient and the indifference of the average American to anything that is not American or European.

Perhaps no two civilizations form a greater contrast than those of America and China. They represent two emotional extremes. "Snap into it," cries the impetuous American. "Don't hurry," says the Oriental calmly. However, Americans and Chinese have one interesting characteristic in common—each believes that his country is the most important in the world. We have another outstanding characteristic in common. Both Americans and Chinese are practical folk. The United States is notorious for its materialism. The two peoples thus have at least one

basis upon which to understand each other.

Fighting is not the only thing that is going on in China today. True, China is in a chaotic condition, but she is rapidly being "modernized." The standard of living has risen marvelously during the past few years. Schools are increasing in numbers and attendance. China is changing rapidly in an industrial way, and the time will come when she cannot be ignored as a factor in world economics, commerce and politics. With her unlimited, and as yet undeveloped natural resources of coal, iron and oil, China's ultimate development seems inevitable in this industrial world.

If it is true that China will eventually take a leading part in world affairs (and it seems that she must), we should not remain ignorant of this great race of peo-

Beloved Former Prof. Reigns Chapel Period

Dr. D. W. Kurtz delivered a masterly address on "Ideals in Education" last Tuesday during the regular chapel hour. A storm of applause as he ascended the platform evidenced the pleasure on the part of student body, faculty and visitors at again seeing an admired teacher and friend.

"The true, the good, the lovely you should learn here. You should appreciate it, and live it, and love it," were among the opening remarks. Dr. Kurtz discussed first the immediate goals of education and lastly the ultimate. Before rendering great service to the world at large one must be equipped with (1) the tools of learning, (2) an organized body of knowledge, (3) the scientific method, and (4) a passion for truth and the higher life. Then, if one is physically fit, rationally sound, socially moral, and spiritually adjusted—the four ultimate qualifications of the truly educated—he can indeed contribute to the solution of the human problem, which is after all the real business of education.

The following gleanings from the succinct and practical address given by Dr. Kurtz to his interested audience are worth anyone's thought.

Reading, as the basic tool of learning, should be mastered and appreciated as an art. The speaker has read habitually five books a week besides performing the duties of a college president and a lecturer. Dr. Brumbaugh of Juniata averaged a book every morning before breakfast. Robert Speer reads regularly 28 books and magazines a week.

Get an organized body of knowledge. Familiarize yourself with the experiences of the race. Use the facts of science, your knowledge of art and literature to live on a higher plane. Don't be the student that considers it a poor policy "to let his books interfere with his education."

A liberal education should liberalize one. It should help to motivate conduct by truth, not merely customs and habits. History, if

(Continued on Page Two)

Jr. Play Progresses

The Junior Class Play is holding the interest of the students. The cast has been well chosen and is working every evening to make this three-act comedy an entertainment which LaVerne will appreciate. It is through the fine capabilities of Mrs. Haugh to coach the play that this expectation will be realized. "Vanity" will portray many interesting, striking and humorous factors in her particular type of personality, which everyone will enjoy using.

The definite time of presentation has not yet been decided, but will be given before the Thanksgiving holidays.

English Club Holds Interesting Meeting

The English Club held its second regular meeting of the year Thursday evening, November 7th.

The meeting this week was in charge of Steward Allen and was carried out in a very interesting way. Modern motion pictures were the subject of discussion from the standpoint of the scenario itself. This topic engaged the attention of those present for some time.

The discussion was then turned to John Lawson's three-act play, "Roger Bloomer." This was dealt with in a very interesting way by Mr. Allen.

The first chapter of the story which the club has undertaken to write was presented by Catherine Crist. After its presentation, the question of who was to write the next chapter came up. It was decided that those present would draw straws to determine who should be responsible. The lot fell upon —?—?—, who will read Chapter Two at the next meeting of the organization.

Big Year Ahead For Glee Clubs

The men's and women's glee clubs are progressing very well under the direction of B. S. Haugh. The enrollment of each is about 25.

The women's glee club, with Mary Platt as president, is planning to give programs in high schools and churches in the various towns of this district. Their first program is to be in the Brethren Church of Santa Ana on November 17. They are working on a new idea this year, by having a short dramatic cantata of fifteen to twenty minutes in length. This is the "Ten Virgins." There will not be as much chorus work as before, but more quartets, duets and solos. There will also be a suitable reading.

From these indications a good variety is promised.

