

GIVE THIS AD TO A KID YOU CARE ABOUT

...to a youngster who's not real sure of what to do with his life. Or her life. This is better than well-meaning adult advice. Here's information that can lead to a good choice.

A varied choice of careers, with something no corporation can offer: Planned promotions. The Coast Guard promotes skilled, qualified persons with initiative. The tests are fair and advancement can be swift with a guaranteed raise.

Yet no one feels lost here—we're not a large service devoted entirely to military efforts. In the Coast Guard,

we're all part of an intimate family of "Coasties", all committed to protecting American lives. And building our own. The Coast Guard includes benefits few civilian jobs can touch.

Like 30 vacation days right from the start. Medical and dental care for service members plus travel, practically worldwide. Education, often fully paid. Experience, unlimited. Everything that adds up to living well—at a lower cost of living.

You couldn't ask for more for the youngster you care about. Have them ask us more questions—that's the next step toward making a decision.

Let's hope your kids find a good way of making a living. And a good place to live a meaningful life. The Coast Guard.

Renton Vocational Technical Institute

Alice Coleman, Vocational Counselor at Renton Vocational Technical Institute.

If you are unemployed and seeking a marketable job skill or if you are currently working and are looking for ways to upgrade your skills, make an appointment to see Alice Coleman, the new counselor for Renton Vocational Technical Institute.

Alice recently accepted a position as a counselor and occupational information specialist for Renton Vocational Technical Institute (Renton VTI), and can provide you with information on over 50 training programs available at Renton VTI. In addition to counseling, Alice can also make special arrangements for tours of the campus, group presentations, and assist you with testing and financial aid.

Alice worked 14 years for the Seattle Public Schools before joining the staff at Renton VTI. She has worked as a Human Relations Coordinator, a Family Child Counselor, and most recently as a Work Training Counselor at Cleveland and Rainier Beach High School, and Sharples Alternative School. "I want all of my high school friends to know that I am now with Renton VTI and I want them to know about all of the valuable training opportunities available here," said Coleman.

Renton VTI provides effective job training in the shortest time possible and because we are state-funded, training is affordable. The usual semester fee for a full-time student of six hours per day is \$270. Financial aid is available for these fees in the form of grants, loans and employment programs. Renton VTI also participated in State and Federally funded programs such as JTPA, WIN, and DVR.

Our full-time training programs range from, 12 weeks, such as Data Entry and Cashier Checker/Retail Clerk, to two-year programs, such as Computer Programmer, Electronics Technician, and Auto Body Repair.

Renton VTI is fully accredited by the Commission of Colleges of the Northwest Association of Schools and Colleges.

To find out about all of the training programs at Renton VTI, contact Alice Coleman at 235-2480.
