Dear Father Flynn,
I have your two letters at hand.
I have been ill and I did not
have a chance to give you an early
answer. According to Father Michael
this job was in a hurry and as
things stand now it will be three
or four months before I could com-
plete it after I get all necessary
data. The reason for this is that
~~my men are leaving for Toledo, Ohio~~
~~in the Cathedral~~
where they are to install three large
Cherub Windows ^{in the Cathedral} and it will be
a month before they will return.
Of course I should also like to take
up with you the question of payment
and I should like to cooperate with

you all I can.
When I submitted my prices I did so with the knowledge that they were to be most reasonable and also that the work would be carried out at once. With my former experience on this type of work I expect to earn very little on it but as Father Michael has favored me in times past so I am willing to do all I can for him. My cash outlay in carrying out this glass will be close to the total submitted, so that in fairness to myself the payment should be met ~~with the progress of the~~ as the work progresses in the following manner - One fourth or \$1046 when all drawings are ready for execution. ~~One the same amount~~ ~~when all ~~the~~ fourth~~ one fourth when all glass is cut one fourth when work is ready for shipping and the remaining fourth ^{within} 30 days after the work is in place

I do not know if these terms will suit you. If they do not we will have to arrange some other way probably partitioning the work as you can pay for it in which case the question of setting would have to be reconsidered.

At any rate let me know what you think about the suggestion and we will ~~best~~ come to some understanding eventually.

I will send a copy of this to Father Michael and see what can be done about uses and subjects for the different emblems. With best wishes I am

Sincerely Yours
A. L. Pittam