George Berg is president of the men's glee club, which is doing very well in its practice. It is larger than in former years, and it also is planning on giving programs at different places this season. They will doubtless present their first program in the near future. There is some very fine material in this organization, and everything points to this being one of the most successful years for the men's club.

Esther Statler was the guest of friends in the city this week-end.

FLAG ETIQUETTE WAS NOT OBSERVED YESTERDAY

There is no Federal law no win force pertaining to the manner of displaying, hanging or saluting the United States Flag or prescribing any ceremonies that should be observed in this connection. Several states of the Union have enacted laws which have more or less bearing upon the general subject, and it seems probably that many counties and municipalities have also passed ordinances concerning the matter to govern action within their own jurisdiction.

The following is an extract from the army regulations: "If it is nevertheless the desire to use the flag for decorative purposes, it should always be hung flat, whether on the outside or inside of the building, with the union to the north or east. . . . The flag should rarely be displayed in a horizontal position." In a compilation of rules governing the display of the flag, prepared by the Secretary of the Commonwealth of Massachusetts, it is stated: "If hung so the stripes are horizontal the union should be in the left upper corner."

Flag etiquette does not rest on statutory law, but on custom not yet fully crystallized. The most important thing to bear in mind is the attitude of respect or reverence for the flag. To this end another suggestion from the army regulations is important: "Under no circumstances should it be hung where it can be contaminated or soiled."

LA VERNE STUDENT TELLS OF CHINESE PEOPLE

(Continued from Page One)

is about 20 people per square mile, while China has an average population of 300 per square mile. If the whole population of the United States was crowded into the single state of Texas, and 40,000,000 more were added, the density of population would be about equal to that of the Yangtze Valley. China's total population is estimated at over 400,000,000.

The origin of the Chinese race is unknown, nor can any definite date be set as the beginning of the Chinese Empire. We only know that the Chinese people had attained a comparatively high standard of civilization before any other peoples even began the process of civilization. They have preserved their identity as a race and as an organized nation for three thousand years at the least. This is a magnificent record. Compared to this record of national longevity the much lauded Roman Empire was a mere child.

Americans pride themselves on their democratic institutions and efficient methods of government. In 1883 a "civil service" system was worked out in the United States, and we are very proud of it. But a thousand years ago China had a well established civil service system. All aspirants for office had to pass the civil service examinations before they could realize their ambitions. Thus China was ruled by an intellectual aristocracy. This civil service system was largely, perhaps, responsible for the longevity of the empire.

Art and literature of the Chinese compare very favorably with that of the Occident. Their architectural design is very unique and to my mind the highest types, as exemplified in the Temple of Heaven and the other great Chinese works of art, have unsurpassed beauty and are wonderfully inspiring. To many modern thinkers, the highest Chinese ethics compare very favorably with the ethics of other modern countries.

During my life and travels in China I have seen and been with Chinese people under many different conditions, and the quality about them which has impressed me most is their extreme patience. There seems to be no limit to their

Volunteers Select Two Play Casts

Monday evening, November 4th, Student Volunteers held try-outs for the two plays they are to present this year. The plays to be given are "Robert and Mary" and "The Heroine of Ava." Both portray the lives of missionaries, and are very impressive as well as enjoyable. The casts are as follows:

The Heroine of Ava

The Governor of Ava, Zola DuBois
The Governor's Wife, Mary Hollinger.
Mrs. Judson.....Evelyn Deardorff
The Princess.....Bernice Conley
The Pakan Woon.....Chester Flory
Wife of Bandula.....Lucille Hylton
Moung Ing.....Chalmer Faw
Lalla.....Arnelia Brubaker
Mui Lane.....Harriet Hoke
Nyaung.....Harry Thomas
Ladies in waiting—To be selected later.

Robert and Mary

Robert Moffat.....Charles Snell
James Smith.....Dwight DuBois
Mrs. Smith.....Grace Brubaker
Mary Smith.....Mary Platt
Jane.....Florence Brubaker
Margaret.....Anita Bowman
Phyllis.....Gwendolyn Ardinger
Isobel.....Geneva Suttle
Mynhur Vanderwicker, Glenn Harmon
Fran.....Glenna Betz
Katrina.....Virginia Stern
Juliana.....Marie Tingle

Marie Tingle is also general manager. The plays will be given in the churches of Southern California to help make money for the mission project taken up by the group.

calm acceptance of life as it is, and of their endurance of hardships which would, to an American, seem overwhelming.

With their patience, temperance and industry, combined with a high degree of intelligence, it seems entirely possible to an unprejudiced observer that the Chinese turtle will eventually outrun the Occidental hare.

