# Secretary Donovan Opens Black History Month at U.S. Dept. of Labor

*Secretary of Labor Raymond J. Donovan and Women's Bureau Director Lenora Cole Alexander (center), who helped launch opening ceremonies of the Labor Department's observance of Black History Month, are shown with other participants, from left, Andre C. Whisenton, director, Office of Equal Employment Opportunity and Affirmative Action Programs; Thomas C. Komarek, assistant secretary for administration and management; paul Berry, a Washington, D.C. news reporter and keynote speaker, and Pearline Carter, personnel director of the department's Bureau of Labor Statistics. This year's theme for Black History Month is "Black Enterprise: The Future is Open."*

Secretary of Labor **Raymond J. Donovan** called the new Job Training Partnership Act **(JIPA)** "a new beginning" toward solving the employment problems of groups suffering big jobless rates.

Speaking at opening ceremonies of the U.S. Labor Department's observance of **Black History Month**, Donovan said he is "proud of the Job Training Partnership Act" and noted that the act is often "misunderstood and maligned" because of its newness but deserves the chance to prove its works.

Donovan told the audience the act is designed to "train and retrain" and to put people to work in meaningful jobs in the private sector.

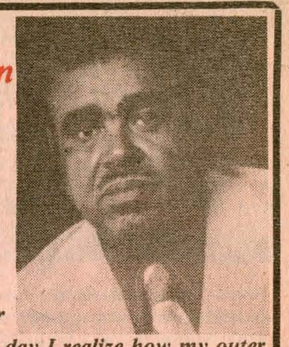

Reflecting on the department's theme, "**Black Enterprise: The Future is Open**", Donovan expressed pride in the accomplishments and success of black entrepreneurs. He said education is an important path to success.

In a keynote address, **Paul Berry**, a Washington, D.C., newscaster, said more blacks should pursue entrepreneurship because "by owning one's own business, the brunt of the economy won't be devastating."

Berry said, "Blacks should assume more economic responsibility and set goals.: He urged blacks to see themselves as part of the "economic picture."

Referring to the economy as a "train about to leave the station", Berry urged black Americans to either compete for the train conductor's job, board the train, or suffer the consequences of being left behind.

## GOOD DRIVING HABITS AND PRACTICES MAKE OUR STREETS MUCH SAFER

Everybody possessing a driver's license should not have one. Many drivers on our streets are reckless, careless, and inconsiderate of others. What has happened to mutual respect? It seems courtesy in our driving habit and practices is a thing of the past.

Many drivers refuse to yield the right of way to oncoming traffic, consequently causing fatal accidents or near accidents. How many times have you recently stopped your vehicle in order to allow pedestrians to cross the streets? According to Washington State law pedestrians always have the right of way, especially at cross walks. There are many drivers on our streets who will not acknowledge a cross walk. They are an endangerment to themselves as well as other drivers and pedestrians.

Based on information from the Washington State Motor Vehicle License Office, most auto accidents occur within a twenty five mile radius of our homes. How unfortunate, most auto accidents are merely accidents which could be avoided if drivers practice safe driving techniques. It would be no surprise to me to learn that the average driver on the streets having a license in his or her possession for a minimum of five years — have forgotten most of the basic state laws governing operation of a motor vehicle. Most people just drive, they don't care about the other guy. It is these people whose license should be revoked. No pity or mercy should be relinquished. A good driver is an alert driver.

# AWB State Contracting Seminar Set For Tri-Cities

*Schari Sayko and Rozelle Fowler, associate director and director, Inform Associates of Olympia; member of Association of Washington Business and coordinator of AWB's FEEBACK seminar on Minority and Women Business Enterprises' role in state contracting.*

The fifth in the series of FEEDBACK seminars on state contracting sponsored by the Association of Washington Business will be held at Cavanaugh's in Kennewick on Thursday, March 1. Registration begins at 8:30 a.m.; the seminar starts at 9:00 a.m. and continues unitl 4:30 p.m.

Focusing on state government as another market for the sale of goods and services, the seminar also covers the impact of last year's legislation by minority- and women-owned businesses. Participation goals for the 1983-84 state fiscal year were set at 9.1% participation by minorities and 3% by women.

Panelists include Keith Angier, director of the state Department of General Administration; Carolyn Patton, director of the Office of Minority and Women's Business Enterprise (OMWBE); Mary Prevost of the Office of Financial Management; Susan Webert of the University of Washing, and representatives of the AWB Task Force on Minority and Women's Business.

The AWB FEEDBACK seminars held in Spokane, Tukwila, Yakima and Tacoma have sparked interest among the business community in exploring a new market and learning the inside story of how the new regulations on minority and women involvement are being administered.

Spokane attendee Dorothy Spoerhase of Media Buying Service, Inc. remarked, "This was the kind of practical information I need to find some business for my company. Since I know absolutely nothing about how to get state business, I've been intimidated and confused about such a complicated process.

"Hearing that the state actually wants to do business with me and provide me with a better opportunity was encouraging. Now I know where the doors to state business are and how to start opening them."

Registration for the day-long seminar is $55 for AWB memebers and $65 for non-members, and includes lunch. Additional information and registration is available at the Tri-Cities Chamber of Commerce and from seminar coordinators INFORM Associates, P. O. Box 5247, Lacey, WA 98503, phone (206) 438-1983. Registration deadline is 48 hours prior to the seminar.

The next FEEDBACK seminar on state contracting is scheduled in Vancouver on March 8. Additional seminars are being scheduled for Olympia, Wenatchee and Northwest Washing.

### FREE LOCKS FOR AREA SENIORS

Many homes in the South Seattle area, particularly older homes, have locks which can be opened by burglars in a matter of seconds. to make your home safer, a good lock is a sound investment. There are many types of locks, but most law enforcement officials recommend the one-inch deadbolt lock. This lock has a metal bar which extends a full inch into the door jamb when it is locked. The deadbolt lock is usually used in addition to the standard key-in-the-knob lock.

Free deadbolt locks are now available to low-income senior citizens who own homes in South Seattle, as a public service from Safety Assistance from the Elderly (SAFE). Installation is provided. Before receiving locks, residents must participate in a fee home safety inspection provided by SAFE's trained senior volunteers. They check the doors, locks, and windows in the home and recommend improvements to increase security. The volunteers also assist the resident in marking valuable property as part of Seattle's Operation Identification program. To arrange for a free home safety inspection and deadbolt locks, call SAFE at 285-3110.

SAFE is a program offered in cooperation with the Lee House Senior Center, to involve trained senior volunteers in local crime prevention and home safety programs. SAFE is part of Senior Services and Centers, a United Way agency, with funding provided by SAFECDO Insurance Company. The program is endorsed by the Seattle Police and Fire Departments and Washington Crime Watch.

# NAACP CALLS VOTER RALLY

By: Mossan

**"Take Charge in '84"** is the election year theme chosen by **Lacy Steele**, Seattle Branch NAACP President. "In order to do so", **Steele** recently pronounce, "the community must not only register to vote, but we must also learn how to vote, AND how to impact local and national platforms and caucuses".

With this thought in mind, Steele has arranged for the **NAACP** February general membership meeting to focus on the election process. **Harold Phillips** will join community activist Charlie James in a presentation at that meeting on the ABC's of the electoral process. Both knowledgeable speakers are expected to address the precinct committee structure; the delegate electiion process; and how best to propose and impact partly platforms and resolutions.

