

PRINCIPAL COUNTIES IN THE STATE OF WASHINGTON

erett astonished President Roosevelt in 1903. He would be more than astonished in 1926.

Everett is situated on Puget Sound and has a splendid harbor. In 1891 the site of the city was an uninhabited tract of timber. In 1902 she had a population of 20,217. The population at this date is 36,628. Everett is the largest town in the commonwealth.

No city in the Northwest has enjoyed so large an increase in population and business as has Everett, and there are no signs of stopping.

For information: Newton Soloman, 2719 Oakes Avenue, Everett, Washington.