Big S. V. Conference Convenes at Whittier

At Whittier College November 22 to 24 is to be held the semi-annual conference of the United Student Volunteers of Southern California. A banquet on Friday evening begins the program. Inspirational speeches and good fellowship are other worth-while experiences that those present will enjoy. All LaVerne students are welcome. Further details will appear in the next issue.

Methodist Pastor, S. J. Rogers Speaks

Thursday morning's chapel was featured by an address by Rev. S. J. Rogers, pastor of the Methodist Episcopal church.

Dean Hoover made a few announcements, after which the Sunshine Quartette sang two numbers: "One Fleeting Hour" and "Neapolitan Nights."

Rev. Rogers gave an inspiring address, exhorting the students to have high ideals and a great purpose in life. He explained that very few find an easy place in life and therefore they should not look for one. Young people ought not to pray for a life of ease, but for strong shoulders to bear heavy burdens. Rev. Rogers gave, among other examples, Florence Nightingale as one who chose the path of service instead of the path of ease and comfort. In conclusion the speaker urged the students to go in the direction of usefulness and do something worth while, for the world is waiting to give a large place to those who deserve it.

FORMER PASTOR REIGNS AT CHAPEL PERIOD

(Continued from Page One)
studied by the scientific method, by a mind keen to the great moral movements of time, becomes rich and fascinating.

Every great person became great because of his passion for his particular pursuit. Edison spent 36 hours without food or rest while working on the Mazda lamp. The average man uses only 11 per cent of his energy instead of the possible 100 per cent by which wonders could be wrought.

Our United States is a great nation, but the endurance of our civilization rests upon the question of how much morality we have, not how many automobiles, nor other mere things. Pessimism is characteristic of a material age, for man's soul is starved for spiritual food. New prophets are needed to lead men thru the maze of materialism to the goal of life. The youth of today are the creators and builders of a new civilization that must be better than the past.

Elizabeth Masterson was the week-end guest of Mary Platt at the latter's home in Hemet.

Class Hoop Teams To Play Next Week

The local basketball emporium which has been used for social functions during the last couple of months, will be used for a different sort of entertainment beginning next week for cage practice and intra-mural games will be held next week. The class games will be held about the middle of the week if there aren't too many football injuries.

As to dpe on these games, the juniors have a decided edge, but don't kid yourself into thinking they won't have a fight when they meet the sophs. The seniors and frosh are expected to fight it out for the cellar berth.

Friday afternoon a number of students saw Al Jolson in "Say It With Songs" at Pomona. Mary Platt, Marie Tingle, Ellen Edmister, Lloyd Cunningham, Sylvia and Vena DeHart, Mrs. Daugherty and May Chronister were in the party.

The botany class is enjoying an excursion to Mt. Baldy today (Tuesday).

STUDENT SOCIAL LIFE

Personals

Miss Esther Dickey and Glenn Vaniman were guests of Mr. and Mrs. Paul Harris Moore over Armistice Day. They drove up Saturday, returning to LaVerne Monday evening. Mrs. Moore is a graduate of LaVerne College and the daughter of Dr. J. P. Dickey.

Wilma Long, Ralph Fesler and Mr. and Mrs. Fesler of Covina went to see Richard Bartholmess in "The Young Nowhere's" Monday eve.

Miss Martha Baer spent Sunday afternoon as a guest of her brothers in Upland. Her brothers are attending Chaffey Junior College. She was a dinner guest of Miss Velma Noll in Pomona.

Camilo Amplayo and his brother went to Los Angeles and spent the week-end with friends.

Mary Platt, Elizabeth Master-son, Marie Tingle, Charles Fisher, Alexander Mallides and Don Stern spent Monday in Long Beach.

Miss Viola Smith entertained Monday evening after attending the program at the college, a group of friends. Included were Margaret Price, Aileen Rothrock, Kay Crist, Harry Blickenstaff, Lolly Brownsberger, Bob Welty and June Collison.

Mr. Ronald Besey refereed the football game at Chino Armistice Day.

Ellen Edmister had charge of the first grade at Lincoln school last Friday while Miss Boly enjoyed a visiting day in Los Angeles.

Dortha Gans, Ellen Edmister, Harry Thomas and Lloyd Cunningham enjoyed a day's outing above Camp Baldy Saturday.

Lloyd Cunningham of '29 arrived Friday for a week's visit in LaVerne. He is working at his home near Oakley, California, this winter.

