Dear Mrs Griffin

I recieved the Post Cards, the first part of the Month. Thanks for them. I would have wrote sooner. But I have a few items for the Museum & Couldn't get them ready till now.

I have wrote a little piece of paper with each to explain them. If there is any thing about them I didn't explain Please write & ask.

These things were my fathers. Henry Apitz. The William Hansen one was on the farm when we bought it in 1917. So it was my fathers too. But where Mr Hansen left it there & it was his at one time. I decided to say it was his.

I don't want anything for them here better off in a Museum.

Unless you have some more old cards you don't care for. But it is not necessary to send me anything. I hope I've made everything clear.
