CENTRAL AREA CHAMBER OF COMMERCE NEWS

BY DECHARLENE WILLIAMS

"Soar means to rise high into the sky! It is a spiritual meaning to support hope of rising to the level of God ever lasting, "END"! When I use the word soaring; this means that we are flying in that direction - like the birds fly away! These terms were called to my attention,

of words that I often use. Soar in the spiritual terms means the end as we fly from earth we fly into the sky to meet with the LORD. Soaring means that we are moving in that same direction, (towards the Lord) but, it has not happen yet! This week I am making a "Shout To Mr. Herman McKinney who has just went home. Herman was a wonderful man, He worked very hard to build community for the Seattle down group. People often wondered why I did not get mad at him for working in this area which is legally dawned to Central Chamber, that because we had two different missions, whereas his interest was for downtown my interest has been for this community. Herman and I are old friends from Portland, ans his wife Norman Jean was one of our beauty queens. I always looked up to them both - I thought they were a perfect match. Herman was known in Seattle as a Male Model, a downtown community builder. I will remember Mr. Herman for great works in sports as a football hero. Galatians 6:10 reads "to do good to all men."

Millie Russell is one of Central Chamber's board members and her health is falling, as she is also soaring which has not happen as of yet, I pray that she will live on for awhile, however we are planing a day in our page of history to encourage her for the great things that she has done for the Central Chamber, in working on our behalf in getting the Native African and Black Americans together.

Our Juneteenth Festival was based on holding hands as the Chamber's motto is "hands that touch build unity." Millie really pulled things together for us. Another thing she did was to host an event at her home for the African President who visited this state in 2007. In 2012 she Millie was awarded for her work with sister city Mombcia Africa Project, which is a project that she works through the City of Seattle. Millie, has been very committed to working with and on the African agenda. Millie has failing health and we at Central Chamber will honor her on May 9th for the work that she has done on our behalf. We will keep the community informed on details so please save the date for May 9th. You will have to pay a small fee but, I can say that it will not be a \$100.00 per person to attend. Just a small fee but, I am sure that you will not mind because, this event is planned for a great lady and a great event to help raise funds for our up coming Juneenth Festival. Matthew 5:44-45 John 11:35 Jesus wept is the shortage verse in the bible; we are not begging, bust we are saying that the Time is upon us and we must get busy supporting things that matter to us. We can not keep asking the master for help we must do it for our self "if we plan to have a now! Thanks for reading, please contact me at 206-322-8296!

Read 1st Timothy 5:10 Acts 9:39 Keep on loving and you will grow a great life!