Deputation Teams Completely Organized

In a recent issue of this paper, the members of the two deputation teams were announced and some of their plans were mentioned. Since then some changes have been made and the speakers have been added. Also the themes for the programs have been selected and the plays chosen.

"Living Water" is the play to be used by both teams and the northern team is using the same title as the theme of its program. The southern team will use the key, "Dispelling Darkness" to unlock the treasures of its program. Under this title will be discussed how education serves as a means of dispelling darkness and the place of LaVerne College in such a program.

The team going to Northern California consists of Lois Rupert, soprano; May Chronister, alto; Marvin Bolinger, tenor; Edgar Click, bass, and Hazel Rothrock, speaker.

The Arizona team consists of Pearl Niswander, soprano; Neva Snell, alto; Albert Gnagy, tenor, Everett Calvert, bass, and Paul Daugherty, speaker.

Women's Debate Teams Chosen

With good strong debate teams, the intercollegiate women's debates will prove an interesting phase of college life this year. The question for debate will be one well worth the attention and consideration of the colleges and universities of this country. It is, "Resolved, That social fraternities and sororities in American colleges and universities are undesirable." This is a question on which LaVerne College has always upheld the affirmative, but the wisdom of this attitude has been questioned by some students and by other colleges, so the debate will be a timely one.

After try-outs, those chosen to represent LaVerne are Neva Snell, Lucille Hylton, Arnelia Brubaker and Virginia Stern. It is hoped that students will show their interest in this work by attending as many of the debates as possible this year.

Sophomores Will Entertain Friday

Because the San Diego game took away a large number of sophomore men, the sophomore class postponed its student program from Friday, Nov. 8, to the following Friday, Nov. 15.

The meeting last week of the Associated Students became a rally for the San Diego game. Whole-hearted songs and cheers sped the squad on its way, and a new pep song was practiced by the students.

Among the announcements were those concerning Armistice Day, of which the most interesting was the game to be played between the Leopard Kittens and Bonita high school on Nov. 11, on the LaVerne field.

Harriet Hoke went to Los Angeles Friday and was the overnight guest of Bernice Conley at her home in Huntington Park.

Frances Sandbloom spent the week-end at her home in Los Angeles.

Opal Kuns spent the week-end at her home.

Margaret Hendricks has gone to live in the Hollander home, which is a mile and a half southwest of San Dimas, and reports that she is enjoying her work there very much.

Alumni

Ernest Landis, Glenn Kreps, Ruth Price and Aileen Rothrock were among the alumni who witnessed the LaVerne-San Diego game Saturday.

Baryl Harper assisted with Huntington Beach Armistice Day festivities Monday.

Miss Ruth Price engineered the school children's division of the Armistice Day parade Monday.

Ernest Carl is working on a Mexican sociology project in connection with his graduate work at Pomona College.

Miss Gladys Larimer and Miss Edith Miller of Azusa spent the week-end in LaVerne.

J. M. Roynon's Lincoln school indoor baseball team won another interesting game before a large crowd of spectators last week when his boys won in an 8 to 7 score over Central school. As a reward of their good work, Coach Roynon took his team to the Bonita-Colton football game Friday afternoon. Roynon's boys have another team or two to defeat yet before they will be proclaimed champions of the league.

John Price's varsity team of Bonita high won the tri-league championship when his boys defeated Colton in a 13 to 6 score Friday afternoon. This was an exciting game, witnessed by a throng of people.

Mrs. Lucile Beckner Root of Glendale sang a solo in the church of the Brethren Sunday evening.

Miss Genevieve Page was called to her home near Porterville Friday morning because of the illness of her grandmother. She went with Dr. and Mrs. C. P. Shaffer of Cucamonga, who have a ranch in that vicinity. Her sister, Dorothy, accompanied her.

Mr. and Mrs. Merle Butterbaugh of San Marino spent the week-end in LaVerne.

Mr. and Mrs. D. L. Whisler and five children of McFarland were recent visitors of her parents, Mr. and Mrs. W. H. Neher.

Miss Velma Noll, a graduate of the college, was a LaVerne visitor Sunday. Miss Noll is teaching at Strathmore and motored down to spend the week-end at her home in Pomona.

Miss Nellie Hylton of Strathmore, who is an alumna of LaVerne, and Miss Lucille Hylton were week-end guests of relatives in Hollywood and Beverly Hills.

The Reverend and Mrs. C. F. Rupel and their daughter, Martha, an alumnus of Manchester College, were visitors at college last Tuesday. Formerly from Washington, they are now making their home in Pasadena. Mr. and Mrs. Rupel are the parents of Paul Rupel who with his wife sails for the African mission field November 23 from New York City.

