Soul Street

LES McCANN - CAN

That's right, folks, Les McCann can play jazz music and he showed everybody the other night at the Greenwood Inn how bad he really is. The brother got down, flat down and everybody at the club just loved it. I personally have never heard Mr. McCann play better. The man came to play and that's what he did. The show at the Greenwood Inn was out of sight and Mr. Les McCann was responsible for it.

Another place we had a good time in the past Sunday was the newest club on Soul Street, The Brothers, where Joe Brazil and Equinox got down. My man Joe Brazil let everybody know the master that he is. The set was mellow, everybody enjoyed it. I know we at this corner had a ball visiting the newest club in Kenmore, The Brothers. It was fun. The Bill Withers Crusaders Show was billed as one of the swingiest of the year to visit the Northwest. Well, baby they billed it right. The show was just that, swinging!

LOOK WHO'S COMING

Coming to our town April 7th at the show place in the Northwest, the Paramount, The Roberta Flack Show. What a beautiful lady this sister is. Her show is always out of sight. Make plans now - don't miss it. Also coming to the most beautiful city in the world, when the sun is shining, the Smokey Robinson and Esther Phillips Show, on April 16th. I'll let you know where. Everybody, and I mean everybody, listen. Elvis is coming to town. Keep looking here for the time and place. Also coming in the near future, Charles Byrd, Grant Green and a lot of others.

SOUL STREET SPOT LIGHT

This week the light is shining on a dynamite young man by the name of Eddie Rye, Jr. Mr. Rye is director of C.A.M.P. and is also involved in a lot of other supportive activities in the Black community. The cat is a born leader and he has a message for you - listen to him. I, for one, am proud to know this brother, who is a credit to the Black community and an asset to Seattle. Eddie, thank you for letting the light shine on you.
