Mr. A. L. Pitassi,
Pittsburgh, Pa.

Dear Mr Pitassi,

In answer to
your letter I wish to say that accordg
by your prices - figures. could not
even be considered.

Do your rear medallions
& emblems to be the same or different -
I mean do they represent the same
thing?

It will probably have to be
emblems because the person
who wants one in cannot offer any
more they told me & their donation
is \$225⁰⁰ Do this I will have

REV. JAMES J. HICKIE

would the price of installing ^{same}
or rather assume it. If you could
make them for the price of \$225⁰⁰/₂
each, I might order two at this
time & there is a possibility we
might secure another order in
the late fall for one or two.

Of course, from your letter I
understand your position & the prices
quoted. However we have only a little
over 200 in this congregation &
none of them wealthy while I would
like to keep the quality of those in the
sanctuary in all others, yet we just
cannot afford to go higher.
Please let me hear from

you, if this is the best you can
do.

I like your work + if
possible would be pleased to
have you get the work on all
the others later on.

Sincerely,

James F. Hickie
