You asked me to investigate a complaint you received from a woman on the grounds who said the "statuary" on the Jeanes lot needed to have some dirt put under it.

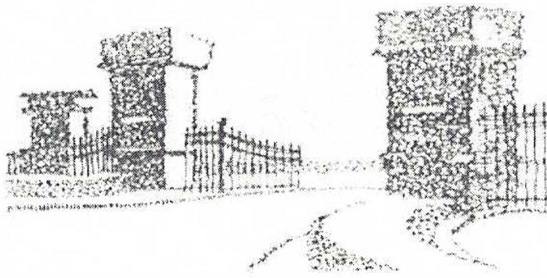

The Jeanes lot is comprised of the three lots referenced above, a total of 1,144 s.f. None of the lots has Special Care. There are 26 burials. Our contact is a Mrs. Perry in Magnolia.

I've attached photos of the large monument, a closeup of the foundation, and the two rows of markers. The rows aren't perfectly straight and level, but they're not really in need of repair. The foundation on the east end of the large monument is slightly exposed, but adding dirt to cover it would require that the area around it also be raised and the grass replaced. The foundation on the west end is covered by the grass.

Let me know what, if anything, you want done.