In urging the entire community to attend, **Steele** somberly remarked, "The 1984 election year is one of the most crucial years to ever face the people of color, women, labors and so many others. If we don't stand up and be counted at the precint level, at conventions AND AT THE POLLS, we stand to lose for ourselves and our children the hard-fought civil rights gains we've made. The NAACP and supporters must "Take Charge in '84", he concluded, by taking care of business now."

The public is invited to attend this important meeting, to be held Monday, February 27, 1984, 8:00 P.M., at the East Cherry YWCA, 2820 East Cherry Street, Seattle. Voter registration, NAACP membership information and current committee reports will also be available at that time. Call the NAACP office at **324-6600** for additional information.

SOUTHERN AFRICA SUNDAY

On Sun., Feb. 26, all Seattle area churches have been called to take up the human rights struggle of Black people in Southern Africa, just as the Churches were in the forefront of the Civil Rights struggle in the United States.

On the last Sunday in Feb.: Donate an educational Book to the NAMIBIAN BOOK DRIVE. Namibia, formerly called Southwest Africa, is colonized by South Africa which has imposed the apartheid system — the "apart" system. All rights, wealth and resources are kept for whites, and Blacks do all the labor, have no vote, and are considered subhumans.

The people have fled to refugee camps in Angola and Zambia. There, SWAPO is providing education. They need text books to teach with and reference books for a library; history, science, etc.

The Southern Africa Support project will send the books to the United Nations where they will be shipped to Africa. Some churches have already taken a lead in the bookdrive.....Goodwill Baptist, Curry Temple, First AME, Walker Chapel, Beacon Hill Baptist.....More churches are needed to participate. On Southern Africa Sunday, Feb. 26th, books will be picked up from all participating churches. Check with your minister, or contact Maryamu at 722-3725 or Cynthia at 325-6730 if no arrangements have been made. Or drop off books at collection barrels at the following locations: CENTRAL AREA MOTIVATION PROGRAM, 722-18th Ave.; LOVE'S NEST DAYCARE, 7636 Rainier Ave. S.; S.C.C.C. Student Activ. Bldg.; U.W. Ethnic Cultural Center, 3940 Brooklyn NE; North Seattle Community Coll. Please bring a book to church for SWAPO On Feb. 26th.

## IDENTIFYING THE CHURCH

*Isiah Williams III*
*722-8627*

MADISON PARK CHURCH OF CHRIST

THE FRUIT OF THE SPIRIT

It is extremely important that we understand who is to serve and who is to be served in the church of our Lord and Saviour Jesus Christ. Jesus made this perfectely clear to His disciples in Mark chapter ten, verses forty three and forty four. And, in verse 45. He gave himself as an example. I am sure that we all understand that Christians serve God (Heb.9:14; Col.3:24), and each other in love (Gal.5:13). However, ministers, pastors, deacons and teachers are special servants set in the church by God to render special services to its members (Ephesians 4:11-16).

In order for a person to understand the fruits of the Spirit (joy at this point) that person must understand the importance of the Church in God's eternal plan of salvation. One cannot understand the importance of the Church in the plan until one understands what the Church is, or is able to identify the Church that was built by Jesus Christ.

Jesus Christ is the Foundation and support of life of the Church which is His body (I Cor.3:11: I John 5:11-12), but the Church of God (Christ: "God manifested in the flesh..." I Tim.3:16) is the pillar (support) and ground (foundation) of the truth (I Tim.3:15). The Church, not the preacher, is the pillar and ground of the truth. The preacher's part in that is that he is a member of the church, a servant of God, set in the church by God to instruct in meekness (II Tim.2:4) those who oppose themselves; to preach the word in all seasons (moods of hearers), and, to defend the truth (I aTi.4:1-4; II Tim.4:1-5; Phill.1:8). The pastor or elder is to labor (work) in the word and doctrine (teachings of Christ-apostles (Acts 2:42; I Tim.5:17) serving one another in love.

When God's word is preached in simplicity and truth as God would have it people who obey it (I Cor.15:1-5) are saved; added to the Church (Acts 2:47) become examples to others as they experience joy even in affliction (I Thess.1:6-10).

Christians rejoice when they become partakers of Christ's sufferings because they have something much greater and far better than the things of this world (I Pet.4:11-13) TO LOOK FORWARD TO. And, if suffering for the cause of Christ comes upon him or her they are thankful that God saw them worthy in Christ—JOY, the fruit of the Spsirit.

(Next week - PEACE.)

## FESTIVAL PLANNING MEETING

The purpose of this article is to bring to your attention the festival and the role you can play in the festival itself. Our goal this year is to include the entire community in every stage of the planning of the festival. We would like to take this opportunity to extend an invitation to the general public to assist in the planning of the festival. Because of the increase of interest in the festival, our meeting place will be changed from the Black Firefighters clubhouse on 23rd Avenue to the Royal Esquire Club at 1254 S. Washington Str. Meetings will be held on the 2nd and 4th Sundays of the month at 6:00 pm. We would like the community-at-large and especially the Black professional community to attend and support.

So here's your chance to help with the festival and be part of the planning. No festival can be a success without the total support of the community it represents. If you have any questions, contact Michael L. Taylor, Chairman, at (206) 772-0197.

Memories go way back with Church Editor Mae Campbell. In this picture you can see many deceased members, as well as the founder and builder of the Goodwill Baptist Church, Dr. Norman Mitchell. Sister Mae Campbell was the M.C. for the gospel choir annual day. She would like to congratulate the members of this very fine church for choosing one of the finest men of all times, Dr. Levi B. Baldwin, Jr., who is one of the world's greatest religious educators from the state of Mississippi.

On May 7, 1983, Dr. Baldwin was called as the fourth pastor of the Goodwill Missionary Baptist Church. It was then that he added to the name of Goodwill Missionary Baptist Church, "The Cathedral of Seattle".

Dr. Baldwin holds the Bachelor of Theology, the Bachelor of Arts and Master of Divinity degrees respectively. Dr. Baldwin is married to the former Etta R. Garmon of Mobile, Alabama. Mrs. Baldwin holds the Bachelor of Science and the Master of Science and specialist in education degrees. Currently she is pursueing the Doctor of PHilosphy degree in Child Development. They are the proud parents of two daughters, Melanie Angelique and Kimberly Ann.

Just checking the NBA roster for the leaders in the round ball derby and it reads like this: Dantley of Utah 30.6, Aguirre, Dallas, 30.5, Vandeweghe, Denver 28.6 and Gervin, San Antonio 27.7, the current rebound leaders are Malone, Philadelphia, Ruland, Washington, Laimbeer, Detriot, William, N.J., Sampson, Houston, and Sikma, Seattle. Larry Hagen and Morris Snowden from First State and Eastside golf clubs respectevly want to remind all golfers of the upcoming shoot-out next month at Tumwater. This annual shoot-out will again feature golfers from Seattle, Spokane, Tacoma and Portland. As the weather changes the golfers have begun to emerge from hibernation. Cleveland Brooks leads a contingent of golfers every weekend some golf course somewhere. Brooks of course has his patsies in Massie, Stallworth and Jack Alexander.

