 **Lockheed Shipbuilding Company**

Lockheed is an equal opportunity employer m/f/h/v

Excellence. For each employee at Sundstrand Data Control, it means maintaining a personal standard of quality. And the quality shows — in our products and especially in our people. Their pride has made Sundstrand Data Control a leading aerospace company.

We are a market leader in the design, manufacture and sale of a variety of high technology components and systems for aerospace and industrial markets. This precise equipment requires skilled people to design, manufacture and maintain it. Our people, we believe, are the best at what they do. The result is the production of advanced technological equipment for aircraft, space vehicles, missiles, ships, submarines and off-shore platforms.

We are dedicated to producing high quality flight equipment for our customers. Everything from small, temperature activated switches to complex pilot warning and recording systems are designed, manufactured and tested at our Redmond facilities. These products are sold and serviced worldwide by our experts in the electronic and aerospace fields.

Our people are the finest asset we have — they are what makes us a leader in the aerospace industry.
