The Association Bulletin.. The "Divot"...

Last January The Village Press published and distributed free of charge, the Rancho Santa Fe Telephone Directory. Because so many have told us how useful and helpful it has been, we are preparing to expand and improve the next issue.

Will you help us to compile the necessary information by completing the card which will soon be placed in your P. O. Box and returning it promptly?

Many Thanks

Rancho Fire Department devotes much time to teaching safety to our elementary school children. Here a class watches a demonstration of some equipment. October is National Fire Prevention Month.

Guest Editorial

Chief James Fox
"A little fire is quickly trodden out,
Which being suffered rivers cannot quench."
Shakespeare.

Although the monetary loss by fire was more than \$1.7 billion dollars last year, it's most terrible cost was counted not in dollars but in human misery. Fire claimed 11,800 lives in this Country in 1963. What is more tragic over 3,000 of these were children. These are heavy costs to bear for an act of negligenc and ignorance. This record could have been much different had everyone assumed personal responsibility for observing the rules of fire safety at home and on the job.

Fire Prevention Week which this year falls in the period of Oct. 4-10 commemorates the people and homes lost during the Great Chicago fire of 1871.

It is axiomatic that every important step in the direction of fire prevention has been stimulated by

some great fire tragedy. There are many examples where this has been so, one in particular was establishment of forest preserves resulting from the aftermath of the Peshtigo Fire of 1871 in which 1152 lives were lost.

It is accepted of course that fire risk is one of the unavoidable handicaps of civilization. Potential bonfires are provided by the aquisitive habits of mankind and with these bonfires are habitually associated the means of ignition. To put it bluntly outbreaks of fire can never be entirely eliminated from a civilized community. Theoretically it ought to be possible to do so, but it is not likely to happen. Combustible materials such as foodstuffs, textiles, timber, oils, paper are a necessary adjunct to modern life as are the potential sources of ignition.

Total elimination of fire and its terrible aftermath being unattainable, mankind must resort to the common sense approach of reducing hazards to a minimum. This approach again has many pitfalls. Fire experts know only too well the extreme difficulty in making those who have never experienced a fire appreciate the risk.

Fire prevention is the concern of every individual in a civilized community. Far too many persons are totally unaware that they have any responsibility in the matter. Recent tragic events in Santa Barbara epitomizes the problems which the Fire Service faces.

It is therefore most improtant that we let the history of Fire Prevention Week alert us to the ever present danger of and to an understanding of what fire is and how it can serve or destroy us. We can not afford to gamble on the financial headaches or family heartaches that fire inevitably brings.

**Fire prevention is everybodys business.
Do not give fire a place to start.**

the clubhouse on Thursday, October 22nd, for classification. Anyone with items too large and heavy for them to transport may call Mrs. Paul Roberts, 756-1463, who will arrange to have them picked up.

Judging will start at 11 a.m. and anything received after 10:30 will not be eligible for judging. The Judges are members of the Laguna Beach Garden Club, and are:

Mrs. John Sharon Mrs. Lloyd Case
Mrs. Walter Roabe Mrs. Herman Whitmore
Mrs. Paul Dodds Mrs. Alfred Webster

Mrs. Clifford Tanner will be present on Friday morning to identify roses, and will also have an exhibit of ground orchids, a hardy outdoor plant which blooms the year around.

Mrs. Will wishes to stress that entries of amateurs are especially encouraged and welcomed.

The clubhouse will be open for removal of exhibits Sunday, October 25th, from 9 to 12.

Garden Club Improvements

As you pass the Garden Club don't fail to notice the improved landscaping and the new sidewalk along the west side of the Garden Club Building.

A full covering of everygreen Juniper flanks the right entrance to the building, and a hedge of Zylisma along the front of the building at the left of the entrance gives privacy to the patio outside the kitchen entrance.

At the corner of El Tordo and Avenida de Acacias Kay Mitchell, House Committee Chairman of the Garden Club, who has brought about all this transformation, has donated and planted some very spectacular succulents.

Inside the Garden Club patio trees have been pruned and a Woodwardia fern, as well as some Maidenhair fern lend an atmosphere of charm and retreat to the already beautiful patio.

Vandalism

In recent weeks there has been a recurrence of the vandalism of last year with respect to the trees and shrubs planted by the Beautification and Conservation Committee and the County Road Maintenance Committee. Mr. Harrie S. Taylor, acting Chairman, stated that over the past month nearly a dozen shrubs have been rooted up and taken away and a number of small trees hacked down.

Last year the Beautification Committee offered a reward of \$50.00 for the arrest and conviction of those removing pine trees planted on Paseo Delicias. This reward is now extended to cover the first arrest and conviction for theft or vandalism of any village or county planting.

It is an amazing fact that some intelligent individuals are unaware of the fact that it is a misdemeanor or unlawful to pick or confiscate or remove any shrubs, plants, cacti or any growing thing from the roadside or from any property not their own. One woman was found doing just that along the roadside of Rancho Santa Fe and when asked politely by a passing resident what she was doing, blandly replied that she was taking them home. The resident calmly proceeded to take her car license number, whereupon she became disturbed and asked him not to report her. He agreed when she had carefully replaced the plants she had dug up.

Rabies Continues In County

Rancho Santa Fe is among many other things, a community of animal lovers with a very high and tender regard for their pets.

Dr. Herbert Willy Meyer was kind enough to draw our attention to the following alarming bulletin he received from J. B. Askew, M.D., M.P.H., Director of Public Health, Civic Center, San Diego 1 Calif.

Hilda, last vaccinated in 1962, is due for another rabies vaccination.

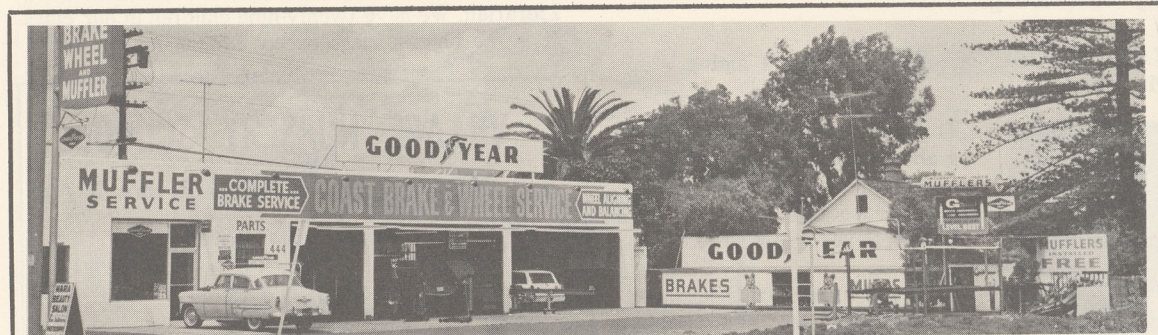

Prior to May, San Diego County had no laboratory confirmed cases of rabies for five months. The recent cases of rabies bring the total number in San Diego County in the current epidemic to 96. The reappearance of rabies also indicates that stray dogs are bringing rabies across the international border and may continue to do so. Dogs over four months of age should be vaccinated against rabies. At all times dogs should be confined to their owner's property or be kept on a leash.

COAST WHEEL & BRAKE SERVICE 444 First Street - Highway 101 - Encinitas

MUFFLERS — GOODYEAR TIRES — BRAKES — WHEEL ALIGNMENT

This month in the Rancho Santa Fe School!

TRISH FOARD, Grade 1 — Miss Holden

We're studying everything—butterflies, houses, dogs, cats, birds. Miss Holden even teaches music to us sometimes. It was called "Rhythm is Everywhere."

Senor Martin is teaching us how to sing in Spanish for "Hi, Diddle, Diddle, the Cat and the Fiddle." We're also learning parts for the Spanish play about five little pig-

gies. Everybody gets turns.

Shawn brought his dog to class and he was all wild around the room. He also brought us a book about Monarch butterflies and we found out how they start and on and on and on—

John brought a live snake and two snake skins for us to see, and Heven showed us his live baby Tarantula.

Something sad—I fell down and skinned my knees every day.

Harvey brought a book about Indians.

Our new students are—Vicky, Susan and Craig.

BETSY DODDS, Grade 2 — Miss Kawano

Our teacher is Miss Glenda Kawano, daughter of Sam Kawano who works at the school.

