Dear Mother:-

Well, I am down

in my own room again.

Mrs. Richards had it
thoroughly cleaned and I
could sit both my nice.

Doctor Darn has been

here and he says it will

be alright for me to go

to school next week. Every-

thing is so pretty around here

that I thought I would rather

stay until June.

Mrs. Darn is

going back to the hospital

this afternoon. She thinks

I will walk enough to get

along with out her assistance.

Dear A. West Wells

May 12, 1892

Do not think that I shall
try to do much as I intend
to study very little. Mrs.
Richards said she would
rather have me stay but
that is not the reason I
remain. I thought I had
stayed here during the
gray weather but I
might as well stay when
the weather is so pleasant.
Margaret's letter came
this morning and if
I can time to feel well
I shall stay until June
unless some thing happens
to prevent.

My eyes are no longer
as they were before & make
sight I can not to see
stand in the gas light
for a week. I told J.

and if that began to feel uncomfortable
I should stop moving them.
Please do not worry about me
because I shall come home if I
do not keep well.

With love to all

Your loving daughter
Mary
