

Jewish Ghetto Theresienstadt

The boxed receipt marking of the Jewish self-government postal facility on the back of this German domestic parcel waybill piece, mailed June 24, 1944, differs slightly from the one on the back of the international return receipt (previous page). A September 16, 1943, acknowledgment form post card for a parcel received by a Theresienstadt ghetto inmate permitted no personal message, just a date and signature of the sender.
