I've put flags on some lots in C-2 along the entrance road, as well as two lots in the second row from the road (C-013 SE¼ (Lucy Bailey) and (O'Leary and Meyer).

The grass on the following lots was affected by the restoration. In many cases, the area is 2-3 s.f. and it will probably cover by the end of summer. In others, it may be too shady for grass. I leave it to your discretion whether to put sod on them.