Last Sunday at Bellevue golf course, DeWayne showed up for the first time in 2 years and immediately shot a sizzling 33-36 for a total of 69. Two golfers we haven't seen this year so far is Fitz Beaver and Al Hairston. Since you asked: the most exciting basketball player I've ever seen is Dr. J. The most gifted player is Larry Bird; the best one player is Elgin Baylor; the best rebounder is Bill Russell; the most prolific scorer around the basket is Wilt Chamberlain; the fastest player is Norm Nixon; the best floor leader and point guard is Oscar Robinson; and the overall pound for pound greatest player is Larry Bird.

"SWINGING WITH THE BEST"
By: Morris Snowden

Attention Eastside members, there will be a club meeting Saturday, February 24th, at 6:30 p.m. at the Royal Esquire Club, corner of 14th and Washington St.

The meeting will be concerning the March 10th shootout in Tumwater, WA, and scheduling information of dues and fees. We urge you to attend.

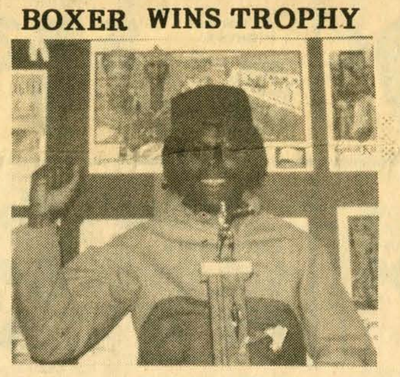

HI BOXING FANS—There was a very good fight on the tube last Sunday. JOHN MUGABI beat JAMES GREEN in a tough ten round bout, that win runs Mugabi's record now to 21-0-0. In those twenty one wins, he has scored twenty knockouts; but not this time. GREEN made him go to the distance and almost pulled off a big upset in the third round when he staggered MUGABI with a big right hand. But then, he got careless and tried too hard to put him away. To me, he never recovered enough after that hard effort to stay in the fight. I think from the Seventh round on it was all Mugabi, and he won it going away.

There was one aspect of the bout that I hope all of you fans notice. That was the difference in styles of the chief cornermen. In GREEN's corner, you had Lou Duva, one of the top managers in the country today. His style is to try and keep his boxer peaked up all through the fight. Sometimes that does not work as in this fight. Green tired too hard and flat run out of gas. In the other corner, you had Mickey Duff; one of the top men in the world in bringing the best out in a fighter. He was very cool and talked very slow and low to his boxer even when he was in trouble. At that point, the boxer could have lost control and try too hard to do what was not beneficial to him at that time. When Mugabi was hurt, you heard Mickey tell him to relax and take his time until he got his head together. One thing I will say here is that Mugabi does listen and do what he is told. This was the first time that Mugabi had gone over six rounds and by following Mickey's advice, he finished much stronger than Green, both of these men I know well, and both have more than one good boxer. But in my honest opinion, I would rather work a corner the same way as Duff. I think when the cornerman gets excited, it also excited the boxer and he tries too hard and loses his cool and becomes a boxer without a plan. This is the wrong thing to happen in the middle of a tough fight and this, in my opinion, is what happend to Green. As I have said, I know both men and they both have been very successful, so who am I to disagree with either one of them. I just like Mickey's style, that's it!

More next time....CI BON

## GARFIELD COMMUNITY CENTER BOXER WINS TROPHY

By: Harold Murphy

"He put up a good fight, but he got buckled." These are the words of Willie Davis explaining his victory of an opponent in the Lightweight Division. the victory was sweet because Willie originarily fights in his division of Featherweight, a lighter weight division than the one he claimed his victory in.

Besides the 3 round, 2-minute victory, Willie also won a trophy for the "Best fight of the night." Willie is boxing out of the Rotary Boys' Club, and is part of a boxing team called the Boxing Bulldogs. The boxing match was held at the Norway Center in downtown Seattle on February 14.

Willie Davis next match will be February 23rd in Kirkland at Finney Junior High. It is called a "Smofers Meet". Willie has tenative plans to go pro, and would appreciate any community support as he works toward his quest. Willie is active at the Garfield Community Center and is well known in the community. A young man of 20 years, his future looks promising.

## Fir State Golf News
by R. Silas, Jr.

Spring is just around the corner and the birds are beginning to sing it. Aside from the "birds and the bees" (always with us), the tension is rising among golfers. Those at driving ranges are talking of a big year - the guys that haven't ventured from the safe confines of the bed rooms (for putting - you know) are eager to break the pent-up attitude forced on them by the long wet and cold temperatures. Every one knows what happens when spring is in - especially golfers wives? However, those arrangements work out is fine, sometimes the cost can be "high" - enuff said about that!

This has been used as a lead in to look at some of the major tournaments coming up soon after spring is sprung.

TOURNAMENTS - 1984!

March - Shoot-out at Tumwater G.C. (Tee & Turf is the Host Club). May 12 & 13: The WSGA annual Phoenix play. June 29, 30 and July 1, WSGA Championship play at Carmel at the Rancho Canada G.C. July 21 & 22: The Eastside Annual (TBD). July 31, Aug. 1 & 2: Fir State's Annual play at Alderbrook G.C. on Hood Canal. Aug. 3, 4, & 5: The Leisure Hour play at Bowmans, Rippling River G.C.

****

ON THE TEE.....I am consistently perplexed and frustrated at the way the "Net Works" continue to telex the tournaments on the PGA and exclude Black and other minority contenders. It's almost as if they don't trust you to look at what you want to look at with out their help and guidance. They omit their shots - they skip over their names in conversations, even when the leader board shows the players in contention. It is just too consistent to be accidental. When there is only one Black golfer in the top (20) players on the leader board and Cal Peete is playing in a group that is being televised at the moment such as Mike Sullivan from Florida? - Why is it suddenly important that Sullivan has lost (25) pounds or that he hasn't won a tournament in (10) years? (Who is Mike Sullivan anyhow - sounds like my clothes cleaners name). I was pulling for Fred Couples in the L.A. Open but he fired and fell back - Fred is hitting the ball the best he ever has, but he has not learned how to win on the tour. (Close is only good in horse-shoes.) Calvin Peete looked like he was ready to win again in L.A., he gave it a good try but "putting" is the name of the game - nobody hits it straighter but the putts wouldn't fall!

NEXT WEEK .....The 1984 Rules changes!

## PNB BEGINS ELECTRONIC SWITCHING SYSTEM FEBRUARY 25

On the morning of February 25, residents of Central Seattle will awaken to computer-age telephone service following the conversion of Pacific Northwest Bell's East equipment office to an Electronic Switching System.

Conversion to the new equipment early that Saturday morning will cause no major service interruptions, said George Walker, PNB vice president-Washington/Idaho.

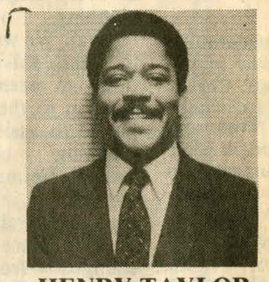

"The new system will mean fast, efficient service and modern service options which only ESS can provide," Walker said. Approximately 38,600 customers with 322, 323, 324, 325, 328, and 329 prefixes will be served by the new equipment.

Walker said the first characteristics customers will notice will be the quieter dial tone and the speed with which a call is completed. "A person calling a number in the same prefix will often find the number begins ringing as soon as the final digiet is dialed," Walker said. This is due to the computerized circuitry of the ESS. The old system depended on magnetic making and breaking of electric contacts to seek out the right lines to complete a phone call.