Miss Mildred Smith visited Inyo during the week-end and reports a pleasant desert trip.

Miss Lenhardt, Mrs. Porter and Ruby Saylor were dinner guests at the Throne home Wednesday evening.

Margaret Hendricks is moving from the Calvert home to work for her board and room in a home southwest of San Dimas. She will ride to school each morning with Florence Snider.

SOPHOMORE BASKET BALL TEAM

The girls of the class of '32 are showing their pep and class spirit by organizing themselves into a basket ball team and challenging the other classes to matches. So far the junior girls are the only ones to respond. In the near future an interesting battle will take place between these two teams in the gym.

Ruth Gregory has been chosen captain of the soph squad. She plays guard on the team. Those who will help her win all games are Frances Bishop and Daisy Johnson, forwards; Edith Roberts, guard; Louise Griset, jumping center; Francis Sandblom, running center, and Mildred Smith, Florence Snider, Esther Thomason, Grace Brubaker, Miriam Murray and Mary Throne, subs.

KITTENS LOSE TO BONITA IN ARMISTICE DAY GAME

On Armistice Day, LaVerne citizens witnessed probably the most exciting local football game of the year thus far.

With the exception of whipping the frosh and beginning the game with the second team line, Bonita was somewhat depressed when our Kittens carried the ball over the line during the second quarter of the game. The Frosh, after having blocked a Bonita punt, marched steadily down the field against Bonita's first line-up, who were sent in soon after the opening of the game. Heckman was unsuccessful in converting the touchdown.

The Kittens completed numerous passes, making yardage time and again. The whistle blew when they were within but five yards of the goal line, ending the first half.

The second half was more closely fought, with the ball zigzagging back and forth near the center of the field. At least five of Bonita's punts were blocked and Bonita completed but two passes during the entire game.

The exciting part of the game came with but one minute to play. Both Shirk and Forney having been substituted, the Kitten team was weakened and were unable to hold Bonita's end runs, which carried the ball across the line. Bonita's conversion was successful.

Bonita kicked off yet again, and the Kittens executed two more plays before the game finally ended.

Bonita made three first downs. The Frosh made over twelve. Bonita completed two passes. The Frosh completed over ten. Bonita made two large substitutions, seven and then nine, simultaneously. All but three Frosh played the entire game. Two Bonita boys played the entire game. And lastly, seven plays were executed during the last minute of play including the kick-off. The line-up:

C., Rothrock; R.G., O'Hanesian; R.T., Stover; R.E., Decker; L.G., Snell; L.T., Forney; L.E., Heckman; R.H., Moreley; L.H., Eshelman; Q., Howell; F., Shirk.

Substitutions: Ebersole for Shirk; Stern for O'Hanesian; Brick for Forney.

CONFERENCE NOTES

In the feature conference game of the week, Occidental ran wild and defeated the Whittier outfit by a 28-0 score. This makes Oxy the favorites in the big game with Pomona on November 23. The showing made against the Quakers was an upset as pre-game dope figured a hard-fought tussle. However, the nemesis of the Tigers will have to be played next Saturday in the Rose Bowl. That is Cal-Tech. Last year the Beavers ruined a perfect conference record for the Eagle Rock team by winning 13-6. An upset of some type may occur again but it seems unlikely from past records of the Engineers who have been beaten by Whittier and Pomona.

Pomona pulled an upset last Saturday by taking the hitherto undefeated and untied University of Arizona team into camp by a 15 to 12 count. Earlier in the season the Arizona squad defeated Oxy 16-7. Next Saturday the Sageshens take on the San Diego outfit at San Diego.

In the other conference games last week Cal-Tech beat Redlands 13-0; and San Diego crushed LaVerne, 34-0.

San Diego Takes Saturday's Tilt

The Red Devils of San Diego College lived up to their name last Saturday and with a varied type of play completely baffled the Leopard Varsity throughout the game, scoring a victory of 34 to 0. The game was played on the Navy turf at San Diego.

The Aztecs made their initial tally early in the first quarter after recovering a fumble on the Leopard 42-yard line. The next two plays netted the State outfit 25 yards and in three more downs put the pigskin on the LaVerne 2-yard line. Belmont made the touchdown on a plunge thru tackle.