My mother had a new baby. She is almost three months old.

Kimmmie Apple's mother and dad went to Alaska this summer.

In a couple of days Chipper Brown is going to have a birthday party.

Lindy Novak has a new puppy called Cassius.

The new kids in our class—April Gaunce and the boys name is Sage.

KATIE VAN BENSCHOTEN, Grades 2 and 3 Mrs. Mathews

This year we have been learning about North America's history and the Bill of Rights. We've had some science experiments.

Louise Bovee's Mother went to Japan.

We are sorry Martha Driggs and Ann Dawkins are sick. Debby Bray's rabbit had baby bunnies.

They named two bunnies. One is

Baby Cleo, the other is Baby Gray. There will be lots more news next month.

JOEY KOWALSKI, Grade 3 — Mrs. Parkinson

Hi!

Mrs. Parkinson's third graders are back in school.

We have been studying about shells. Lynn Perry and Kathy Haflinger are among those who have brought shells to share.

There are five new boys in our room. They are: John Hendrick, Joe Freeman, Robert Van Evera,

Chip Gaunce and Jeff Emerick.

Steven Hopkins has been sharing his summer with us. He visited the World's Fair in New York and also went to a good camp.

My sister found a baby king snake which I brought to visit the class.

We might be starting a Cub Scout group among the third grade boys.

We are planning a field trip to Cabrillo Monument on Monday, Columbus Day.

See you next month with more news.

DIANE HOADLEY, Grade 4 — Mrs. Feist

Well its back to school again! Meredith Pierson had her birthday on Friday, the eighteenth of September, she was nine. Martha Schmitt was nine on September 22, too. Mary Foard went to the High Sierras for her vacation. Mike Holland went to Arizona and visited sixteen National Parks. He was a week late for school because

he had such a long vacation

We elected class officers about two weeks ago. I'm President, David Cocks is Vice-President, Ellen Starting is Secretary, and Meredith Pierson is our Librarian. We have twenty-nine children in our class. It is the biggest class except for the kindergarten.

E. J. HELTZEL, Director

JOHN HERBERT, Grades 4 and 5 — Mr. Osting

Hello Readers:

We are back to school after a very nice summer vacation. Our 4th and 5th grade has a new teacher, Mr. Osting. He is very nice and he seldom gets angry. After our pledge of allegiance Mr. Osting talks to us about Democracy and Freedom and Patriotic things.

Mr. Osting has a chart with all the students names, it is called a discipline chart. The children who don't get any bad marks get a treat at the end of the week, either an ice cream bar or sunflower seeds.

We have a new girl, her name is Ann Hendricks, she moved here from Del Mar.

The 5th and 6th grades are having a contest for the best Fire Prevention posters. Steven Shipkey made a very good one. Chief Fox is going to judge them all.

Our class got the display case in the entrance to show our toothpick art. These are artistic designs made from toothpicks glued to blocks of wood, then spray painted. We hope some of the parents will see them if they come to school. The class voted for the best ones. Bobby Dee got first, Tim Savage got second.

Mr. Osting has lots of new games to teach us, some of them we have never played before.

BARRY BELL, Grade 5 — Mrs. Taylor

These first three weeks have been organizing and getting used to our classrooms.

This summer Lila Mandelic went to Czechoslovakia and Lisa Berkson went to New Zealand. Last week and the week before we made fire prevention week poster contest.

This last week we were assigned presidential reports and they are

due November 2.

These reports will be a large part of our report card grades.

Well that's about enough for this time.

MARK GIFFIN, Grade 6 — Mrs. Ross

At the first of this year we elected class officers. They are: President, Larry Groth — Vice-President, Chris Kane — Secretary, Meg Witwer — Treasurer, Bart Worthington.

We made posters for fire prevention week. Two groups made model schools, Larry Groth and Jim Haflinger made one and Coby

Borst, Whitney Todd, Bart Worthington, Chris Kane made the other.

This should be an exciting year. I'll tell you more next month.

MARY HADDAD, Grade 6 — Mr. Taylor

Most of the pupils in Mr. Taylor's 6th grade class were busy going places last summer.

Chip Chapin went to Europe. Scott Starting visited his Great Aunts in Minnesota. Yeager Cantwell went to Ontario, Canada. Debbie Wynne visited Ensenada, Mexico.

Brian Frick is a newcomer to Mr. Taylor's 6th grade class.

October 5, 1964 Mr. Taylor's 6th Grade class elections: Chip Burger is President—Monte Etherson is Vice-president—Candy Coberly is Secretary.

DEBBIE KOWALSKI, Special Band and Choir Reporter

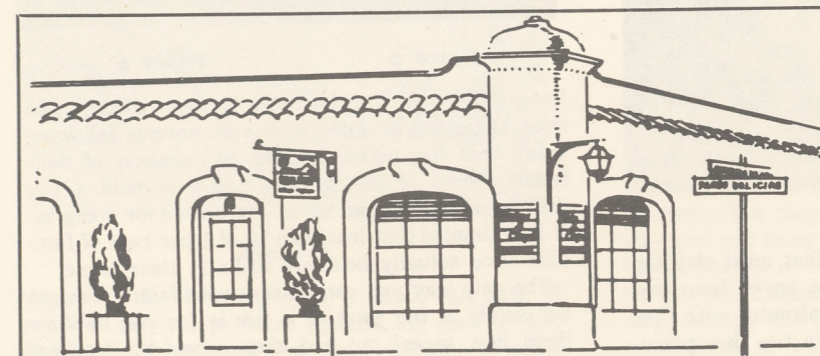

Hello Readers!

No—there really aren't any song birds in the Ranch. It only seems like it. What you are hearing are voices trying out for choir, and various instruments tuning up for band.

Mr. Paul Biggins, who is the director of both groups is anticipating another successful and melodious

year. I am to be your special band and choir reporter for this school year and I know there will be many interesting news items to report each month.

See you next month!!!

HARRIET DEVINE

If fire strikes... ARE YOU READY?

Fall is here again! The days are brisk and the nights are cool. There's a smell of wood smoke in the air, and a haze from burning leaves in the autumn sky. It's the time of the year to read by a crackling hearth fire or to turn on the furnace for relaxing warmth. Fire is comfort, safety and security—but BEWARE—it can become roaring, searing, and dev-

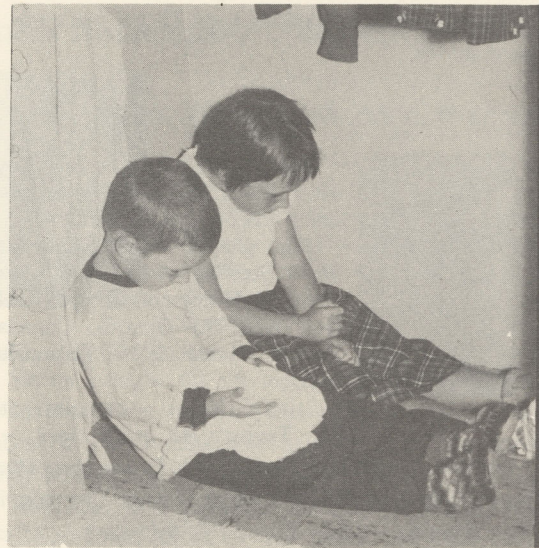

Figure 1

astating destruction! Consider the fire record in homes. Every year 586,000 homes and apartments are destroyed or damaged annually, 11,600 people will lose their lives needlessly because of fire this year, and over 3,000 of these will be children—perhaps one of the children you know.

You may ask how it is possible for so many people, especially children, to be trapped in a house fire. Why don't they jump or crawl out of a window? After investigation of several hundred fires where persons

Figure 2

had lost their lives, it was found that most children perish in fires because they have never been told what they should do if they are confronted with fire. Thus, when children are faced with fire they panic, instead of doing the sensible thing, climb out a window onto the porch or roof, they crawl under the bed or hide in a closet. In the majority of cases

where children perish in fires, this is where the firemen discover their bodies. Fig. 1.