In addition, customers can order any of the following options: call pick-up — allows a customer to pick up incoming calls on another line by dialing a code; call forwarding: busy — forwards a call from the primary line to another line if the first line is busy; call forwarding: don't answer -automatically forwards calls when the primary line isn't answered; distinctive ringing: internal calls ring once, calls from outside ring twice.

Call waiting, call forwarding, and speed calling also are available to Centraflex customers.

The ability to direct international long distance calls will also become available to customers served by the East office. Instructions for dialing international calls are listed in the Call Guide section of the Seattle telephone directory.

Notice From U.S. District Court of

## SETTLEMENT

TO: ALL BLACK APPLICANTS FOR EMPLOYMENT AND ALL PRESENT AND FORMER BLACK EMPLOYEES OF THE

## BURLINGTON NORTHERN RAILROAD

**This notice is to inform** you that a settlement between the Burlington Northern Railroad Company (BN), and the United States Equal Employment Opportunity Commission, and counsel in a class action has been reached in a race discrimination employment practices case (1) on behalf of **black applicants for employment who were not hired** by BN, and (2) on behalf of **black present and former employees** of BN. Thirteen international unions representing BN employees are also involved in the case and the settlement. The Court has preliminarily approved the settlement consent decree, and will reach a final decision as to its fairness and adequacy after class members have had an opportunity, if they wish, to comment on or object to its terms.

**Black persons** who applied for employment to BN **or** were employed by BN at any time between March 1, 1970 and November 21, 1983, are members of the class and may be entitled to cash awards or other relief as part of the settlement.

**Cash awards** will be made to class members who file claims out of settlement funds provided by BN amounting to $10 million which will be used solely to pay those claims. Any excess remaining after those claims are paid will be used to promote the interests of black people. In addition, you may be eligible to be considered for future vacancies at the Company on a priority basis, to transfer into certain vacancies or to otherwise benefit from agreed upon changes.

**To be eligible** to share in this $10 million fund, **you must obtain and file a claim form.** Claim forms, with filing instructions, and a summary of the settlement, may be obtained by supplying in writing your name and current address by mail to:

**Lead Counsel for the Plaintiff Class**

**Paul C. Sprenger, Esquire**
**Sprenger, Olson & Shutes, P.A.**

Or, if you **call toll free 1-800-223-9001 or in New York state only (1-212-245-3151),** and supply your name and address, a claim form will be sent to you. All completed claim forms must be postmarked on or before **May 15, 1984.**

You may view a copy of the settlement consent decree itself and the full record in the case at any office of the EEOC or at the office of the Clerk of the United States District Court for the Northern District of Illinois, 219 South Dearborn Street, Chicago, Illinois 60604, file reference **In Re Burlington Northern Employment Practices Litigation,** MDL 374, 78 C 269.

The Court will hold a hearing at 9:30 a.m. on April 2, 1984, at the United States District Court for the Northern District of Illinois, 219 South Dearborn Street, Chicago, Illinois. At that time, the Court will hear comments and objections, if any, from class members regarding the consent decree. You need not be present in court to file a claim or receive money from the $10 million fund or otherwise benefit from the settlement. You will be represented there, as you have been throughout this litigation, at no cost to you by class counsel. If, however, you want to comment on or object to the settlement, you must file your comments in writing with the Clerk of the Court by March 16, 1984, and you may then appear at the hearing with an attorney of your own choice, at your own cost. You will, however, be bound by the judgment of the Court, whether or not it is favorable.

PREVENTIVE MEDICINE

As the trend in medicine moves toward preventing sickness, rather than seeking a cure for existing sickness and diseases, many are developing preventive patterns of living, i.e., change of diet, change of lifestyle, etc. However, the vast number of physicians who are encouraging their patients to adapt different patterns of living, have not been able to convince the majority of the population to adhere to this philosophy.

Preventive medicine will be the medicine of the future.

## DUPLICATE BRIDGE AT THE CENTRAL AREA SENIOR CENTER.... THURSDAY NIGHT AT 7:30

by Fleecie Jordan

By: Herb Jackson

We enjoyed a "bump Mitchell" of seven and a half tables, Thursday, Feb. 16th, under direction of Connie Moorehead. Judging from the results presented, many of the regular leading contenders bit the dust. Results are as follows:

North-Sound

1. Octavia Jackson - Al Walker
2. Ina Toney - Laura Hyde
3. Charles Winston - Mel Orsborne
4. Ted Bryant - Johnny Walker

East-West

1. Lucy Haynes - Fred Haynes
2. Muriel Russell - Warren Littlejohn
3. Irene Woods - Tom Woods
4. Blanche Whitney - Juanita Johnson

And now for a five minute quiz:

Did you know that the name of the club is LE ETTA KING DUPLICATE?

Did you know that Muriel Russell is President, Al Walker is Secretary-Treasurer?

Did you know that "ALL" bridge players are welcome to play with us?

We told you about an instruction class to be conducted by Orville Johnson for beginners for the last weeks; well, the time is almost here. Thursday, Marcy 1st, is the beginning; classes will run for 30 minutes just prior to regular play and you should call Orville, at 747-9798 if you are interested.

We are looking forward to scheduled tournaments:

March 16, 17, 18, Governor House Olympia-Northwest Section, ABA.

April 22-28, Constellation Hotel, Toronoto, Canada, sponsored by National American Bridge Association.

If you need info or help of any kind, contact Section VP Toddy Price. We still want ten tables, so why not plan to play Thursday, Feb. 23rd, under direction of Herb Jackson? You'll be glad you did! So, come one, come all... SEE YOU THERE!

## WORKING TOGETHER TO WORK THE SYSTEM

The Black Child Development Institute is sponsoring a series of seminars designed to give Black parents a forum for discussing what works, what doesn't work, and what you can do to develop the full potential of your child. Each seminar will provide skills and information needed to us "Work the System".

One of the main purposes for the Institute is to address some alarming facts about Black children in our school system. For example, most first, second, and third graders who live in the central area are bussed to the Northend. "Middle class" Black students in Seattle perform lower than "poor" white students. Although Black students make up 21% of school children, they comprise approximately 42% of students suspended or expelled, most are Black males. Did you know that 22% of Black students, 1/4th are achieving below the national average? It is because of these inadequacies BCDIS (Black Child Development Institute of Seattle) has invited the community to attend its saminar on Saturday, February 25th at CAMP (722 - 18th Ave.), Noon to 2:00 p.m.

Guest Speaker will be Junious Williams of the University of California (Berkeley), whose topic will be "Student Discipline Policies."

Childcare is available and refreshments will be served.

## *Hollywood TODAY*

A News Service of Tri-Ad Consultants, Ltd. by Vincent Tubbs

**YEAR END SURPRISE for many long-term Hollywood watchers was the December Beverly Hills Hollywood NAACP Chapter's 16th Annual Image Awards ceremony where 1400 loyal ticket buyers were told the Chapter will supplant its beefing and bullying about problems with new tactic of recommending that we do see or tune in what is liked and simply ignore what is not liked at the movies and on TV. It is a "sugar rather than vinegar approach to civil rights" is the way one trade publication reported it. But fiery National Executive Director BENJAMIN HOOKS unforgivingly point out: "Hollywood has made more agreements with the NAACP than our government made with our Indian brothers."**

**So, of course, "it ain't what is ought to be, and it ain't what it's gonna be, but it sure ain't what it usta be"!**

### U.S.DISTRICT COURT OF SETTLEMENT HAS REACHED A SETTLEMENT WITH BURLINGTON NORTHERN RAILROAD

By: Makel Spencer

All Black applicants for employment and all present and former Black employees of Burlington Northern Railroad between March 1, 1970 and November 21, 1983 are eligible to share in a $10 million claim fund against the railroad company. During the aforementioned dates, the company practiced overt/or covert discrimination against Black Americans.

