Wood & Stone Akabond Clear Penetrating

Epoxies are specifically designed for strengthening porous and cracked stone surfaces.

When used in combination with glass fiber this system is the optimum choice for back surface reinforcement of brittle stone slabs. It is also ideal for structural strengthening of natural stone and concrete. Akabond is solvent-free, high penetrating epoxy which can be polished to a beautiful sheen after curing. All Akabond Epoxy products can be colored with our epoxy coloring pastes to match the color of virtually any stone. Available in quart size.

FYI: Wood & Stone is often referred to as Akemi.

DP-110 is a gray, fast setting, flexible, two-part adhesive with a 1:1 mix ratio for bonding many materials, such as metals, ceramics and many plastics. 9 minute worklife with handling strength in 20 minutes. Unlike many other fast cure two-part epoxies, this adhesive has excellent peel strength and shock and impact resistance. **DP-420** is a high performance two-part adhesive for bonding a wide variety of substrates with outstanding levels of reliability and durability. This product is toughened to provide high peel and shear strength. It has controlled flow, a 20-30 minute worklife, and a 2:1 mix ratio.

Other **3M Epoxies**, include the **DP100 Plus, DP105, DP460.**

Our setting bars are available in various lengths and with rollers (as seen above) or without.

JGS Granite Seal, made especially for Johnson Granite Supply, Inc. by Pecora Corporation is available in **Light Gray**, **Dark Gray** and **Mahogany**. Available in 1 gallon buckets.

Type "A" rollers and shackles are far and away the most popular for use with endless slings. The A-Shape gives sufficient and equal spread to the slings which gives balanced supervision at all angles.

Rollers will handle slings up to 4 1/2" wide.

Straight bar type shackles are handy where head room is limited.
Rollers will handle slings up to 4 1/2" wide.

Setting Cushions, plastic is stain-free, non-absorbent, will support tremendous weight and is inexpensive. When used in the cemetery, you only need to trim the setting compound once. The strips and cushions used in the display yard can be used over and over. Setting cushions are available, in 1/16", 1/8" and 1/4".

All **Setting Strips** are 1/4" thick and come in these lengths:
6", 8", 10"

No. 3 lead comes in 25 lb. rolls. Many setters still use lead to avoid joint compression on setting compounds.

Nylon Endless Slings are available in 3" or 4" widths, and we stock up to 8' in hanging length. We can custom order as well.

When the load may reach 2000 lbs. of solid granite, you need a truck that has something extra. Our monument trucks have four 12" pneumatic tires, a 1/4" thick steel toe plate, and balanced so you never feel the load. With or without brakes. Both have no-mar vinyl facing on toe.

Filler Tips:

"During the cooler temperatures, it takes filler longer to dry for the best adhesive quality. To help, either allow more drying time or add a fan/heat lamp to the production line."

Dear Applicant:

Based on information you supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from federal income tax under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3).

Because you are a newly created organization, we are not making a final determination of your foundation status under section 509(a) of the Code. However, we have determined that you can reasonably expect to be a publicly supported organization described in sections 509(a)(1) and 170(b)(1)(A)(vi).

Accordingly, during an advance ruling period you will be treated as a publicly supported organization, and not as a private foundation. This advance ruling period begins and ends on the dates shown above.

Within 90 days after the end of your advance ruling period, you must send us the information needed to determine whether you have met the requirements of the applicable support test during the advance ruling period. If you establish that you have been a publicly supported organization, we will classify you as a section 509(a)(1) or 509(a)(2) organization as long as you continue to meet the requirements of the applicable support test. If you do not meet the public support requirements during the advance ruling period, we will classify you as a private foundation for future periods. Also, if we classify you as a private foundation, we will treat you as a private foundation from your beginning date for purposes of section 507(d) and 4940.

Grantors and contributors may rely on our determination that you are not a private foundation until 90 days after the end of your advance ruling period. If you send us the required information within the 90 days, grantors and contributors may continue to rely on the advance determination until we make a final determination of your foundation status.

GLENWOOD CEMETERY HISTORIC PRESERVATION FOUNDATION

If we publish a notice in the Internal Revenue Bulletin stating that we will no longer treat you as a publicly supported organization, grantors and contributors may not rely on this determination after the date we publish the notice. In addition if you lose your status as a publicly supported organization, and a grantor or contributor was responsible for, or was aware of, the act or failure to act, that resulted in your loss of such status, that person may not rely on this determination from the date of the act or failure to act. Also, if a grantor or contributor learned that we had given notice that you would be removed from classification as a publicly supported organization, then that person may not rely on this determination as of the date he or she acquired knowledge.