The Aztecs threatened to score again in the initial period but a pass grounded over the goal line kept the locals out of danger as Hubbell on the next play, behind the best interference the Leopards have shown this year, made fifteen yards. The LaVerne outfit lost the ball on their own 43 yard line and held the Red Devils for downs. Thomason and Hubbell carried the ball to the fifty, where a fumble gave the Aztecs the ball, who put the ball on the LaVerne 20-yard line in a few plays, and were held. Calvert was back to kick on his own 10-yard line and a bad pass from center gave San Diego a safety, making the score 8-0. Calvert's boot from the 20-yard line was run back to the twenty before Hubbell downed the San iDeGo ball carriers. In three plays Belmont scored. The kick was wide. Another Aztec threat to score came when Weybright's kick from his own 14-yard line was returned to the 18-yard stripe, but a pass over the goal line ended that threat.

The half ended with the Aztecs in possession of the ball on their own 41-yard line. The score was San Diego 14, LaVerne 0.

The Leopards went into the last half of the game with a badly crippled outfit. The Staters put over three more touchdowns. LaVerne took the kick-off and returned the ball to the 20-yard strip. A pass in this dangerous territory was intercepted by the San Diego center and in three plays Art Wilson made another six points. The kick was good. In another couple of minutes the Aztecs again scored after Weybright punted to the 50-yard line and a long pass from Art Wilson to his brother, Jack, netted another score. The final touchdown came after receiving a punt on the LaVerne 45-yard line and consistent drives down the field enabled Art Wilson again to carry the ball across, making the score 34 to 0. The game ended with the Leopards in possession of the ball on their own 15-yard line.

LaVerne showed some flashes of good offense at times, but the inability to stop the terrific drives of the Aztecs caused them no end of trouble. The Leopards made several fair gains behind the best interference they have shown this year. Hubbell and Thomason made most of the yardage with Weybright doing some good blocking. Captain Root received a bad leg injury early in the game and was not able to enter the fray again. Weddle played an excellent game on the line.

The line-ups:

San iDeGo		LaVerne
Gregory	LE	Calvert
W. Peterson	LT	Funk
Murdock	LG	Roynon
Robinson	C	Montz
Ault (C)	RG	Nicolas
Kelly	RT	Weddle
Hansen	RE	Deal

STUDENT VOLUNTEERS

(Continued from Page One)

glimpse into Chinese home and school life in the northern province of China, given by Chester Flory, who spent twelve years there with his parents, having attended an English boarding school for several years. He said that the ordinary youth of China has very little to break the monotony of a dull life. The main event largely anticipated by Chinese children is the Chinese New Year, which brings them a great deal of fun as they accompany the dragon thru the streets to chase away the devils. Marriages and funerals are accompanied by several days of feasting and these are enjoyed by the children.

The sportsmanship of the Chinese school boys, with whom his school played in athletic contests, is admirable, in Mr. Flory's estimation. They are jolly, fun-loving, and slow to anger. Favorite sports are soccer football and basket ball. They excell in the latter.

Dr. Emmert told briefly of the child life in Africa under the heathen conditions existing there in contrast to those who have been reached by missionary efforts.

A girls' quartet composed of Sylvia DeHart, Pearl Niswander, Vena DeHart, Pearl Niswander, ton gave a musical number.

Practically everyone in the volunteer group is busy on one of the plays or on Deputation work. A number are planning to attend the Southern California Volunteer Conference at Whittier November 22 to 24.

ARMISTICE DAY

(Continued from Page One)

northwest corner of the park by the American Legion as memorials in honor of Forrest Chappell and Donald Gaston, LaVerne boys who were killed "over there."

The mighty shouts that rose from the bleachers were evidence that the game was attended with just as much zest and enthusiasm as the other events of the day had been.

Although the auditorium was not filled to its capacity, there was a good sized crowd, considering the continual activities which had preceded the program, which everyone seemed to enjoy in spite of such a full day.

The new park is of special interest to LaVerne College students; to the older students particularly, because it was the old campus of the first college building of Lordsburg days, and holds many coveted memories for them; but to the newer students, because of its being a great asset to the appearance of the new college and because it may help to afford them many pleasurable hours.

WHITTIER-LA VERNE GAME SATURDAY

In the final game of the year the Leopards meet the potent Poets at Whittier next Saturday. It is doubtful whether the Leopards will be able to show the Quakers much of a game as they outweigh LaVerne over twenty pounds to the man. Whittier has one of the best lines in the conference and quite adept at line plunging and off-tackle slashes. Whittier has lost to Pomona and Oxy and has beaten San Diego and Cal-Tech.
