

THE SQUAT

THE FOUR HORSEWOMEN OF THE APOCALYPSE

A timely poem by Gary Sternberg
May 2021

The Squad, or Squat Has brains for shit,
They are dumber then dirt but think they are "IT".
They are an embarrassment to our great land,
They are a pain in the ass, and the enema that no one can stand.

These women of color are not Red, White or Blue
Their sole agenda is to destroy my country ... me and you
The Communist and Islamic enemy is now in our camps
Our Congress has been invaded by four treasonous and disgusting tramps

They open their mouths, stupid and hate comes out,
The Squat squats so low that their head is turned about.
Their head is where their ass is supposed to start,
Whatever they say just comes out like a very loud fart.

The idiots in left media give them all the glory they crave,
Instead of the halls of Congress they belong in a DING BAT cave.
A perfect place where they can do no harm,
Would be the pigpen on a Funny Farm.

Because of these beauties, anti-Semitism is running amuck,
They are spewing hate and segregation the size of a garbage truck.
Dear ladies, go back in history and you will see,
Those who persecute the Jews (G-d's Children) are ALWAYS defeated and
vanquished into nothingness and misery.
