Migrant Head Start enrollment goals exceeded; figures released

Sunnyside - Dora Moreno, Director of the Washington State Migrant Council's Migrant Head Start program, released today the enrollment figures for the month of May. "Already, we are at 110% of our targeted enrollment," Moreno said, "We are projected to have 1,402 children by the end of May. With another week to go, we now have the 1,542 children, and all of them are registered under the Head Start program.

"This is very good news for us, particularly because some in the news media have been overly critical when we did not meet our enrollment projections, or because children in our programs have been funded by more than one program. For three years in a row, we have faced declining enrollments. The trend is reversed and the children in our program are all funded by Migrant Head Start only."

Adds Carlos Diaz, Executive Director of the Washington State Migrant Council, "Much of the credit for the enrollment gains goes to Dora (Moreno), her support staff, the center directors, and family service workers for their outstanding recruitment and eligibility screening. They have really dug in. They are all aware of the negative press that our Migrant Head Start program has absorbed in recent months, and that has only made them more determined to keep our program on a positive track."

Moreno said her staff is working hard on new staff development initiatives, and planning on furthering their education. "We are mindful of the federal performance standards, and we are doing all we can to ensure that we provide excellent services to our families."

For more information, contact Dora Moreno at (509) 837-8909.
