Jan 25/32

Dear Mr. Pittassi, Well I had Every-  
thing set to put in the windows  
today. Had three men to lay off  
any other work & work for me  
Mon. Tues & Wed. & get my windows  
in. They came this morning  
early. Good weather & all & when  
we opened the big box not one of  
the connecting iron rods was  
there. We can not put the windows  
in with out them, the bar between  
each section. You forgot to send  
them: Why some one in your shop  
has not discovered them & sent  
them I don't know. Now must  
take a chance on bad weather etc &  
probably pay these men for the  
these two days which I promised  
them this work & told them to accept  
no other job for these days.

I am right upset about it be-  
cause if there is one thing that  
I can not stand is unreliability  
& down right carelessness. & Some  
one in your shop is too careless  
to be there. I do not mean yourself  
of course, but you left this packing  
to some one else & he failed to put  
in the iron bars. It will perhaps  
cost me dollars for this carelessness

Also Mr. Pitarsi please send  
me your bill for the two windows  
as I said I am not handing any  
money in this but the attorney will  
receive your bill after I verify it  
& send you the check

Send me a bill for 2 windows  
Each \$400 = \$800 I will pay the freight. I  
will let you know what extra I must  
pay for this delay of the bars, telegraphing  
& express etc, but please send the bars.  
Yours & Jerome Firm