The class action suit initiated by the United States Equal Employment Opportunity Commission has set a precedence for Blacks who have experienced racial discrimination in personnel policies of large American Corporations. To be eligible for your share of the $10 million, please request or write to Paul C. Sprenger, Esquire, Sprenger, Olson & Shutes, P.A., 325 Ridgewood Avenue, Minnespolis, MN. 55403, or write Charles H. Barnhill, Esquire—Davis, Miner, Barnhill & Gilland, P.C., 14 West Erie Street, Chicago, Illinois 60610. They are lead counsel for the plaintiff class. Also, you can call toll free 1-800-223-9001 and request a claim form. All claim forms must be postmarked on or before May 15, 1984. Money left from the $10 million fund will be used to support Black interests.

# ENTERTAINMENT NOTEBOOK

## EDITOR'S NOTE

Over the past few years, Black entertainment in Seattle has been almost nonexistent, at least for the six years that I've lived here. I'm pround to say: Brothers and Sisters, that by-golly gee-whiz it's about to change and get real LIVE! The Boggie outlook for '84 and beyond is as picturesque as an Olympic sunset on an Indian Summer's Nite. As nightclubs spring up and change over to offer us a greater variety of live music; showcasing local and national attractions and behold Black Radio is finally going to be expressed in its proper form. So, Brothers and Sisters, let's support the productions that are intended to please us. Promoters, producers, club owners, radio DJ's, etc. You must respond to the wants and needs of the community, it's all Reciprocal! One hand feeds the other.

Here at Entertainment Notebook, it's our desire to serve you. Drop us a line and let us know what you think.

## THE GRAPE-VINE

Capital Records artist Ashford and Simpson, along with Maze, were the first Black Soul acts to have short-form video 45s issued recently by Sony. Ashford and Simpson's "Street Song Medley", is already on the market. The Maze video, features cuts from the group's "Live In New Orleans LP" will be released by late February. Vanity of the popular vocal group, Vanity 6, has signed with the Motown family. It was believed earlier that she would be replacing Jody Watley of Shalamar who records for Dick Greffey of Solar Records, but it looks like Berry Gordy had a little more to offer. Good Luck Vanity!

Michael Jackson proved the most popular exhibit at New York's Museum of Natural History during a recent gathering there in his honor. Jackson's "Thriller" LP sold over 25 million copies. What a record breaker!

## *The Princess Is Coming Back!*

Princess Zenobia resumed her dancing career here in Seattle in the 50's - 60's, travelled the Pacific Northwest, Canada, Alaska, Idaho, Montana, Utah, Oregon and back to Seattle.

Formed a partnership with Earl Mack and she established the Princess playhouse in Pioneer Square, was the first to have 'go go dance' here, and special acts to disco style. Due to ill health, she had to take a leave of absence. So, she decided to go to work part-time with special agencies, such as, CEP, CAMP, Planned Parenthood - as a lecturer in the IJO classes, then went to SOIC as the liaison between CEP & SOIC - worked with the drugs and alcohol programs. Then in 1970, started to work for Employment Security Department in unemployment Insurance; then, work in the Incentive Program (WIN). She has been worked there for eleven years - as an Industrial Relation Representative. She was laid off due to work shortage, but now retired. It was a glamourous experience for her.

She is now returning to her life - Show Business (Biz) - working on her new routine daily sophisticated song, dance, and comedy - now bigger and better than ever. She is hoping to produce her own review. Though, she is available for engagement, including nite clubs, connections, banquets, and social club.

She have stayed to tell you on her life: staying young at heart, never let a number get you down, feel young like Lena Horne, ageless still as good as ever, just can't do it as ong as she says. So, if you want to put a little spice and variety into your party, she is the one to call. Phone: **323-3224.**

## A Report To The People

by ISAIAH EDWARDS

**This is True:**

**During our observance of Black History Month, I read in the P-I on last Sunday, Feb. 19th an article with deep regret, written by Mary Rothschild, entitled "Black students shun advanced math." There is little doubt, it was timed and designed to embarrass, and to humiliate Black students not only in Seattle, but across the nation at large. It's regrettable that such be the case, but for every effect there is a cause. It isn't my intention to try to vindicate those parents from their indispensable duties of encouraging their children to pursue those challenging subjects, which will provide for themselves, the highest academic achievements and self-esteem. But after two hundred fifty years of indentured servitude, in which the slave system engaged in destroying not only our heritage, but our culture as well. Having reduced us to chattel, they dehumanized us, and we almost lost our sanity.**

**For over two hundred fifty years, the slave masters enacted laws making it illegal to teach a slave to read; if one was caught in so doing, he was given a flogging. To teach a slave to read they wrote, "would spoil the best nigger in the world...a slave should know nothing, but the will of his masters... If you teach him how to read, he'll want to know how to write, and if he accomplishes this, he'll be running away with himself." For two hundred fifty years, the only book, we had very little knowledge of, was the Bible, and it was made available only by some pious and gentle wives of master slave owners.**

**The system robbed us of a background for difficult subjects. It kept from us the arts and sciences, math and calculus; and now you find it easy to fault us with, Black students shun advanced math. My plea to you is for more patience, more tutoring, more equity of justice, and a broader sense of human understanding, and it won't be long before the Black students of America will astound the world with their great darings in fields of mathematical advancements and achievements as well.**

**Until then, This is True. Will see you next week.**

**FOOD SHOPPING SMARTS**
**By: Jan Grant**
**County Extension Agent**

**Most of us have heard about the advantages of making a shopping list. A list helps control spending and avoid impulse buying. There are a few things to keep in mind that will help you make as complete a list as possible.**

**First of all, keep an ongoing list and write down items as your supply gets low or you run out.**

**Plan your menus for the week. Once you've done that, look over your recipes to make sure you have all the necessary ingredients. Check your cupboards, refrigerator and freezer for foods you already have on hand that could be used in your menu.**

**Next, organize your list according to the store layout to save time and steps. The only way a list will be beneficial is if you take it with you — so make sure it goes to the store when you do. If you find yourself continually overspending at the grocery store, first buy those things that are basic for you and your family's diet. Include the extras like cookies, cakes, snack foods and soda pop only when your budget allows.**

**Another way you can save money at the supermarket is by making intelligent and careful decisions. Once you've gotten your purchases home, you can save more money by avoiding waste. Overestimating quantities needed for a meal can result in unexpected leftovers — which may not be eaten later. This situation can only be avoided by careful planning and flexible menus. Storing food at improper temperatures is the leading cause of food spoilage. Perishable food should be refrigerated or frozen immediately. Dairy products, meat, fish and poultry should not be allowed to sit at room temperature. Fresh produce should be purchased in quantities that you can use within a few days — before it spoils. Whenever you throw away any part of the food you purchase you waste money and raise the price per serving.**

**Finally, the value of your food dollar goes beyond wise shopping in the store — it means using the food you do buy wisely once you get it home.**

**STERLING DOVER'S 50-YEARS CONTRIBUTIONS TO HIS RACE AND COMMUNITY**

Many old timers in Seattle came to know STERLING DOVER immediately upon his arrival here some 46 years ago from his home in Iowa. He came here in September, 1983 to enter Graduate School at the University of Washington. That same year, it was his fortune to take as his bride, the strikingly beautiful and charming Jane Isobel Chandler, both of whom are as energetic and active today as any of us 39 years olds.