The California Administrative Code provides that fire drills be carried out in public and private schools at least once a month. The first prerequisite of an effective fire exit drill is the response on the

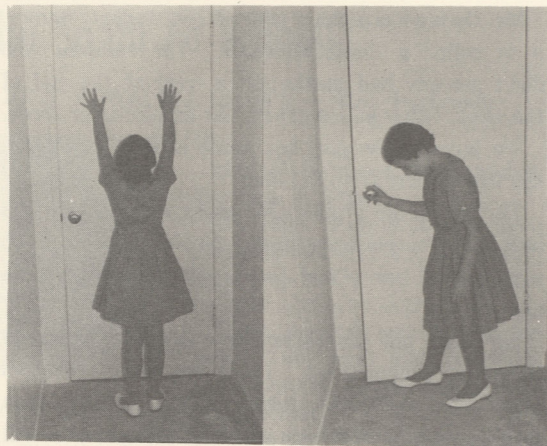

Figure 3

Figure 4

part of students and teachers born of the conviction that these are necessary precautionary procedures. But, how about your home?

A possible reason that many parents have not assumed the responsibility of teaching fire safety to their children is because of their attitude towards fire. "Fire is something that happens to someone else, maybe, but not to me". The destructive potential of fire is often dismissed in this casual and careless way. Most people think they are careful where

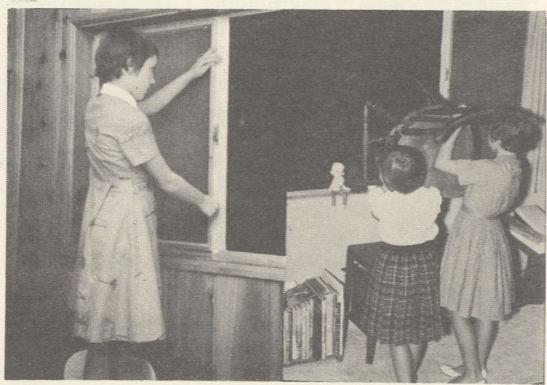

Figure 5

Figure 6

fire is concerned. This has been brought out time and time again during interviews with parents following a fire that has taken the lives of members of their family. None of the families had ever held a fire drill because they had never felt a need for doing so. It is estimated that less than 1/2 of 1 per cent of families have actually held fire drills in their home.

The only way you can be sure your family can get out safely at the time of a fire is for you to show them how to get out and then carry out frequent fire drills. Then if fire occurs the children will not panic, they will follow the dictates of their training and get out of the fire alive.

How to get started? After dinner, ask the family to remain at the table. Discuss with them the possibilities of a fire occurring in your home. Draw a floor plan of your home showing main exits and

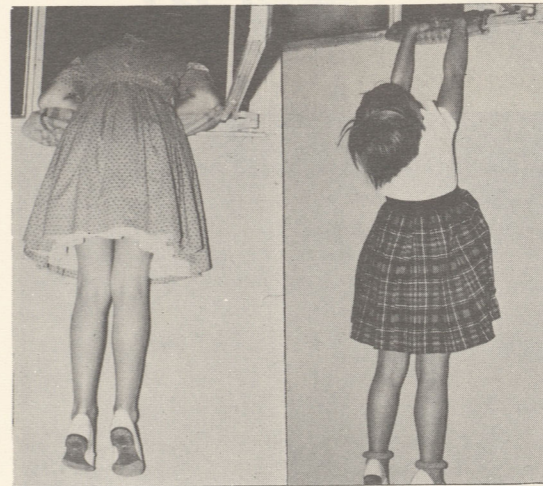

Figure 7

Figure 8

alternate exits that could be used at the time of a fire to escape. Fig. 2

Explain how smoke, hot gases and fire block exits by traveling upward and outward, starting in the basement and traveling up stairways and through walls. Instruct that bedroom doors should be kept closed while persons are sleeping because a closed door will hold back fire and heat for several minutes. If a person is awakened by smoke, the door should not be opened immediately. Heat and flame may have built up outside the door to the extent that it would not be safe to open it. Fig. 3. Place hands at the top of the door and if it is hot to the touch, do not open it. There is too much heat on the other side and you would not stand a chance of getting out that way. You must leave the room by the previously selected alternate exit.

If the door is not hot, it may be carefully opened about an inch. Care must be taken to avoid a back draft or explosion when fresh air from the room meets the fire outside. Brace a foot against the

Figure 9

bottom of the door and open it about one inch. If you feel extreme pressure against the door or feel an in-rush of heat and fire, close the door at once. There is too much heat on the outside for you to leave by the door. Fig. 4. If there is no pressure and you feel no great amount of heat, then open the door wide enough to look into the hall. If you see

smoke but no fire and do not feel extreme heat, you may proceed rapidly through the hall and to the outside.

It is easy to say that if the bedroom exit is blocked by fire you should leave the door closed and leave the room by a different way, however, this isn't always easy. Some windows are difficult or impossible to open. Children should be instructed how to open window, remove storm sash, screens, etc. Fig. 5.

It may be impossible for the child to remove the screen or to open the window. The child should be instructed to throw a chair or some similar object through the window or screen, clean out sharp pieces of glass or wire and then climb out. Fig. 6.

The usual way to climb out of a window is to go out facing the window and jump from a sitting or standing position. This can prove very dangerous. Many persons have been injured when their clothing caught on the window and turned them over, causing them to land on their head or back. The safe way is to slide out of the window on the stomach, hang onto the sill, then drop to the ground. Fig. 7. You have shortened the distance of the drop by the length of your body and arms and you will most likely land on your feet, thus, lessening the possibilities of being

Figure 10

injured. Fig. 8.

If at all possible, the alternate exit chosen should lead to an adjoining roof. Children should be instructed to climb out on the roof and then if the roof is very steep, instructed to lay down and stay there until help arrives.

If you find an unconscious person, put him on the floor if he isn't already there. Turn him on his back and quickly tie his wrists together. A hankie will do. Kneel astride him and put your head between his tied wrists. You can then crawl forward, dragging him beneath you, even though he is much heavier than you are. Fig. 9.

Have a point of rendezvous, a place for the family to meet when they leave the burning house. In this way you will know if everyone is out. Parents should be cautious in re-entering the building. Fig. 10.

Fires are caused by the ignorant careless acts of men, women and children. In spite of all your precautions to prevent fire in your home, sometime you will have a fire started either through ignorance, carelessness or an act of God. You will not have to worry if you have prepared your children for that time.

WILL THE REAL INTERIOR DECORATOR PLEASE STEP FORTH?

1. I yam a interior decorator. I decorate interiors wid paint. What color you want? I got red, orange, yellow, green, blue and purple!

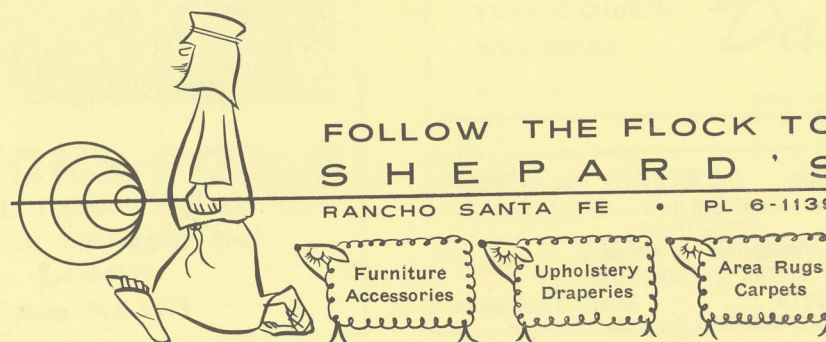

2. I, dahling, am THE interior decorator. I oooooo oo ooze with charm, good taste...and am personally very decorative. Your present interior is simply PERFECT, but needs just a teensie touch as a catalyst to merge the hues and planes and masses into one harmonious whole. I happen to have just the harmonious ash-tray to turn the trick. And lucky you, it's only \$156.98, dahling.

3. I'm Marilyn Shepard from Rancho Santa Fe. Interior decorating isn't advice for a price, but a combination of service, merchandise and educated good taste. We carry, or have access to, all types of furnishings and accessories to reflect any period or personality. In new homes we can start with the freshly plastered walls and plan colors, wallpaper, carpets, draperies, furniture and accessories. We supervise the complete production so that you may step into your dream home, perfect to the tiniest detail.

If you need a room or corner spruced up, we offer our own complete drapery, carpeting, upholstery and custom-made furniture services at prices competitive with any quality store.

