WARNING AND SPECIAL ALERT TO THE PEOPLE IN THE AFRICAN AMERICAN COMMUNITY AND ALL OF THE CITIZENS OF SEATTLE WHO MAY BE CONCERNED

By Patricia Nesbitt

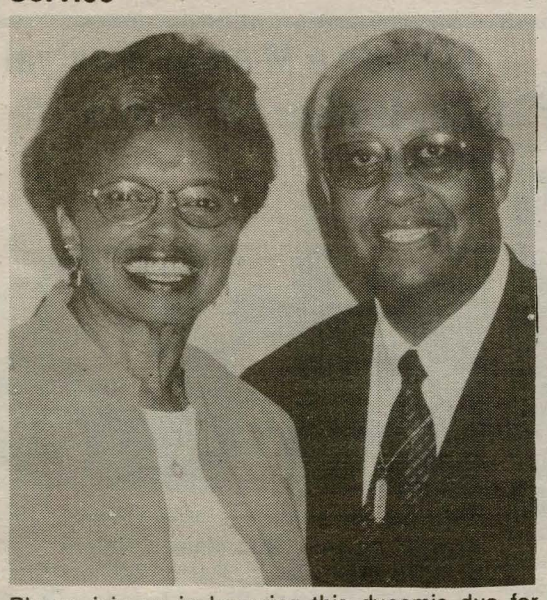

Once again, the undisputed racial profiling is being put upon African Americans residing in this city. It is no longer a mystery as to the blatant arrogance, the powers to be are using to beat us down. No, we are not beaten, we will continue to fight however, it is very important that we recognize who we are fighting and what we are fighting for. This is not the fight for those who are afraid of the powers to be, but for those who are brave enough to speak out and join us in this serious and dire problem. We have numerous episodes going on in our communities that are mainly aimed at the African Americans, we know about the police profiling and nothing is being done but a lot of talk with those persons who have not been profiled against. Those who claim that they are doing what they can to dispel this horrendous problem can't. Now is the time to wake up to what is happening to us and it is also time to stop waiting to see. We are not imbeciles nor are we so in awe of the persons claiming to have the answers to our solutions. Let's face reality and the truth of the matter, we are losing our incomes, our property, our rights and **our lives.** What else is going to have to transpire before we all realize that if it

The Great Meeting Is in The Great Northwest

The time has come when every nation must worship under its own vine and fig tree, and every tongue must confess his own. Through sin and disobedience every nation has suffered slavery due to the fact that they honored not the creed and principles of their forefathers. That is why the nationality of the Moors was taken away from them in 1774 and word negro, black and colored, was given to the Asiatics of America who were of Moorish descent, because they honored not the principles of their mother and father, and strayed after the Gods of Europe of whom they knew nothing. The Moorish Science Temple of America is a lawfully chartered and incorporated organization. Any subordinate Temple that desires to receive a charter; the prophet has them to issue to every state throughout the United States, etc. That the world may hear and know the truth, that among the desendants of Africa there is still much wisdom to be learned in these days for the redemption of the sons of men under love, truth, peace, freedom and justice. This short message is an introduction of the tenets which is being taught in Ali's house of Science. Now the citizens of the great northwest of America. Nationally is the order of the day! Peace and Love Sheik D. Fisher-Bey.

Capacity Crowd Fills Pat Wright's Kick Off; Preston Endorses Her

Give Your Child's Education a Total Experience

"...KeepPat Wright Working for Our Children

Patrinell "Pat Wright

Supporters of Patrinell "Pat" Wright filled Komfort Kitchen this past Thursday evening for Wright's kick-off bar-b-que fundraiser. The supporters and well-wishers were almost like who's who in the Black and minority communities. Among them were 37th District State Rep. Sharon Santos, former State Rep. Dawn Mason, Pastor Emeritus of Mt. Zion Baptist Church, the Rev. Dr. Samuel B. McKinney, Executive Director of the Commission on African American Affairs Tony Orange, President Emeritus of the NAACP Lacy Steele, Atty. Barbara Laners of the popular Community Potpourri Show heard daily on KRIZ, KYIZ & KZIZ, the president of the board of directors of the Central Area Youth Association (CAYA) Joe Staten, Executive Director of the Seattle Vocational Institute (SVI) Dr. Norwood Brooks, President of the Breakfast Group Ernie Dunston and his wife, Pat Dunston of the Links, Inc., Elma Horton, a member of CAMP's board of directors and many, many others who came to support Pat Wright and keep Pat working for our children. The Total Experience Gospel Choir entertained and Pat Wright delivered a touching surmise of her ABC's and "common sense" approach for the Seattle Public School District with strong emphasis on 'accessibility and accountability'. Pat Wright received a key endorsement also with retiring school board member Michael Preston's duel endorsement; earlier he had endorsed another candidate before Pat entered the race. For additional information, call **Pat Wright's** Campaign at 206-322-7904. Remember the **primary election is Tuesday, September 18, 2001.** Pat urges you to remember the children on Sept. 18 by casting your vote for Patrinell "Pat" Wright for Seattle School Board, District #5.