On Saturday, February 25, 1984, Kappa Alpha Psi Fraternity will honor Brother Dover for his 50 years of service as a participant in Kappa Alphi Psi programs and a major contributor to people and programs in this community in which so many of his valuable years have been spent. The Fraternity will combine the Honor of brother Dover with its annual Founders Day Program-the 73rd-which will be followed by a Disco for youngsters like myself who still enjoy good music and dancing. Don't count the Dovers out when it comes to dancing, however, because anything that I can do at 39, they just might be able to do. Chick Harris, a much admired Kappa himself, and Assistant Coach of the Seahawks, will be keynote speaker for the ocassion. It all begins at 5:30 PM, at the Westin Hotel. Admission: $20.00, which will include Dinner and the Disco. In as much as time will not permit the ordering of tickets by mail, attendance may be arranged by calling the Kappa Treasurer, George Stewart, 323-7765. Your Master Card or VISA may also be used to purchase tickets.

Brother Dover was initiated into Kappa Alpha Psi Fraternity in April, 1933; served as the only delegate from his Gamma Chapter to the Grand session that following August; and was elected Strategus for his chapter that same September.

In September, 1934, he was elected Keeper of Records for Gamma chapter, and Polemarch for his chapter in September 1935. In 1948, Brother Dover assisted in establishing Gamma Eta chapter of Kappa Alpha Psi at the University of Washington and wrote the first set of By-Laws for Gamma Eta chapter. Among the honors and awards received by Brother Dover for his services are: YMCA Layman of the Year in recognition of his extensive work with the East Madison Branch of the YMCA; Silver Beaver Award for his years of services to the Boy Scouts of America; Federal Employee of the Year; and in 1983, was initiated into the Red Cross Twenty Year Club for more than twenty years of service to that distinguished organization.

The hundreds of friends and admirers of the Dover's are cordially invited to join us in honoring him.

Stay with us.

## FROM THE FRONT

**REV. DAUGHTRY, NBUF AND JESSEE**
**NATIONAL BLACK UNITED FRONT**

**With Rev. Jesse Jackson now a confirmed candidate for President in the 1984 upcoming elections, it is inevitable that such a controversial figure would get both strongly positive and strongly negative reaction within the Black community. For with Jesse, you are committed to advancing the candidacy either through strong personal action or at least spoken agreement, or you are very verbal in your view that he should not be running at all.**

**Without going into too much detail, (as the "rightness" of Jesse Jackson as a Presidential candidate has already been so belabored), the fact remains that for once a Black man, one with a high degree of respect in many Black communities, has thrown his hat into the proverbial ring. He is certainly going to need as much assistance as possible from the members of those communities in order to accomplish even part of his objectives for the campaign, those of maximum voter registration and increased knowledge of the American political system.**

**We of the National Black United Front, Seattle chapter, are pleased to be hosting our national chairperson, Rev. Herbert Daughtry, at a City-Wide RALLY FOR JESSE on Friday, February 24th. The RALLY will be held on the University of Washington campus, in Kane Hall. Rev. Daughtry is a member of the Executive Committee of the campaign and travels as part of the Speaker's Bureau to gather support and momentum for the months ahead. This RALLY will also confirm the strong participation of the National Black United Front on two different levels, as endorsement by the national leadership, and commitment from the Seattle chapter as well.**

**Joining Rev. Daughtry at the RALLY will be representatives of local-area organizations who have also declared their support for Jesse, such as the Rainbow Coalition and the State Committee for Jesse. If you as concerned Black community members have any positive feeling at all about the candidacy of Rev. Jackson but are uncertain as to what you could do to aid in what will surely be a vigorous campaign, plan to attend the 7 p.m. RALLY on the University of Washington campus on Friday, February 24th, 1984.**

## DUKE RAPPORT WITH LANITA DUKE
## A PRODUCTION OF GRASSROOT NEWS, N.W. WIRE SERVICE

**BLACK-ON-BLACK CRIME**

**Part IV**

**The Crime of passion is a quiet killer in the homes of black families across the country. It takes lives, destroys hopes and reinforces the self-hate symbols that surround us. This segment of Black-on-Black crime deals with family fighting: beating your wife, child or husband.**

**Before I go on, let me say this. There is no reason in the world for a man to beat his wife. You hurt the one that is close to you. Getting hit by the man you love creates a breakdown in trust and confidence..the foundation for any relationship. And there are some women who are brainwashed enough to believe that a man does not love her unless he hits her. Poppycock!**

**A hard head makes a soft behind. That is true but a soft behind does not mean putting a child in the hospital with broken bones. This type of family fighting has contaminated the black family.**

**The fact that Mr. Charlie won't give you a job, should drive you toward self-employment rather than going home and beating your wife and kids. The forces of racism in America is driving us all to kill; but we can control those forces by controlling ourselves. Rediscover black history and learn self-control. If you feel frogy, leap. Not on your family but go to the library and read or take a walk.**

**Our family need not be the victims of racism in America. Let us love them to death and beat them to death. Break the cycle of violence in the family!**

## THE PHUNTIQUE LADY:

**PUSH TIME... FOR PHAROAH'S THUNDER**

**Do you believe the propaganda that talks about pulling the Pharoah down & quieting his Thunder. PUSH your Thunder for Jesse J. (Thunder: the code name used by Secret Service to refer to Jesse J. Pharoah: Nickname that the travelling press uses for Jesse.)**

**Jesse Jackson can win; however, many of the newspapers write with an intentionally negative malicious slant designed to brainwash the educated & uneducated public. Be prepared with a PUSH and realize that most newspapers are too chicken to ignore the pulls. Even if they say something good, they will be sure to put in twice as many pulls.**

**Pull 1: Few people in Jackson's campaign really believe he has a chance.**

**PUSH 1: The majority of the voters want Jackson, he has a chance. Our majority is still registering and will be ready.**

**Pull 2: Aides to "front runner" Mondale acknowledge...Jackson may make a strong run for 2nd place.**

**PUSH 2: Jackson makes global sense and is making a strong run for FIRST place.**

**Pull 3: Potential Achilles heel of Jackson's effort is a disorganized and underfunded staff.**

**PUSH 3: America is ready for his upfront Herculean ideas. Because the majority of the world is colored and the U.S. internal and external policies are not even handed in there friendships. The staff has nothing to do with his ideas, he is already world famous-the world is his staff.**

**Pull 4: Jackson's campaign has taken no polls and employs no political consultants to help with strategy.**

**PUSH 4: Jesse's emphasis on the Third World touches all of us—the majority of the people in the U.S. are related by colonial blood to Blacks. The majority of the White people are related to Black, Asian, Hispanic or Native Americans. These people together are a majority. We don't need consultants when the majority vote is activated and motivated to PUSH on at the polls. That is the strategy.**

**Pull 5: Bond has been rumored to indicate that the electorate is not ready to nominate a liberal-progressive Black candidate. James Bond & Andrew Young have been said to declare for Mondale.**

**PUSH 5: Bond and Young are banking on the fact that American voters are "white-washed". They forgot what all those dead presidents did with the slave women?...Procreated! I hope Jackson doesn't give them a job for their naiveness.**