If you're seeking a hanging, figurine or unique painting for yourself or as a gift, you'll be delighted when you browse in our shop in the heart of Rancho Santa Fe.

That's what "a real interior decorator" should be. That's what we are. With all proper propriety, that's why we are stepping forth.

GORDON CALDER

Via de Fortuna
Rancho Santa Fe
October, 1964

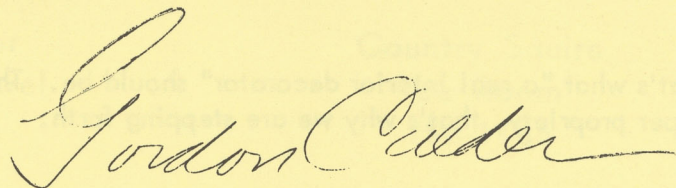

An Open Letter:

It has frequently been said, "it is a privilege to live in Rancho Santa Fe". However, with this privilege there are numerous obligations and responsibilities upon the people who live and dwell here.

The Rancho Santa Fe Protective Covenant was established in 1928 and provides, among other things, for the unusually attractive and valuable high class of residences whereby the rare quality of its landscape, trees and shrubs and the fine architecture are maintained on a very high level wherein pride of ownership is clearly exhibited. With this standard in mind we should be ever aware of the appearances of our homes and surrounding property.

There is great "Esprit de Corps" among the residents of Rancho Santa Fe, needless to say, the great preponderance of the people maintain their homes and property in an impeccable condition. As we drive around the Ranch the very few homes that are not maintained to the highest possible degree are brought into sharp focus. It is incumbent on each of us to look at our property at arms length and poise the question; "Is my property and landscaping maintained in the highest standards possible? Is there just a little something that I can do to upgrade my property and eliminate any unsightly conditions which might exist and be distasteful for my neighbor or visitors to see?"

With the ever mounting pressure and rapid growth of our community we should constantly strive to maintain and preserve the Ranch as one of the most beautiful and desirable places in the United States in which to live. Yes, it is a privilege to live in Rancho Santa Fe but with it there are certain responsibilities and certainly one is the maintenance and upgrading of our home and surrounding property.

What's the new pipes and digging all about

Having received numerous inquiries from residents of the ranch for information regarding the 5000 feet of new pipeline that is presently being installed from the San Dieguito Reservoir area, down San Elijo to Ave De Acacias, along Ave De Acacias to Linea Del Cielo and from there to the immediate vicinity of the Santa Fe Irrigation District Office, it is pleasantly evident that local Ranchoites are vitally interested in the progress being made toward the delivery of better quality water from the new San Diego Acqueduct.

Work on the new 24" pipeline is progressing on time and with every effort being made for the minimum of inconvenience to all concerned.

It is anticipated that all of the new pipeline will be installed by January 1, 1965 and that we will be able to tie into our portion of the new aqueduct by March 1, 1965. Delivery of water from the aqueduct is tentatively scheduled to begin during March, starting date solely depending upon completion of present work schedules under the control of the city of San Diego.

Consumers in the irrigation district are scheduled to receive 2nd aqueduct water at intervals and not everyone will have the benefit of initial flow. The new system will be integrated into all systems in a program designed to provide maximum quality as quickly as possible.

Ralph M. Haney, manager and Frank Dropla, assessor of Santa Fe Irrigation District, review plans of new transmission pipeline system.

Association
 Bulletin
 and NEWS

**MINUTES OF THE REGULAR MEETING OF THE
 BOARD OF DIRECTORS OF THE RANCHO SANTA
 FE ASSOCIATION, FRIDAY, SEPTEMBER 4, 1964,
 9:00 A.M. IN BOARD ROOM**

PRESENT: Vice President Harris, Directors Hill, Larson, Loretz, Teagle and Thieme.

EXCUSED: President Teitsworth.

ALSO PRESENT: Secretary Van Evera and Assistant Secretary Allen. Association Members, Gordon Calder and Harry Lee. Non-Assoc. Member John Webster, Rancho Santa Fe Times.

The meeting was called to order by Vice President Harris.

MINUTES OF THE PREVIOUS MEETING:

It was moved, seconded, and carried unanimously, that the minutes of the previous meeting be approved.

SECRETARY'S REPORT:

Gross Receipts: The Secretary presented the Statement of Gross Receipts of the Association for the month of August, 1964.

Statement from J. A. Donnelley: The Secretary introduced a statement of expenses from the Law Offices of J. A. Donnelley, for services in connection with the Morgan et al vs. Rancho Santa Fe Association litigation. It was moved, seconded, and carried unanimously, that the expenditure be authorized, subject to review to the submitted statement by Director Thieme, Chairman of the Legal Committee.

Campbell-Morton Covenant Amendment: It was moved, seconded, and carried unanimously, that the Amendment to Declaration No. 1 of Rancho Santa Fe Protective Covenant in the case of Harold C. and Dorothy F. Morton and Gordon T. Campbell, be approved for posting for a public hearing to be held at 9:00 A.M. September 18, 1964.

DIRECTORS' REPORTS:

Director Hill reported on tennis activities and indicated that the memberships number 70 at this time. The topic of lighting the tennis courts for evening play was discussed and the Board requested that the Tennis Committee submit a precise estimate of design and costs for Board consideration. In view of the probable cost and current restricted budget it was suggested that the committee explore the possibility of substantial voluntary contributions, or assessments, to help defray the costs.

Director Larson reported on Golf Course activities.

Salary increases for Golf Course employees were discussed and the Secretary was directed to make a comparative study of salary schedules and relative costs at other and similar competitive golf courses and report at the next Board meeting.

Director Larson introduced Mr. Harry Lee, membership Chairman of the Golf Course Committee, who explained a program for encouraging additional non-resident membership. Further study will be given to the subject by the Golf Course Committee and a report made at the next meeting.

Director Loretz reports on the successful Clubhouse operation in handling the dinner arrangements for the Men's Club Invitational on the weekend of August 29-30. It was noted that the Clubhouse Steward, Jack Campbell, had suffered an accident on Friday evening which precluded his functioning on either Saturday or Sunday evening and Director Loretz commended the permanent staff of the Clubhouse on their capability in providing excellent and efficient service, despite Mr. Campbell's accident, with special attention to the fact that Mr. Milo Lenten, former Clubhouse Steward, was fortunately able to supervise operations on Sunday.

Special credit was given to Mrs. Peggy Booth as the person responsible for obtaining the additional flowers and landscaping for the entrance to the Clubhouse and the Patio from donors who preferred to remain anonymous.

It was moved, seconded, and carried unanimously, to approve the expenditure of \$65.00 for the purchase of two trees, used as part of the decorations, as permanent additions to the Clubhouse landscaping.

Director Teagle reported on the current status of the County's Master Plan for Major Highways as it affected Rancho Santa Fe. County Planning Commission action on the San Dieguito Estate Subdivision map is being held in abeyance until September 25th, to allow time for a solution of the highway problem. A meeting with county officials was held on Thursday, September 3rd, with another meeting scheduled within a week in an attempt to reach a solution which will be satisfactory to Rancho Santa Fe. A detailed account on the actions taken or contemplated will be made to the Board by a separate report.

Advanced Playing Privileges: "A"-208 "B"-126.

ADJOURNMENT:

There being no further business, the meeting was adjourned.

David A. Van Evera, Secretary

**MINUTES OF THE REGULAR MEETING OF THE
 BOARD OF DIRECTORS OF THE RANCHO SANTA
 FE ASSOCIATION, FRIDAY, SEPTEMBER 18 1964,
 AT 9:00 A.M. IN THE BOARD ROOM.**

PRESENT: President Teitsworth, Vice President Harris, Directors Hill, Loretz, Teagle and Thieme.

EXCUSED: Director Larson.

ALSO PRESENT: Secretary Van Evera and Assistant Secretary Allen; Association Members, R. M. Clotfelter and Hubert Brooke; Non-Association Member John Webster of Rancho Santa Fe Times.

The meeting was called to order by President Teitsworth.

PUBLIC HEARING:

It was decided to re-post the Public Notice in the

case of Gordon T. Campbell and Harold C. & Dorothy F. Morton, and more clearly indicate that the permission requested for keeping of not more than 50 horses is to be applied to each property under single ownership.