Three New Schools to Open When Classes Resume September 5 in the Seattle School District

When classes resume in Seattle Public Schools September 5, students from three of the district's 97 schools will return to new state-of-the-art buildings. Emerson Elementary School, Bryant Elementary School and Stevens Elementary School are all part of the district's Building Excellence Program, which is rebuilding or refurbishing 19 schools throughout the city. The program- which is on time and on budget- is primarily funded by a $330 million construction levy, approved by voters in 1995. Last year, the district opened four new schools, including the John Stanford International School and the African American Academy. Fifteen of the 19 projects included in the first Building Excellence Program have now been completed. West Seattle High School, Greenwood Elementary School and Madrona, a K-8 school, are under construction and will open in September 2002. Coe Elementary School, destroyed by fire last January, is currently in the design phase. Construction will begin later this fall, and the school will open in 2002. Last February, voters overwhelmingly approved a new levy renewing the district's construction program. The Building Excellence II Levy will provide $398 million to renovate or rebuild 17 school facilities, including Roosevelt, Garfield and Cleveland high schools; Madison Middle School, and Brighton, Graham Hill, Maple, Beacon Hill, Dearborn Park and Wing Luke elementary schools. "These new schools are a reflection of our commitment to academic achievement for every student in our district," said Superintendent Joseph Olchefske. "Beautiful old buildings have been restored to their original splendor and equipped for 21st century teaching and learning.

They provide our students and our staff with an ideal environment that will enhance the educational experience for the entire school community."

September 7, 2001, Seattle Wash. - Time Magazine has named Seattle Central Community College one of four "Colleges of the Year" in their annual college issue dated September 10 and available September 4. Seattle Central is the only two-year college and only college located on the West Coast to be included in this issue. The other three colleges recognized in the issue include Indiana University, William Jewell College, and Appalachian State University. "We are thrilled to be included as one of America's top colleges in Time's College of the Year issue," says Dr. Charles H. Mitchell. OFFICE DEPOT

Shame On You!

Office Depot Discriminates Against The Black Press And The African American Community

IT IS A SHAME...
that after repeated tries by African American newspapers to gain advertisement opportunities to pass on to the Black consumer in this country that a company like Office Depot would stoop to discriminate against this very community of newspapers and businesses that support their stores.

IT IS A SHAME...
that the Black community, which spends billions of dollars annually on products just like those that are offered by Office Depot could not get the time of day nor any consideration for its publications from Office Depot's marketing or advertising departments.

AFRICAN AMERICANS:

many brave people before us have paid the price to be treated equal in this country. Don't stand by and let companies like Office Depot take that away from us.

Don't spend your money with someone who discriminates against you.

Huskies Open With Michigan

The Huskies Mascot is ready for the 2001 Season

By Dave Mann

The University of Washington Huskies open this Saturday afternoon against the number 10th team in the nation, the University of Michigan. The opener will have the Huskies as a 2 1/2 point favorite. Last meeting: Michigan 38, Washington 31 - 1993 Rose Bowl, Jan 1st for the second consecutive year, the Michigan Wolverines and Huskies did battle on New Year's Day at the Rose Bowl. With a superior running team the Wolverines overwhelmed the Dogs on the Pasadena turf. The Huskies start their Pac-10 quest as the #15 ranked team in the nation.

PRESS RELEASE

The African American Cultural Center presents "The 5th Annual Kent Heritage Fair" on Saturday, September 15th from 1pm - 8pm at the Kent Senior Activity Center located at 600 East Smith Street in Kent, Washington. The event is free to the public and includes live entertainment, art exhibit, kids games, raffles, free gifts and good food. The proceeds from this event benefit South King County Minority Youth Programs and Educational Scholarships. For more info contact Lawrence Lombard at (253) 630-9452 or email june@nwlink.com.

MANN'S Bits & Pieces by Dave Mann

Teach your kids to be a college football coach. Let's take the case of Rick Neuheisel, the Huskies football coach. Neuheisel, 40, will receive at least $1.2 million this season compared to the $997,000 he was paid in each of his first two seasons. With incentives, coach Neuheisel could earn $1.4 million this year. Consider these numbers - the coach's annual base salary was raised to $425,000 from $225,000. The coach also will receive a $150,000 annuity; a housing allowance of $200,000; a car allowance of $20,000; a family travel allowance of $25,000; and $5,000 for a membership to the Broadmoor Country Club... Not bad numbers for a man who picks his own staff to do his running around... The Mariners are seeking their one hundredth win of the season, as I write this article. The Devil Rays are in town putting up a pretty good fight, but to no avail. With the pitching supremacy of the Mariners and their ability to play good defense, there's no team in Major League Baseball to dominate them... With a month to play, the question still is "Will the Mariners go for the major league win total of 116 games?"... Jay Buhner is back and the 45 thousand plus fans at Monday nights game gave the bald-head Buhner a 5 minute standing ovation... Gary Payton will kick-off his annual celebrity basketball game at the Key next weekend. Proceeds this year will go to the Odessa Brown Children's Hospital. Thanks Gary Payton and Lenny Wilkens.

