Subject: O'Leary Lot Restoration
Date: April 12, 2005

Clarification: The O'Leary lot (beside the office) that was recently restored and cleaned is actually F-002 and F-002.5, although there is no visible division between the two. Elizabeth Rockwell is our contact for F-002.5; there is no contact for F-002. F-002 is classified 96 (no address).

Wally Wilson also has a familial connection to the O'Leary lot. Would you like to send him copies of the photographs and a brief description of the work?
