Dear Terry Lee

Thank you for your letter and for the information on your family. If my records and computing are correct I am second cousin to Lillian Clark Ivy. So I am rather closely connected to your husband and to your family.

Recently, we had a Clark Reunion in Howard County, Maryland. I enclose an account of this gathering because your mother-in-law would probably recognize well known names of the Maryland Establishment who are connected to us all. You might also want this record if you are interested in family genealogy?

I am Assistant Headmaster at St. Paul's School for Boys, Brooklandville, Maryland (610 students in 13 grades). I'll reach retirement age in another year, but hope to stay on as Head

of the History Department. I married Helen Gambrell and we have Michael Dorsey Clark, Ph.D. at T.S.U. in New Orleans. He married a New Orleans girl and they have little Thomas Dorsey C 2 years. Our other child is Judith Montgomery C., who was graduated from Elmhurst College, New York, this past June.

My interests are sports (the colts, tennis); the Society of Colonial Wars; the S.A.R.; the Howard County Historic Society, the Navy (I had 25 years active and reserve duty), family genealogy and St. Paul's School. So I'm master of nothing, but widely spread.

I'm sure that all of these items bring you up to date more than sufficiently. I hope we all do meet; and I'm glad to correspond at any time.

My best regards to you all.