MINUTES OF THE PREVIOUS MEETING:

It was moved, seconded, and carried unanimously, that the minutes of the previous meeting be approved.

SECRETARY'S REPORT:

Highway Planning: The Secretary reviewed the status of the County Road Department study of the feasibility of various routes for prime arterials and major roads on the County Master Plan of Major Highways as they would affect Rancho Santa Fe. It was moved, seconded, and carried unanimously that the following resolution be adopted:

WHEREAS, the San Diego County approved Master Plan for Major Highways, dated March 1964, proposes several prime arterials traversing Rancho Santa Fe; and

WHEREAS, the County Road Commissioner, at the request of the Rancho Santa Fe Association, has determined that prime arterials skirting the perimeters of Rancho Santa Fe are technically and economically feasible as alternates to prime arterials traversing Rancho Santa Fe; and

WHEREAS, the Rancho Santa Fe Association, through its elected Board of Directors, acknowledges that future growth and development of the North County area may generate future requirements for a limited number of major roads within Rancho Santa Fe, but, speaking for the members of the Rancho Santa Fe Association, is opposed to their expansion into prime arterials; and

WHEREAS, the Board of Directors of the Rancho Santa Fe Association after careful consideration of all possible objective factors, discussions with interested parties, and meeting with the technical staffs of the San Diego County Planning Department and Road Department, have determined that the present and future interests of Rancho Santa Fe and the County of San Diego can best be served by Planning prime arterials through presently undeveloped areas outside of the covenanted areas of Rancho Santa Fe;

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the Rancho Santa Fe Association concurs with the San Diego County Road Commissioner and the Director of Planning in recommending to the San Diego County Planning Commission and to the Board of Supervisors a modification to the Master Plan of Major Highways which proposes a system of prime arterials outside the covenanted areas of Rancho Santa Fe, with such limited number of major roads within Rancho Santa Fe proper as future developments in the North County may make necessary or desirable.

SECRETARY'S REPORT:

Statement of Financial Condition: The Secretary presented the Statement of Financial Condition for the Association for the month of August, 1964.

Salary Survey: A salary survey of the Golf Course operations was presented to the Board. It was agreed upon that a similar salary survey should be made covering all employees of the Association, to be presented at the next Board meeting.

Engineering Contract: A contract for engineering

studies of a proposed automatic sprinkler system for the golf course submitted by the Rancho Santa Fe Engineering Company was referred to the Legal Committee and Finance Committee for study and report at the next meeting.

Nonresident Playing Privileges: A draft of a letter to be mailed to non-resident golf playing members was presented to the Board and action deferred for further study and consideration until the next Board meeting.

Golf Cart Tops: The desirability of equipping ten additional golf carts with tops was outlined for Board consideration. It was moved, seconded, and carried unanimously, to authorize an expenditure of approximately \$275.00 for the purchase of ten golf cart tops from the Marketeering Electric Cart Company; this expenditure to be charged to the capital improvements account.

Assessment Rate: The Secretary presented the recommendations of the Finance Committee for an assessment rate for the fiscal year 1964-65 be set at \$.70 per \$ 100 assessed valuation.

RECOMMENDATIONS OF THE ART JURY

After due consideration, it was moved, seconded, and carried unanimously, that the following applications be approved:

KEEPING OF ANIMALS

MCKINNEY, J. R. 4 horses on 4.9 acres, Pors Lots 1 & 2, Blk 3, Map 1742 (Lago Linda).

SWEENEY, M. K. 2 horses on 2.45 acres, Por of Lots 27 & 28, Blk 37, Map 2057 (Los Areoles).

On the following applications, the Board took the stated action:

SUBDIVISIONS:

PIGGOTT, E. J. Por Lots 4, 5, 6, Blk 7 (Avenida Alondra & ElMirlo) consisting of 11.9 (plus or minus) gross, into 3 sites of 4.9, 2.1 and 4.2 net acres. The Board approved revised subdivision map, dated 9/15/64.

LARSON, H. G. Por 9, Blk 47 (Las Planideras), consisting of 4.35 gross acres into 2 sites of 2.1 & 2.15 net acres. After inspection of property matter deferred for further consideration until next Board meeting.

GULLICKSON, H. Por 8, Blk 34, Map 1742 (La Orilla), into 3 sites. Board concurred with Art Jury finding that subdivision of this property into 3 building sites would not be objectionable.

ADVANCED PLAYING PRIVILEGES: "A" Cards - 208 "B" Cards - 126.

ADJOURNMENT: There being no futher business, the meeting was adjourned.

C. S. Teitsworth, President

MINUTES OF THE REGULAR MEETING OF THE RANCHO SANTA FE ART JURY HELD ON FRIDAY, SEPTEMBER 11, 1964, 9:00 A.M. IN THE BOARD ROOM

PRESENT: Members: President Calder, Arch. Eugene Cloyes, Alternate Coffin, Bldg. Com. Dewey.

ABSENT: Vice Pres. & Arch. Jung, Member Corlett and Alternate Ridland.

ALSO PRESENT: Secretary Van Evera, Asst. Secty. Allen.

The meeting was called to order by President Calder. On motions duly made, seconded and carried, the following business was transacted.

NEW CONSTRUCTION

The following application, approved since the last Art Jury meeting, was confirmed:

(1) BALDRY, G. A. RESIDENCE, Lot 29, Blk 37 Los Arboles).

Art Jury action was taken on the following applications:

(2) WASSER, E. L. RES., GAR., SWIM. POOL, Por 14, Blk 32 (Galzada de Bosque). Returned for reconsideration and amplification of plot plan.

(3) CULVER, L. B. Approval granted RESIDENCE, Por 66 & 68, Map 2129 (Sobre los Cerros).

(4) CALDER, H. F. Approval granted RESIDENCE, GAR., STABLE, Por 3, Blk 16 (El Vuelo).

ADDITIONS, ALTERATIONS, ETC.

Art Jury action was taken on the following applications:

(5) ALLEN, R. J. RESIDENCE, Addition, Family Room & Carport, Lot 8, Blk 33 (El Acebo). Returned for reconsideration and clarification of plan details.

(5a) CUMMINGS, B. K. FENCE, LIGHT STANDARDS, Por 3 Blk 23 (La Noria) Fence approved; applicant requested to resubmit plans for lighting.

(6) BYERLY, J. A. Approval granted SWIM POOL, Por 3, Vista del Rio (Zumaque).

(6a) WIEST, A. W. After an inspection of the property, approval granted swimming pool, Lot 7, Map 3591, Phillips Heights (San Elijo).

MINOR ARCHITECTURAL CHANGES

The following applications, approved since the last Art Jury meeting, were confirmed:

(7) McLAUGHLIN, L. B. PAINT SAMPLE, RES., Lot 67, Map 2129 (Maravillas)

(8) BLESSO, J. H. PAINT SAMPLES, RES., Por 4, Blk 29 (Las Colinas)

(9) LANDEN, R. A. PAINT SAMPLE, RES., Por 4, Map 2418 (Calle Corte)

(10) MACCONNEL, F. PAINT SAMPLE, RES., Lot 1, Blk 30 (Via de la Valle)

(12) EDWARDS, J. PAINT SAMPLE, RES., Por 5, Blk 22 (La Jacaranda)

KEEPING OF ANIMALS

(13) McKINNEY, J. R. Recommended to the Board of Directors that approval be granted for keeping 4 horses on 4.9 acres, Pors. Lots 1 & 2, Blk 3, Map 1742 (Lago Linda).

SUBDIVISIONS

(14) PIGGOTT, E. J. SUBDIVISION Por Lots 4, 5, 6, Blk 7 (Avenida Alondra & El Mirlo) consisting of 11.9 (plus or minus) gross, into three sites of 4.9, 2.1 and 4.2 net acres. After an inspection of the property tentative approval recommended to the Board of Directors contingent upon modification of parcel acreages in accordance with Art Jury recommendations.

(15) LARSON, H. G. SUBDIVISION, Por 9, Blk 47 (Las Planideras), consisting of 4.35 gross acres, into two sites of 2.1 and 2.15 net acres. After an inspection of the property approval recommended to the Board of Directors, with a recommendation for realignment of subdivision line.

(16) GULLICKSON, H. SUBDIVISION, Por 8, Blk 34, Map 1742 (La Orilla) into three sites. After an inspection of the property, it was the recommendation to the Board of Directors that number of sites is not objectionable.

