Walnut Lane School.

Sept. 28, 1891,

Dear Mother, -

The package Mac-

gave out came Saturday
evening and I am very
glad to get my book-
and the mirrors. I

did not write home
yesterday because Saturday
and Sunday are the
only days that you can
write to your friends -
as I write to Gail

Capt and Mary Louisa,
if I had written the
letter would not have

you until this morning
and would have been
my date by the time
I reached you. I am
writing this in the school
room. I hope to have
some work in the near
future this morning
I have been to the gym-
my classes - Latin
Greek History Arithmetic
and French. My seat
at the table is next
to the French teacher
and she has been tell-
ing me the manner
of the different things

in the table. The corner
next Mary Anne seat
me as to long and
I think I shall write
to her about it. Three
of the girls went into
Chapel. To spend Sunday.
The girls are all ready
to go into the city on
Saturday next about the
of Clara Browning's
The girl I have been
working with since
it started is going
down on the boat
floor. She is not my

style. We did not
have any disagreements
but her father wishes
her to have a room on
the second floor.

It is time
for dinner so will
close. Love to all

Your affe daughter
Georgia
