Dear Mr. Pitassi;

Received your letter and was glad to hear that your eye-trouble is getting better. The window arrived in good condition and has been installed and everything is finished. The window is gorgeous, the colors are so deep, and the designs and figures and everything is splendid. The beauty of these colors of course will not be fully seen until the whole church has received windows.

Now, as to your coming here you may suit yourself. As far as the window is concerned the work of installation has been done. You may want to see the color effect in the church. Next week I am starting a drive for funds for more windows. I hope it will be successful.

I am

Yours truly

Michael Klasen.