Recent events of the Riding Club were a trail ride by the senior members to San Dieguito Park and back. This was followed by a luncheon on the club grounds which was prepared and served by Carmen Schoensee, Peggy Booth, Nonee Sullivan and Becky McWilliams. The Pleasure Horse Trials were held the following Saturday under the co-chairmanship of Kay Wellman and Thane Spur.

A new map of the riding trails on the Ranch will be available soon.

Future Events

October 17—Hunter trials at 10 a.m.

October 25—Halloween Fun Show at 1 p.m.

November 6—Junior Meeting, Fire Station, 7:30 p.m.

November 14—Hunter trials at 10 a.m.

A word to riders and golfers; when distracted in the pursuit of their favorite hobby, both can be inconsiderate, skittish, irritable, too downright ornery. As to riders; please don't pass a golfer on a dead gallop. The poor guy may be trying to sink that putt for the dough. As to golfers; please don't approach a horse and rider in your golf cart while making like the Super Chief. The results of either could be disastrous. The golfer could end up with a nervous breakdown, the rider in a hospital and the horse in a glue factory. Thank you.

Juniors

The past month has seen some very enthusiastic members join the ranks of the Rancho Riding Club Juniors. Susan Conway of La Jolla, and Lucy Murphy from here on the Ranch have turned out for almost every event, and have already taken home some ribbons. Virginia and Gloria Grigg, whose new home on Via de Fortuna is almost completed, are giving the old members some stiff competition. In fact, Virginia captured a High Point Trophy at the last Mounted Games Day. They'll be the ones to watch in the race for the big trophies at the end of the next year. Welcome to the Club, girls.

With the addition of these new members, we now have seventy-three Juniors participating in Club Events. They are competing with each other on two teams; Los Companeros, captured by Ginger Perry, and Los Conquistadores, headed by Brian Burns. At the end of December, the team having the most points compiled from all the events during the year will take possession of an impressive perpetual trophy, donated last year by Wes Hadden. At present this is on display at the Inn, but we hope to have it in our new clubhouse next year.

Our Second Annual Awards Dinner will be held in January, and, in addition to the Team Trophy, awards will be presented to the boy and girl scoring the highest number of points during the year. There are also trophies for the top scorers in each division, giving equal opportunity to beginning and advanced

riders. Conscientious workers have their chance to compete for two trophies; one for the boy, and one for the girl contributing the most service to the club in the past year. Besides the trophies, ribbons will be awarded to the runners-up in all classifications.

The Halloween Fun Show scheduled for Sunday, October 25th, is attracting much attention. We've heard rumors of several good costumes-in-the-making. If you haven't started yours yet, better get busy. It's later than you think. Remember, you must wear shoes to compete. Barefoot Indians, etc. are cute—but broken toes aren't. This is a Club rule for your own safety, so please comply.

The Junior Meeting at the Fire Station on November 6th should be a good one. Mrs. Rosen, recently arrived in this country from England, will show films of hunting to hounds and horse shows in her native country. As this is such a unique opportunity to compare our show techniques with the English ones, we are making a concession and allowing Senior Members to attend. Invite your parents; we're sure they will enjoy this.

Gourmet Steals

by Betty Blaisdell

If anyone has the idea that Ranch residents are kitchen-shy, this is undoubtedly a mistaken idea. There is, I find, much interest in good cooking, sensibly creative . . . without, that is, all the ridiculous time-consuming methods and hard-to-find materials which offer small rewards at best. Not that I, for one little minute, frown on the use of truffles, dashes of orange flower water and all the myriad of tasteful seasonings and garnishes that make eating worthwhile! (forbid); but I have in mind those glamorous offerings Gourmet Magazine continues to photograph year after year such as Pate of Quail en crouete. And another one mildly astonishing to me is that photogenic dish of golden, evenly pointed and puffed, oval spears of souffled potatoes in potato nest. If, by the way, anyone on the Ranch gets an urge to deliver such an offering for her own table and hasn't a bird's nest fryer, she may borrow my slightly rusty one any time. A new one from Bazar Francaise would probably come to her in precisely the same condition.

One of the newer residents to the Ranch (in the last three years) who certainly knows what she is about in that fine kitchen of hers is Mrs. Devlet Getson, whose beautiful house nestled amid some 50 acres is along Zorro Vista Drive. "Vicki" really cooks. She makes her own cheese (and I promised myself I wouldn't mention this!). Two gallons of raw milk every time the milk truck rounds the drive! I dare you.

Mrs. Devlet, coming of Syrian parentage, turns out many traditional dishes of her mother country, and, of course, uses lamb frequently in her meat preparations. An exceedingly tasty "turnover" she does for a main meat course, is called Beoreg". It is not too difficult and I think that much smaller ones could be interesting as hot hors-d'oeuvre. Here's the recipe:

LAMB BEOREG

Crust: ½ lb. melted butter
2 eggs
1 cup milk
1 small can Pet milk
1 yeast cake dissolved in water
Gold Medal flour (6-8 cups)

Mix all ingredients together, add flour to make a soft dough. Let it rise until double in bulk. Divide dough into egg size balls, roll out the size of a small saucer. Put tablespoon of filling on half of the dough, fold over, press edge with fork, brush with egg and bake until brown (about 25 min. at 350 degrees).

Filling: 2 lbs. ground lamb
4 med. size onions, chopped fine
2 tbl. butter
Salt, pepper, allspice.

Cook meat in frying pan with butter, onions and seasoning. Fry slowly until brown. Cool. Add to pastry when thoroughly cold.

ON THE SQUARE

Country Friends

The Country Friends held their monthly Board of Directors meeting, on Oct. 5, at the "Meetin' House" of the Inn at Rancho Santa Fe.

Uppermost on the agenda was the success of the "Appearance of Autumn" fashion show, held at the Inn on Sept. 15. Congratulations were given to Mrs. Vernon Gaston for her outstanding job as chairman. Net proceeds were higher than ever before at \$8818.19 This was due largely to the 16 sponsors who underwrote the expenses this year. Checks for \$1765 will go to each of the 5 agencies chosen to benefit this year. The agencies are: The San Diego Children's Home Assoc., Ltd., Friendship Center, Crossroads Foundation, Boys and Girl's Aid Soc. and Palomar Family Service. Also donated recently was \$1661 to the new Door of Hope. Total proceeds since the beginning of the fiscal year, June 1, are \$15,656 and the grand total is \$171,132 since the Country Friends began operations 10 years ago.

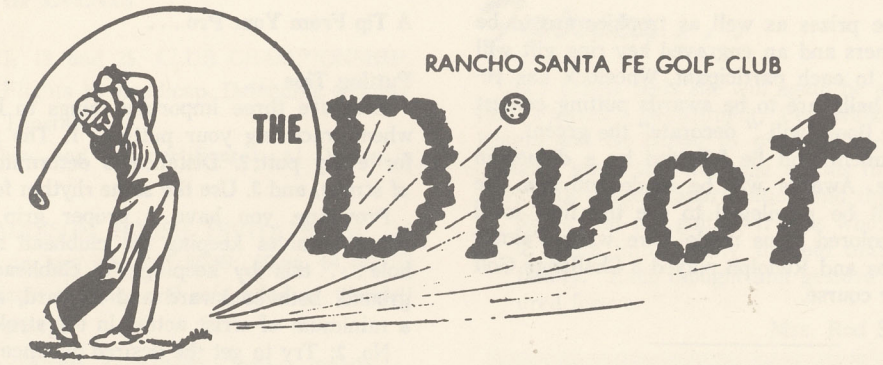

Also discussed was the upcoming membership luncheon to be given at the Torrey Pines Inn on Nov. 12. Two speakers from Synanon will be featured, Reed Kimball, a director and Mrs. Betty Mayer a staff member. Make reservations through your area director.

Rod Streed

The club lost one of its most congenial and valued members when Rod Streed was killed instantly Sept. 25 as an innocent victim in a crash on 101 in Rose Canyon. Rod had been club president in 1957, had been Divot editor since the first of this year and had always been a diligent and willing worker. He acted as manager of the Derby Day tournaments and constantly loaned a helping hand in other activities. He was a fine and enthusiastic golfer.

