Re: Section D, Lot 160 W $\frac{1}{2}$

Dear Ms. Justman:

Secretary
Carl W. Schumacher, Jr.

I am writing to you as the current owner of the above-referenced lot in Glenwood Cemetery.

Robert L. Dabney
Catherine Cage Bruns
Susan C. Garwood
William R. Lummis
Francita Koelsch Ulmer
Carolyn H. Wallace
Mary Ann Weems
Nina P. Wickman
Joanne Seale Wilson
Wallace S. Wilson

I have enclosed a photograph of the lot and two photographs of a 51"-tall marble marker that is on the lot. The top section of the marker has broken into three pieces that are stacked precariously on the base. In addition, the base is not attached to the foundation. The pieces are in danger of falling and injuring someone or becoming lost. Because of that, marker has been scheduled to be repaired by the Glenwood Cemetery Historic Preservation Foundation at an estimated cost of \$150. As you are aware, the Foundation is a 501(c)(3) organization formed in 1999 to raise funds for the preservation of Glenwood Cemetery through projects beyond the scope of day-to-day cemetery operations. If you wish to contribute to the cost of this repair, your donation will be most welcome.

If you would prefer to make this repair using your own contractor and at your own expense, please notify me no later than July 15, 2005.

Very truly yours,

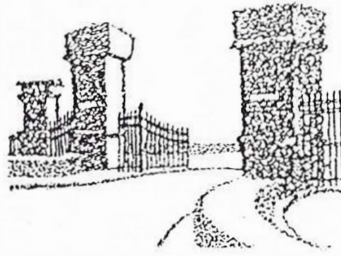

Richard A. Ambrus
Vice President and Treasurer

Re: Section D, Lot 149
Estate of Phillip R. Carson

Dear Mrs. Carson:

I am writing to you because you are listed in the Glenwood records as the owner of the above-referenced cemetery lot.

I have enclosed two photographs of the lot. In the close-up of the vase to the left of the entrance, you can see that the vase has broken completely through the stem. It is in danger of falling and injuring someone or becoming lost. Because of that, it has been scheduled to be repaired by the Glenwood Cemetery Historic Preservation Foundation at an estimated cost of \$200. As you are aware, the Foundation is a 501(c)(3) organization formed in 1999 to raise funds for the preservation of Glenwood Cemetery through projects beyond the scope of day-to-day cemetery operations. If you wish to contribute to the cost of this repair, your donation will be most welcome.

If you would prefer to make this repair using your own contractor and at your own expense, please notify me no later than July 15, 2005.

Very truly yours,

Richard A. Ambrus

She's the surviving spouse of a Mr. + Mrs.-owned lot. Is this correct nomenclature?

RAA comments: too harsh! Concerned about SC HPP liability if more damage occurs during repairs?
