Dear Pitassi;

Am glad that you are feeling better. Most people have some sort of a break just after middle life and then pick up and are able to go to work for some time.

Have written to Father Edward advising him to have you do any glass he needs.

Monsieur <sup>A.K. Goyum</sup> at Mary's Church at Greenville, S.C. is inquiring about some windows for the Sisters Chapel. Have advised him to get in touch with you. You might write him reminding him that you did the Cleason Chapel and the Greenwood Chapel for him.

The Morgantown windows give a good general impression & have plenty of work on them. As to the Medallion figures you will probably give me a correct estimate when you have seen them.

You must get out of your depression! I think you need to get back back to the practice of the faith. This art glass for Catholic Churches is a spiritual work. You take joy in the art for art sake. What you need is the very great joy of spirit which may be combined to give full flavor to your work and permanent hope which eliminates the depressive feeling which makes life not worth while. Best wishes for lots of good luck.  
Michael