Rod was a native of Waukegan, Ill., a graduate of Purdue University, and was employed with General Dynamics-Convair in the engineering department. He came here from similar work in Oklahoma. Interment was at Fort Rosecrans National Cemetery following services at the Benbough Mortuary Sept. 30.

He leaves his widow, Donna, a daughter and a son born Oct. 5. Donna has requested that all donations in his memory be made to the Purdue University Memorial Scholarship Fund.

Only 44 years of age, Rod will be sorely missed by his host of friends throughout San Diego County and elsewhere. Here at the club he will be extremely difficult to replace. He'll be missed for a long time to come.

Annual Party Set For Dec. 4 . . .

The club's annual party is to be held at the Catamaran Hotel the evening of Friday, December 4, according to Bill Walker, entertainment chairman. He completed preliminary arrangements late last month. He advises that the same music, Van Woody

and his Orchestra, will play for dancing, that newly elected directors will be announced, and that Club Championship awards will be made. Retiring directors also will be honored at the party. Set the date aside right now and watch next month's issue of The Divot for full details.

'New Members' Stag, Tournament Nov. 7 . . .

A special "get acquainted with new members" event is being planned for Saturday, November 7. Being called a New Members Tournament and Stag, the board member in charge of arrangements is John Berkson who has disclosed that foursomes will be assigned and probably will be made up of two new club members (those joining during '64) and two older members.

Handicappers will be mixed up and play will be 18 holes. John says he is planning for a number of fine awards including a foursome prize, individual low net prizes in flights and a prize for the new member scoring lowest net. Ties will be broken by sudden death playoff, he says.

Dinner will be served in the clubhouse following the day's play and a cocktail party. Sign up for this special event at the pro shop and watch the bulletin board for further information and for assigned foursomes and starting times.

Housh Tournament Attracts Big Field . . .

At entry deadline Oct. 1, a total of 72 players had signed up to take part in the first annual Addison Housh Memorial Invitational tournament on Oct. 9, according to Wendell Wheelock, chairman, who is being aided by the other two members of the seniors' committee, Bill Colburn and John Novak.

This new annual event promises to get off to a rousing good start with a large and enthusiastic field, composed for the most part of Ad's former friends from all over the county. Ad passed away last September ('63) at the age of 84 (he would have been 85 the following month), and played golf here up to several weeks before his death. He was a beloved member of the club for a number of years and was always "straight down the middle" in every facet of his long life. The club is honored to hold this tournament in his memory.

Merchandise prizes as well as trophies are to be awarded winners and an engraved key ring gift will be presented to each participant, Wheelock has revealed. Golf balls are to be awarded putting contest winners. Peg Booth will "decorate" the green!

The tournament will be followed by a dinner in the clubhouse. Awards will be made and then the gathering will be privileged to see the first local showing of colored films made here when Palmer Player, Jacobs and Rudolph played a Challenge Golf match on our course.

Club Championship Underway October 4...

By October 1, more than 60 players had signed up to participate in the annual Club Championship tournament, set to start the weekend of Oct. 4. The event will proceed through the month, drawing to a close with final matches being played no later than Sunday, Nov. 1. Ricky Tunstall is defending champion, having defeated Cliff Randolph in the final round of 36 holes last year.

The tournament will be made up of five flights in accordance with handicaps as follows: 0-9, 10-13, 14-15, 15-19, 20 and over. The championship flight will play to scratch throughout, but the other four flights will be made up following completion of first rounds. Awards are to be trophies and gift certificates. Al Dutton is in charge, according to Gordon Ludwig, club tournament chairman.

1965 Team Matches, Thursday & Sunday?...

1965 may seem quite far away as a golfing year, but it is necessary now to think about Club Team Play. We have received a letter from SCGA asking our intentions for next year regarding team play. We must reply by Oct. 23!

We had only one team during the 1964 season, that being entered in the San Diego County League, which played only on Sundays. Prior to last year, we always had two teams, Sundays, and Thursday, competing in the SCGA League. Most of the teams were in the Los Angeles vicinity.

Whether we field one team, two teams, or none, depends on the desires of club members. Many of us find team play the best and most interesting part of the golfing season. However, it does require most of your day for six successive Thursdays or Sundays.

Many members feel that our best interests for a Sunday team lie with the S. D. County Golf Ass'n. We enjoyed a successful initial year and along with fostering golf locally the avoidance of long trips gives advantages to playing nearby courses. A Thursday team probably would play most of its matches in or near the Los Angeles area.

As far as possible, questions will be answered by Dr. Ned Fowler, Thursday team captain, and by Ralph McAfee, Sunday team captain, the pro shop or club members. A sign-up sheet will be placed on the bulletin board for prospective players.

— Ralph McAfee

A Tip From Your Pro...

Putting Tips...

Here are three important things to keep in mind when practicing your putting: 1. The same groove for every putt; 2. Distance is determined by length of stroke, and 3. Use the same rhythm for every putt.

Providing you have a proper grip and stance, No. 1 involves keeping the clubhead square to the hole... this by keeping the clubhead low to the ground, both backward and forward, and by using a minimum of wrist action in the stroke.

No. 2: Try to get the desired distance by lengthening or shortening the stroke... a long stroke for a long putt and a short one for the shorter putts. Too many try to hit the ball hard or soft, destroying the rhythm of the stroke, which leads to No. 3.

Try for a smooth even action... the same tempo for all putts, regardless of length. This cannot be done by a short jerky action, nor by a too slow and hesitant stroke. Both cause tension and erratic putting.

— Jim Boyle

RULES OF GOLF

Water Hazards

When a player's ball lies in or touches a water hazard, the question always seem to arise as to what the player can do as for as touching grass, bushes or trees on his back swing of follow through.

This should clarify the question:

When a ball lies in or touches a water hazard, nothing shall be done which may in any way improve its lie.

Before making a stroke, the player shall not touch the ground in the water hazard with a club or otherwise, not touch or move a loose impediment such as twigs, stones, bottles or anything in the hazard. But, the player is permitted to place his feet firmly in taking his stance, and also, while addressing or in the stroke or in the backward movement for the stroke, the club may touch any wooden or stone wall, paling or similar fixed object or any grass, bush, tree or other growing substance.

The player may not bend, break or move anything fixed or growing as except may occur in the course of fairly taking his stance or in making the stroke or back swing movement of his club for the stroke.

—Bob Utz, assistant pro

CALENDAR OF EVENTS

October 4, 11, 18 and 25, CLUB CHAMPIONSHIP. Match play. Flights by handicap. Defending Champion is Ricky Tunstall.

Prizes: trophies and gift certificates. Al Dutton in charge.

October 9 ADDISON HOUSH INVITATIONAL. 18 holes played in age groups: 55-59; 60-64, 64-69, 70 and over. Prizes: trophies and merchandise. Wendell Wheelock in charge.

November 7 "NEW MEMBER" STAG TOURNAMENT. Prizes: gift certificates. John Berkson in charge.

WELCOME NEW MEMBERS

New members of the club, accepted at last month's board meeting, are FRED GARDNER and DON FRICK. A hearty welcome to you both . . . and good golfing!

RYE PLANTING WILL BE WORTH IT!

Winter Rules had to be put into effect late last month and during the first part of October because of fairway aerating preparatory to the planting of rye grass. Progression of treatment following the plugging is cutting, seeding and then dragging with a section of chain link fencing, says the greens committee. The "rough" fairways were difficult for a short time, but results are going to be well worth the short "cussing" period!

RSF PLAYERS SCORE IN SCGA TOURNAMENT

Four club members won awards in the first annual SCGA Southern Section Amateur Championship Tournament Oct. 2 and 3 at San Diego Country Club. Club Champion Ricky Tunstall took third low net in the Championship flight; John Berkson won third low net in the Directors flight; Bill Quinn took low net for Saturday in the Presidents flight, and Brooks Crabtree eked out fifth low net for the tournament in the Directors flight. A total of 75 players competed in the event which was won by Dr. Don Keith with a net 141 for the two days of play.

ASHLEY'S

RANCHO SANTA FE
MARKET

Featuring Fine Foods
and a Saving, Too!

Fairsex...

Until Donna feels she will again be able to handle the "Fairsex" Department, Peg Walker and Katie Knight will be happy to pinch-hit for her.