**Pull 6: How does he stand on Arab interests since PUSH received two 1981 checks of $100,000 each from the Arab League, a confederation of 21 nations?**

**PUSH 6: Current policy excites Israel and incites 21 others. Israel has a right to exist, it would also be nice to create a Palestinian homeland in the Middle East U.S. Policy can protect Israel and recognize U.S. interest in the 21 Arab national ALSO.**

**PUSH 7: In regard to the most sensitive issues, it is about time that a presidential candidate talks about imposing trade sanctions on racially discriminatory South Africa until their policies become humane.**

**Jesse will bring change. We live in a land where governors continue to encourage legislators to vote more funds for jails and more jobs for the Criminal Justice system. We live in the land where elders spend Federal monies mostly on the military and cancer. A change agent will encourage that more options are available to build your youth. That is the hope and we see it through Pharoah's Thunder.**

**NOTE: How do you like our new yellow letters on the Thrift Shop and Hair Clinic, at 703-23rd Ave., call for services, home items or phurniture.**

## Another Point Of View

by GEORGE BURNEY

**SEA - TAC OR JACKSON INTERNATIONAL?**
**What's in a Name?**

**After the death of Senator Henry M. Jackson, the Port of Seattle in less than a week's time changed the name to Jackson International. Even though the change took place some time ago, conflicts have arose in this decision over the change. The Port of Seattle recently held a public, meeting the proposal, while many spoke on Jackson's behalf including his doctor; but there one's who felt that Sea-Tac should be left alone.**

**Over 22,000 signatures have been collected for the Port of Seattle favoring that the airport retain its original name.**

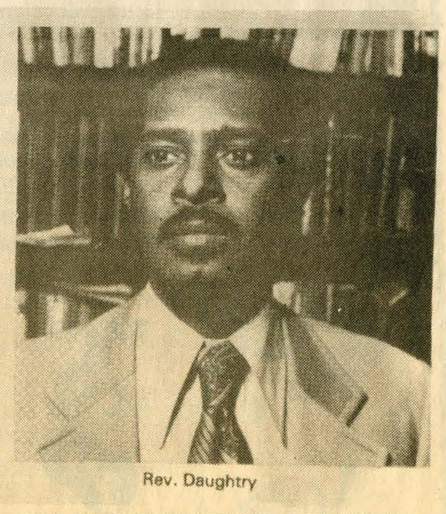

**The changing over the airport seems to bother some people, not because of the late Senator. It is agreed upon that he should be honored; but another foundation should be choosen.**

**The changing of Empire Way went on for over (17) months, and after the victory was won; there were no other challenges, even with the money involved costing the city of Seattle.**

**The public does not seem to mind the hundreds of thousands of dollars that were spent changing the airport's name, and if the name is changed back to Sea-Tac, guess what folks? That's right. more money from our paychecks.**

**It's just a matter of what sounds better to your ear, Jackson International or Sea-Tac. What boils down to is a difference of opinion, thoughts, and ideas...no two people are alike.**

**Jackson airport or Sea-Tac? Write to G. Burney, c/o FACTS. Your letter will be considered for a viewpoint response.**

## *Langston Hughes Presents Black History Month....*

Black History Month 1984: Theme - "Tying the Ties." 1984 marks a year where a great many changes will take place. Politically there will be changes by electing new governmental officials and implementing new policies and procedures. Economically, times are getting tougher for everyone. The main emphasis seems to be survival. The Seattle area community in general has made their strides in overcoming economical, social and political obstacles alone. We as a community need to devise a means for unification. One outlet with which we can all identify is our rich and diverse cultural history. We, at Langston Hughes Cultural Arts Center, are paying tribute to Black history month by presenting a number of cultural programs throughout the month of February. The center feels it is important to recognize the great contributions Black people have made throughtout time around the world. We hope our programs will be educational as well as enlightening to the public.

**FEBRUARY EVENTS**
**Free Admission to all events.**

**In a recent poll, eighty-five percent (85%) of those responding in the Black community said they prefer the facts Newspaper over all other weekly papers in the Seattle area.**

## The Barnett & Smith Family Lives On.....

**by Jacques Johnson**

This is about my great family members.

About ten years ago, there was a famous black man named **Powell S. Barnett.** I'm pretty sure that everyone has seen the park named after him on Martin Luther King Street. Anyway, **Powell** is my great etc. grandfather. I thought it would be nice for me to tell some of the nice things that he has done in life like in eighth grade **Powell** parlayed an eighth grade education and a master's degree in human relations into an award as Seattle King County's Senior Citizen of the year. This was in 1967. He has won the honor over the pretty big headline makers, and his name has been forwarded to the State County on Aging for consideration as the State's Senior Citizen of the year. It was a fitting climax to a time of outstanding service, beginning with his coal mining days in Roslyn as a teenager.

One day he was reading the papers from Seattle in Roslyn and said to himself, "Why those cows over in the big city can't be any better than I am. I'm going over and get me a job.

**Powell** has been taking on jobs, paving the streets, and even had something to do with building the University of Washington. He's also helped with more public service.

Some of the public officials for whom Powell opened the doors to were among those that backed his nominations. And, ironically, of those who always said good morning to hi were among those he beat out for th senior-citizen award.

**Powell** was born in BRAZIL,IND. He reside in this state for 80 years. His home was a 506-28th Ave., So. The accomplishments has made are as listed:

Board member, Volunteer of America 1901-1908; executive committee, United good Neighbors, 1942; treasurer, King County U.S.O., 1944-1961; first pres. and was still a boar member for the Leschi Improvement Council, Jackson St. Community Council nominee. "Man of the Year 1964".

That's just a start.

**Powell** was also a president of the Urban League; he served on the former Gov. Albert D. Rosellini's special committee to develop a Consumer Protection Act in 1963 was a board member of Lee House for Senior Citizens.

Sousaphone-player **Powell** was the first black man to become a member of Seattle's once all-white Musicians Union Convention in a Black and White musicians union which merged here in 1954.

**Powell** was chairman of the committee to establish the East Madison Y.M.C.A. in 1921-22. There was a bitter oppositon to the "Jim Crow" youth center.

**Powell** had customary wisdom and went to the chief critic and invited him to be on the committe.

In 1944, Barnett founded the Northwest Umpires Association, and was its secretary-treasurer for 17 years.

**Powell** was a "straw boss" on the construction of the Waldorf and Perry Hotels. He later ran his own transfer company, **Barnett & Sons.**

**Powell** once argued with the Urban League board over its bylaws proviso that a certain percentage of the board had to be black. He was trying to abolish it.

He told them, "I don't care if the board is 100 percent white", "I want the best men on it. This quota thing is what we're trying to abolish. Blacks want a chance, not a gift."

**Powell** was a member of the National Association for the Advancement of Colored people, and attended Mount Zion Church 60 years.

My other grandfather James T. Smith, Sr., is also a great man. He too has fought for black rights and for the freedom for others. James is the manager of the Prince Hall Masonic Temple Dist.#1. He has won an award for the outstanding performance. James too is a hard worker and does what he thinks is right.

James has marched in many parades for blacks and others to unite everyone.

## FAITH: WE MAKE MISTAKES -- BUT WE HAVE FAITH!

*Powell Barnett*

The older the world grows, the more it needs and denies faith. That is why the great religious symbols of hope and belief are still most relevant to the modern world.