If you change your sources of support, your purposes, character, or method of operation, please let us know so we can consider the effect of the change on your exempt status and foundation status. If you amend your organizational document or bylaws, please send us a copy of the amended document or bylaws. Also, let us know all changes in your name or address.

As of January 1, 1984, you are liable for social security taxes under the Federal Insurance Contributions Act on amounts of \$100 or more you pay to each of your employees during a calendar year. You are not liable for the imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the private foundation excise taxes under Chapter 42 of the Internal Revenue Code. However, you are not automatically exempt from other federal excise taxes. If you have any questions about excise, employment, or other federal taxes, please let us know.

Donors may deduct contributions to you as provided in section 170 of the Internal Revenue Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of section 2055, 2106, and 2522 of the Code.

Donors may deduct contributions to you only to the extent that their contributions are gifts, with no consideration received. Ticket purchases and similar payments in conjunction with fundraising events may not necessarily qualify as deductible contributions, depending on the circumstances. Revenue Ruling 67-246, published in Cumulative Bulletin 1967-2, on page 104, gives guidelines regarding when taxpayers may deduct payments for admission to, or other participation in, fundraising activities for charity.

You are not required to file Form 990, Return of Organization Exempt From Income Tax, if your gross receipts each year are normally \$25,000 or less. If you receive a Form 990 package in mail, simply attach the label provided, check the box in the heading to indicate that your annual gross receipts are normally \$25,000 or less, and sign the return. Because you will be treated as a public charity for return filing purposes during your entire advance ruling period, you should file Form 990 for each year in your advance ruling period that you exceed the \$25,000 filing threshold even if your sources of support do not satisfy the public support test specified in the heading of this letter.

If a return is required, it must be filed by the 15th day of the fifth month after the end of your annual accounting period. A penalty of \$20 a day is charged when a return is filed late, unless there is reasonable cause for the delay. However, the maximum penalty charged cannot exceed \$10,000 or 5 percent of your

GLENWOOD CEMETERY HISTORIC PRESERVATION FOUNDATION

gross receipts for the year, whichever is less. For organizations with gross receipts exceeding \$1,000,000 in any year, the penalty is \$100 per day per return, unless there is reasonable cause for the delay. The maximum penalty for an organization with gross receipts exceeding \$1,000,00 shall not exceed \$50,000. This penalty may also be charged if a return is not complete. So be sure your return is complete before you file it.

You are not required to file federal income tax returns unless you are subject to the tax on unrelated business income under section 511 of the Code. If you are subject to this tax, you must file an income tax return on Form 990-T, Exempt Organization Business Income Tax Return. In this letter we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

The law requires you to make your annual return available for public inspection without charge for three years after the due date of the return. You are also required to make available for public inspection a copy of your exemption application, any supporting documents and this exemption letter to any individual who requests such documents in person or in writing. You can charge only a reasonable fee for reproduction and actual postage costs for the copies materials. The law does not require you to provide copies of public inspection documents that are made widely available, such as by posting them on the Internet (World Wide Web). You may be liable for a penalty of \$20 a day for each day you do not make these documents available for public inspection (up to a maximum of \$10,000 in the case of an annual return).

You need an employer identification number even if you have no employees. If an employer identification number was not entered on your application, we will assign a number to you and advise you of it. Please use that number on all returns you file and in all correspondence with the Internal Revenue Service.

If we said in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help resolve any questions about your exempt status and foundation status, you should keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown in the heading of this letter.

Sincerely yours,

District Director

Hector,

Thank you for your assistance today and for faxing the invoice.

I believe the grinder we are using is smaller than the one you showed me. It is a Makita 9564CV, 115 mm / 4-1/2". It doesn't have those collars you showed me, and the grinding surface is smaller. If you have heads for our machine that will allow the nut to be recessed, I'm definitely interested.

Kathy,

Can you cut me a check payable to Gran Quartz for 27.47? I went out to buy stone setting supplies from them on Saturday and Dick said I could put in for reimbursement, but they were CLOSED (second time they have done this to me). Grrrr. I'm going to go out there on my lunch hour, if you can get the check by then. Vendor's address is 13230 Hempstead Road, Houston, TX 77040-6530.
