

Houston Recalled

SIX
MINIATURES

By
George Fuermann

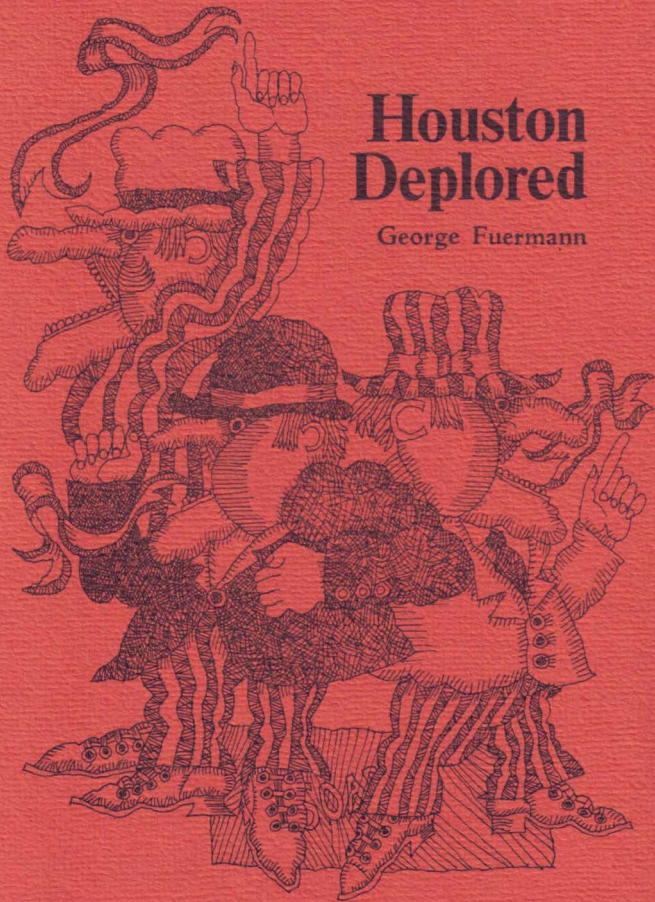

The multi-talented George Fuermann is a literate and witty newspaper columnist, an accomplished gourmet, a dedicated patron and conservator of the arts, and an historian of increasing distinction. More than a little of each facet of Fuermann is projected in these vignettes of an earlier, and perhaps a more serene, Houston.

It is a pleasure to send you this set from a limited and one-of-a-kind edition.
