Elizabeth,

I feel sure we can improve your father's headstone. I will visit the site tomorrow and contact you with an estimate of cost and scheduling.

Hi Martha,

Bernice suggested that I write to you to inquire about the headstone of my father, John W. Head, Lt. Col, that is located on lot F33 in Washington Cemetery. The headstone is considerably lower than the rest of the lot including grass covering my father's grave. I was wondering if that headstone could be raised where it is more even with his grave? and how much it would cost. Thanks for the help with this.

good morning,
thanks so much for handling this for me. the price is fine. and i really think that your right about waiting about the mound until its a little cooler. the cemetery really looks good. we've come a long way. thanks again for the help,

elizabeth

Mrs. Elizabeth Larimore

Dear Liz:

Enclosed is the invoice for the repairs to your father's grave in Washington Cemetery. Please do not hesitate to call on us if there is other work to be done.

Thank you so much for the tip on Becky's Wigs. I liked the way they sounded on the phone, and I plan to go there on Saturday.

I'm so happy we had the chance to meet on Saturday. You are delightful, and I truly enjoyed our short visit.

Sincerely,

Martha W. Peterson
