Dear Father, -

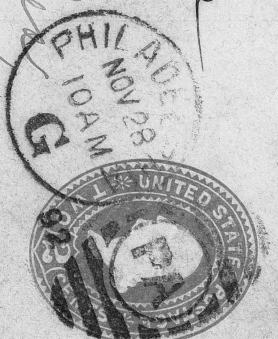

As Mother will
not be at home, this
week I shall write my
usual letter to you. It
I find time I will send
a short note to the St. Louis.

Yesterday morning we
went to hear Dr. Woodhams
and enjoyed the service so
much that we went again
in the morning.

of the first principal of

for dinner yesterday. She
lives here since Gymnastion.

Some of the girls came
back from their vacation
last evening and the
remainder will come
this morning. We are,
that stayed at H. A. S.

for their program have
become accustomed to a
fun and cheerful the
thought of so many. We
would be willing to have the
vacation again although we
stayed here all the time.

I received a long letter
from Clara Pundagris who
is in Switzerland now.

The letter was written
at the Hotel de la Couronne
Paris. She did not
mention any Gladstone's
name so do not know
if they is with them.

It is raining quite
hard but "rain" before"
soon clear before eleven.

Our reports are made
out Thursday. I do not

expect an average of 98%
if I get 96% I will consider
myself fortunate.

Must get ready for
weekend.

Love to all
your affectionate daughter
Georgia Miller.
