2011

GOOD BRICK AWARDS

The mission of Greater Houston Preservation Alliance is to promote the preservation and appreciation of Houston's architectural and cultural historic resources through education, advocacy and committed action, thereby creating economic value and developing a stronger sense of community.

Since 1979, Greater Houston Preservation Alliance has presented the Good Brick Awards to recognize leadership and excellence in historic preservation, including renovation, restoration, adaptive reuse of commercial and residential buildings, as well as project planning, publications, heritage tourism, heritage education, and preservation of monuments, parks and landscapes.

In conjunction with the Good Brick Awards, the Houston chapter of the American Institute of Architects, Houston Chapter, presents the Twenty-five Year and Fifty Year awards honoring distinguished architecture of lasting value.

GHPA PRESIDENT'S AWARD: BOB FRETZ, JR.

Bob Fretz, Jr. is receiving the GHPA President's Award for his outstanding personal and professional contributions to preservation in Houston. As president of Fretz Construction Co., he has played an integral role in the restoration of several historic churches throughout the city.

Bob is in the unique position of restoring buildings, such as Holy Rosary Church (1933), that his grandfather built. Bob won a Good Brick Award for his own adaptive re-use of the former Byrd's Department Store on Main Street. Fretz Construction was the original contractor for Byrd's in 1934 (below left); Bob Fretz, Jr., redeveloped the property as Byrd's Lofts in 2006 (below right).
