

Saint Benedict's Rectory

2612 Wilkens Avenue

Baltimore, Md.

Nov. 20/42

My Dear Mr. Pitassi:

Enclosed find check of \$600.00 on Sanctuary Windows. I have enough money on hand for two more windows on west side facing the school. So you can begin on them when you are finished with the sanctuary windows.

The symbols on the next : 1) St. Benedict lives as a hermit in a cave;
2) Temptation of St. Benedict; 3) Romanus brings him food.

1) St. Benedict is made abbot of a convent at Vicovaro; 2) the monks try to poison him; 3) Maurus saves Placidus from drowning.

I believe you have a type written explanation of these symbols. Study them and pray hard for good inspirations for designs.

We are now out of debt and if the money comes in next year we will continue with the windows for I want to pay for them as we go. We are pleased with the windows installed and I feel that you will please us with the others. If you think we should check up on measurements on the two windows let us hear from you.

With good wishes I remain
Sincerely

Father Aloysius, O.S.B.
