

WM. J. BERNHARD
ARCHITECTURAL DRAWINGS
COLLECTION

(1997.2.4)

Original drawings, blueprints and specifications of Ephraim architect Wm. Bernhard. About 94 building projects or proposed building projects are represented in the collection. The majority of these building projects are located in northern Door County, although Sturgeon Bay and the Door County rural schools are also well represented. Wm. Bernhard is probably best known in Door County as being the architect for the Door County Historical Museum.

The collection consists of approx. 267 individual sheets in approx. 64 rolls in 1 box. Also included in the collection are 20 individual folders of specification sheets that refer to some of the building projects.
