

GREETINGS

from the

Tacoma Association of Club Women

To our club women throughout Washington State, and to women everywhere living in this "Satellite and Space Age"

How good it is that we are privileged to face the challenge of the times together in the knowledge that God is the same yesterday, today and tomorrow.

Best wishes for continued success in your respective clubs and communities. To those who have honored us with your presence at this convention we wish for you a happy visit while we unite in service to promote the good of human kind.

Cordially yours for
"Lifting As We Climb."

LORRAINE TILLMON, Past President

MRS. LORRAINE A. TILLMON
