

ST. GREGORY RECTORY
1634 GREGORY STREET
CHICAGO

Jan. 16/31.

Dear Mr. Pitassi:

Am sending you check on account.

Balance will be paid when you come here to see the windows. I thought I had written you about the Choir Window when I sent last check. The Window is wonderful, rich in color very ornamental in its figures, and not too dark. This last figure is very gratifying. The Chapel Windows arrived on the premises this afternoon and will be installed on Monday and Tuesday next week. Probably by Wednesday night they will be finished. Glass men are allowed to

work on four days a week and only six hours a day,
and are not supposed to do too much work in a day.

You may come anytime after Wednesday, or if you
so wish, wait until next week, but not on Tuesday
Jan. 27, as we have a sectional meeting that night
of Tuesday which I must attend, and Mr. Perry usually
spends part of the evening here when he comes. The
glass man told me they had nothing to do, so I expect they
will surely be here Monday morning. I am Yours Truly

Michael Hassen.
