ESCONDIDO CHAMBER OF COMMERCE

Escondido, California, Feb. 1-24

Mr. Joseph Foster,

Chairman, Supervisors,

San Diego.

Dear Mr. Foster:

It has been called to the attention of the Board of Directors of Escondido Chamber of Commerce by several of our good friends at the Rancho Santa Fe, that they are very desirous of having the Alliso District enlarged to include portions of their Rancho Santa Fe so that proper grammer school facilities may be afforded the large number of families which undoubtedly will settle there in the near future.

We are deeply appreciative of the great work of development which the Santa Fe Railroad and their associates are carrying on at the Rancho Santa Fe, and we realize that this means a great deal not only to Escondido but to every part of San Diego County.

It would seem that anythingwhich these people might request which would further their work of development, without cost to the county, should be only too willingly granted, especially when in accordance with justice and reason.

Our Board of Directors are strongly in favor of this proposal, and we trust that you and your Board will be able to make the orders requested at an early date.

Cordially,

Escondido Chamber of Commerce,

B. C. Wohlford, President

Endorsed: Filed Feb 4 1924

J. B. McLees, County Clerk,

By B. Allen, Deputy.
