Mr. A. L. Pitassi,
Pittsburgh, Pa.

Dear Sir:

Enclosed please find express receipt for sash shipped you, prepaid. Please do not pay anything on this and return here with you are through with it.

I want to be sure that you understand the sketch of the thirteen windows thoroughly, and that there will be enough of the glass outside of you work to go in the groove cut in the concrete about 3/4".

If this is not clear to you, please advise.

Very truly yours,

J. F. Gallivan