We protest against it but we can not escape it because what the astonishing modern mind creates, the normal mind can neither understand nor disprove and, therefore, must reject or accept on Faith.

Nothing important that we plan is sure to turn out exactly as planned, therefore, we must hope and have faith. The present age is caught in an old and fascinating dilemma. It lives in uncertainty. It is searching for guidance of which FAITH is the essential ingredient.

The liberties and responsibilities which we in America enjoy today were established as the result of the FAITH of our remarkable forefathers.

A babe nestling in its mother's arms is the embodiment of Faith. Man becomes an abject and pitiful creature if and when he loses Faith. Today, we lead such overcrowded lives that the loveliest things which would enrich us all are commonly excluded because of our lack of Faith.

**A MAN'S BEST MEMORIES, WHEN LIFE IS CLOSING WILL BE MOST REWARDING AND SATISFYING, IF HE HAS HAD FAITH.**

Faith in God...Faith in his fellowman...faith in his country and faith in himself.

# Nonprofit Agency Seminar Planned

By: Harvey Hunter

**Internal Revenue Service** and **Social Security** will jointly conduct a free seminar for private nonprofit organizations in Seattle; whose employees were newly covered by Social Security this year, according to **Gene Barnes,** Social Security District Manager in Seattle. **IRS** will provide guidance in completing and filing forms to report employees' wages and **Social Security** will discuss new rules for becoming eligible for benefits and the types of benefits available.

The seminar will be from 8:30 to noon, March 30-a Friday, at Federal Building. Representatives of Seattle non-profit organizations should write to **Harvey Hunter,** Social Security Adm., 230 Fairview Ave., No., Seattle, WA 98109 for more information. Please give your phone number and how many are interested in attending.

Starting this January, all employees of private, tax exempt, non-profit organizations are covered by Social Security, said **Barnes.** The new law provides for mandatory coverage of all current and future employees of nonprofit organizations, including employees of non-profit organizations that previously terminated Social Security coverage.

It is expected that this change in the law will generate increased revenues for the Social Security Trust Funds of $12.4 billion for the period of 1984-1989.

Employees of nonprofit organizations described in Internal Revenue Code Section 501 (c) (3), who earn at least $100 during a calendar year, will be subject to Social Security tax for work done after December 1983. Penalties can be imposed for late filing or not depositing income tax and Social Security withholding amounts as scheduled. Employers can get further instructions by phoning **442-1040**-the taxpayer information line.

Before 1951, nonprofit organizations, that were exempt from Federal taxes, were excluded from Social Security coverage for their employees. Starting in 1951, these organizations could waive their exemption and elect to have their employees come under the Social Security program.

Under the old law, these organizations could end the voluntary coverage if they gave (2) years notice after coverage had been in effect for at least (8) years. This is no longer allowed. These new provisions are designed to end gaps in the protection of workers who move between covered and noncovered work. In addition, they reduce the payment of windfall benefits to workers who work under Social Security and then qualify for a relatively high benefit in relation to the Social Security taxes they have paid into the system.

Newly covered persons 55 and older will be considered insured, for Social Security benefits, with fewer years of coverage than normally required. The amount of credit needed ranges from 5 years of work after 1983, for a person age 55 by January 1, 1984, down to 1½ years of such work for a person age 60 or older.

This provision was designed to protect some older workers who would otherwise not work long enough in covered employment, before they retired, to qualify for Social Security benefits even though they are required to pay Social Security taxes under the amendments.

## WALL FRAMING WORKSHOP

Have you ever looked at a room and wished you could change the shape of it? That you could build a wall at a certain location or move an existing wall somewhere else? Well, you can!!!, and the Southeast YMCA will show you how. There is a wall framing and dry wall hanging workshop on **Thursday Evening, March 1st and Saturday, March 3rd.** Participants will know how to frame a wall and put up dry wall by the end of the two day workshop; they will also have participated in actually putting up a wall in a house in Southeast Seattle.

The Thursday Evening, March 1st, class will be held at the Gompers Branch of S.C.C.C. Participants will meet at the YMCA (5623 Rainier Avenue South) and we will ride over in the SE Y Van. This evening class will serve as an introduction to wall framing and dry wall. We will cover types of woods, tools and materials, planning and laying out, nailing techniques. Each participant will frame their own four foot wall. We will also cover dry wall techniques, including materials and tools, cutting and nailing techniques, joint compound and sanding techniques.

On Saturday, March 3rd, we will actually build a wall at a Southeast Seattle residence. Workshop participants will have a change to try out what they learned on Thursday night. If you can do it here you can do it at home. This is a free opportunity to learn how to frame walls and dry wall.

The workshop is limited in size to 8. We ask that interest individuals pre-register by calling the Southeast Y.M.C.A., **722-2236.** Call that number with any questions you may have. Child care will be provided for those wishing to take the workshop.

## AFRICAN AMERICAN EDUCATION IN CRISIS HELP SAVE OUR CHILDREN

From preschool to the University and post graduate levels, African Americans (Black) are either forced out or programmed by racist policies and curriculums to be of little value in the struggle to over come educational deficiencies past policies of slavery and institutionalized white racism have imposed on our community. We are currently facing a very serious attack by the University of Washington Administration on the Afro-American studies program.

The University has never had a sincere commitment to the Educational needs of the African American Community and has always resented and resisted the intrusion of Black studies on its traditionally white campus. Presently, the University is trying to destroy the Afro American and other ethnic studies programs by consolidating them into one underfunded undefined department of "American Ethnic Studies".

In light of past attacks on the destruction of our African heritage and culture by white institutionalized racism, the U of W administrations attempt to side step and ignore past and present racist curriculum, policies and practices by burying Afro American studies under the new, inaccurate, non descript heading, "American Ethnic Studies" is criminal and provocative.

We are urging all parents, student, teachers, administrators and other concerned ctitizens to attend a public meeting to develop strategies to insure the educational needs of the African American community are met, especially with respect to the curriculums of the University of Washington and the Seattle public schools. This very important meeting will be held Tuesday, March 6th, 7:00 p.m. at the Langston Hughes Cultural Center, 17th and East Yesler. Mark this critical meeting on your calendar.

For information contact Dr. Wayne Williams, phone: **543-7410.**

## SEATTLE NAACP FOCUS ON THE ELECTION PROCESS

Key public and elected officials of the area are expected to help kickoff the **1984 VOTER REGISTRATION PROGRAM**, Saturday, February 25, 1984, at 10:00 A.M., announced **Herb Jackson,** NAACP political Action Chairman. The community-wide conference will be held in the main floor parlor of the Mount Zion Baptist Church, 19th & Madison, in Seattle's Central Area. According to Jackson and to Branch President **Lacy Steele,** the February 25th meeting is a continuation of the 1983 efforts and is designed to encourage the various community organizations to target a specific geographical area for intense, aggresive voter registration. The Seattle Branch NAACP is volunteering to act as coordinator of the effort so that "particularly the 37th and 43rd legislative districts will be 100% registered", declared **Jackson.** A gift of merit will be awarded to the community group or individual reporting the largest number of persons registered in 1983, promised **Jackson.**

Interested groups and individuals are challenged to attend the Voter Rally as the community prepares to "Take Charge in '84". To volunteer and/or secure additional information, the public is invited to call the NAACP Office at 324-6600, or Mr. Jackson at 723-0620.