(WARNING AND SPECIAL ALERT TO THE PEOPLE IN THE AFRICAN AMERICAN COMMUNITY AND ALL OF THE CITIZENS OF SEATTLE WHO MAY BE CONCERNED CONTINUED)

rights and the city nor the state can not or will not deal with them. We are demanding that the Federal government and attorney general do a full investigation regarding Seattle's racial problem. As well as a moratorium on any foreclosures, evictions, and sale of homes or property belonging to minorities or the poor. This is mainly because the city of Seattle and state of Washington are using federal funds for the **gentrification** of our minority and poor communities. This was made public and noted by a quote from one of our elite council members Richard McIver, when he spoke to the media in regards to the **Rainier Valley Housing Project** in which hundreds of the minority and lower income families live with children, who will be displaced by the city action of the city of Seattle **("We need to dilute the concentration of poor").** In addition these are some other matters plaguing our communities, persons who have lost their homes because of or due to the lack of adequate counseling from our **Seattle Urban League Housing Department headed by Mrs. Linda Taylor. Mr. Jerome N. Wilson** candidate for Seattle city council position #8 has lost his home and is due to be evicted, because our **mayor Paul Schell** and **Seattle city attorney Mark Sidran** are refusing to pay him his wages due. Mr. Wilson contracted with the **African American Heritage Museum & Cultural Center (AAHM&CC)** who has a binding contract with the city of Seattle beginning in 1998 to seed them $250,000 per year until 2003 under project appropriation number **Q5753014.** However, the mayor decided that the board of directors were not credible or had problems as stated by council member **Jan Drago.** Therefore, the monies were put back in the general fund and later given to **Mr. James Kelly of the Seattle Urban League to buy the Colman school property for condos,** then **Seattle mayor Schell** ordered the **city attorney Mark Sidran** to dissolve the board. By doing so this gave the mayor and the city attorney the grounds to claim that there is no contract.

They also have a binding contract with the Seattle school district to purchase the Colman school building as well, but because the school chooses not recognize Mr. Wilson either after removing their signature from the contract signed on January 16, 1998. However, this still makes it impossible for **Mr. James Kelly of the Seattle Urban League** to buy the building, because the school board has never had a public vote to sell it to him like they did for the AAHM&CC which is the law. Other questionable actions have surfaced from this so called organization **(the Urban League of Metropolitan Seattle)** that has caused many to suffer terrible losses and question the characters of persons trying to bring together the dreams of many. To appoint one's self as another's leader is wrong, and can misdirect others unknowingly. It is terrible that one man who communicates with the selective other can be deemed the leader of all. Being allowed to make decisions for others without their consent is illegal and diminutive. To steal others dreams and projects and state them as his own is cruel and a **LIE.** Mr. Wilson has said contracts. But this goes deeper, by depriving Mr. Wilson of his wages, he has lost his home. **The mayor of Seattle and the city of Seattle attorney does not have the authority to dissolve a legal non-profit corporation with a 501-C3. Only the Washington state attorney general can dissolve a corporation with good cause.** These are grave and serious matters that Mr. Wilson has had to endure, because of what two powerful white men say makes these African Americans **INVISIBLE** with the stroke of the pen and without any recourse the Seattle city council, including **our only black council member (Richard McIver)** quashed the funding. This kind of disrespect can not be allowed, and we as American citizens have to make all of them accountable. Mr. Wilson is days away from being homeless with the help of our **mayor Paul Schell and city attorney Mark Sidran. The Bank of New York** has already sold his home.

The city of Seattle is in denial claiming there is no contract. There is and it is binding and legal. All those persons who have lost their homes, who have been denied their day in court, who have been evicted or is facing an eviction from their property, there will be a **Community Forum at the New Hope Baptist Church, Saturday the 9th of September 2001 at 7:00 P.M., in the central area.** If you have any questions please feel free to call (206) 664-1001 Ext 3288. **Note: Please bring proof of any of the above mentioned matters.** Great things can be achieved now if everyone works together. It is by acting as a community, rather than as separate individuals, that difficult projects can be undertaken and completed. Sharing of experiences that build community values. Co-operation.