Donna sends this message at this time:—

"With deepest appreciation and thanks to all of Rod's and my golfing friends who were so kind to come immediately to help and comfort his family. Each thought and gesture will be treasured forever."

Mrs. Rod Streed

Left to right: Louise Conklin, Dorothy Robbins and Betty Lasswell.

Team In Pretty Good Shape

Connie Huntley reports the team is doing well and with only one more match with LaJolla we will then hear the final story. San Diego, El Camino and Stardust have finished their play. We will hold our breaths and hope we can maintain the pace. Special notice should be given Betty Lasswell, Barbara Matzinger and Tucky Wynne playing as our alternates. These unseasoned team players have played very well and certainly will be considered for next year's team, handicap permitting.

Travelers Return

Glad to have back playing after sojourns this summer are Irene McAfee, Geri Enochson, Evy Gardner and Martha Glasgow, to name a few.

Left to right: Marlou Crabtree, Margaret Muench and Marian Millar.

Chips and Pitches

Neta Gibbons is one happy golfer—had her best round on September 13th, an 84. One can knock on the door for quite a while, then bang—it all jells!

Virginia Hammond came home again a big winner from Irvine Country Club, being a contestant in their Member-Guest — she and her partner won first low net in Class A.

It may be of interest to you that we now have 120 members listed with I.D.C., 109 of whom are dues playing members. We certainly are growing! It is a congenial group and your Board of Directors is seeking every way to make the golfing events happy ones.

Left to right: Katie Knight, Marilou Lewis, Pauline Verell and Rose Slaughter.

CALENDAR—WOMEN'S GOLF ASSOCIATION

- October 20—Nine short holes
- 27—Nine long holes
- November 3—Medal Play and Board Meeting
- 5—Guest Day
- 10—"IF"—throw worst hole from your score—full handicap
- 17—Turkey Shoot—No entry fee
- Blind draw—drawing will be held on Sunday, Nov. 8 and starting times will be posted on Tuesday, Nov. 10. Please sign up on or before the 8th of November.
- Best ball of foursome
- Strokes where they fall.
- Keep medal scores for your ringers and handicap.
- GENERAL MEETING—AFTER LUNCHEON.
- 24—Medal Play.

Suggestion from your Golf Course Marshals!

Every golfer has responsibilities in taking care of his course. If he neglects them he creates unfair situations for his fellow players and adds to the cost of course maintenance.

Here are one or two suggestions if followed or remedied will add to the enjoyment of all.

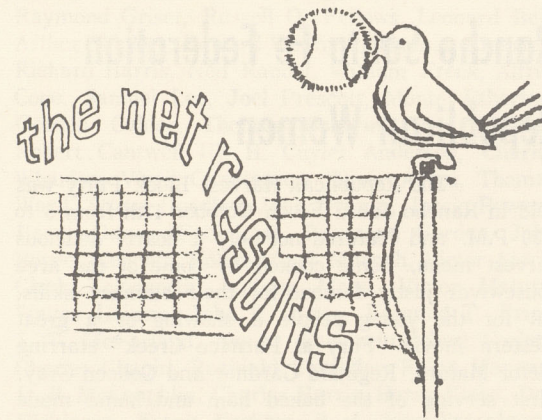

Entering and leaving a bunker: Step onto the sand at a low point. This will create the least possible disturbance of the sand.

How NOT to enter or leave a bunker. This plays havoc with the bunker, and often creates lies so bad they almost defy proper repair.

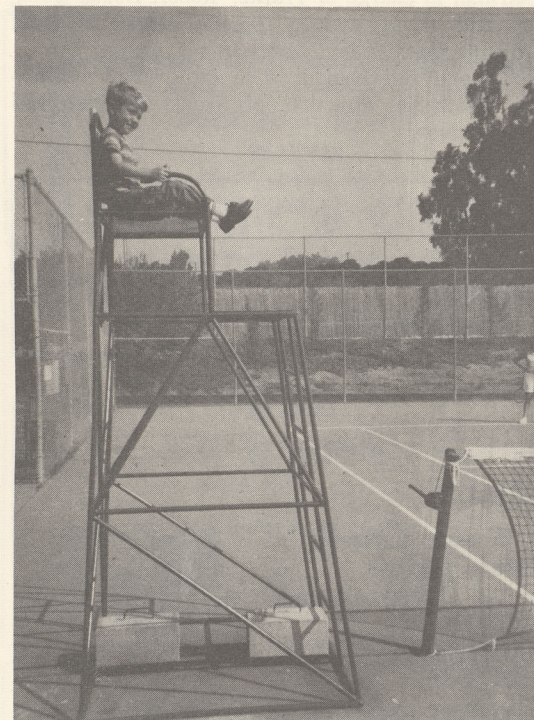

Which lie would you prefer? Footprints on the sand are a silent indictment of the last player to visit this bunker.

The Rancho Santa Fe Tennis Club's fall season got underway Oct. 3 with a mixed doubles chop suey tournament at the local courts. Winners awards, given out at a potluck supper Saturday evening at the home of Bob and Louise Loomis, went to: Irene Perry, Penny Brooke, Jonelle Nance, Joel Prescott, Ken Stone and Art Perry.

The Tennis committee has tentatively set Nov. 7 as the date for its next event. Also on the schedule is a match between RSF girls and a team from an Anaheim girls' school later this month.

During the five years that the Rancho Santa Fe Tennis Club has been organized, the tennis group has become increasingly active. The club enters men's, women's, boys' and girls' teams in North County Tennis League competition and has played special matches with La Jolla, Rolling Hills, and San Dieguito teams. The annual club championship in August draws increasing entries each year, and monthly mixed doubles events, usually followed by a dinner, are scheduled by the tennis committee.

Young Jimmie McCollom checks out new judges stand.

In addition to the North County League matches, six one day tournaments were planned for junior players this summer. Tennis pro Billie Yorke is giving lessons on Mondays and Saturdays during the winter season.

Last month a new judge's stand, constructed by Russ Fellows, was added to court equipment. Other new furniture placed on the courts during the past six months was bought by contributions of tennis players who raised a special fund beyond their regular dues. Dues paid by the members to the Rancho Santa Fe Association go for the amortization of all four courts, adjacent parking lots, and the maintenance of the courts.

Russ Fellows is tennis committee chairman, and is being assisted by: Ty Cobb, Louise Loomis, Virginia Dewey, Fran Johoson and Al Hill.

Rancho Santa Fe Federation Republican Women

The Republican Harvest Block Party was held in Rancho Santa Fe on October 17th from 5 to 7:30 P.M. and featured not only a hearty delicious harvest menu, home cooked by some of the area housewives justly famous for their culinary skills, but for the young people a showing of a great Western movie "Fury at Furnace Creek" starring Victor Mature, Reginald Gardner and Colleen Gray. First serving of the baked ham and home made meat loaf, buttered hot French bread, macaroni and cheese, cole slaw, relishes, home made cake and watermelon, milk and coffee, went to the young film audience promptly at 5 P.M. Mr. William Apperance not only donated one of the hams-he baked them all.

Mrs. Grace Hendrickson Ayres, General Chairman of the popular event, which was put on by the Rancho Santa Fe Federation of Republican Women was assisted by the following chairmen:

Food Chairman; Mrs. Charles Chapin
Telephone Chairman; Mrs. Arleigh Anderson
Ticket & Poster Chairman; Mrs. Jessie Powers, Mrs. Hans C. Andersen, Mrs. William Freck, Mrs. H. Gimber Evans

Arrangements Co-Chairmen of Men's Committees:
Mr. Frank Cantwell, Mr. Byron Culver,
Youth Entertainment; Mrs. Frank Driggs, Mrs. Opal Vogel

Decorating Chairman; Mrs. James Cope, Mrs. Neil Randol, Kay Mitchell
Chairmen in charge of Tables, Chairs and Trucks
Richard C. Harris, Russell Q. Fellows, Virgil Christensen

Chairman in charge of Traffic; Robert Dodds
Electrical wiring was in the able hands of Chief James A. Fox, Peter Gillies, James Blesso
Seventy-one able helpers were designated co-chairmen under the direction of Frank Cantwell and Byron Culver:

HAROLD G. STEINWINTER
General Contractor

CHRISTMAS TREE FESTIVAL

Village Church Christmas Tree Festival to be held Saturday, December 5th in the Meeting House of the Rancho Santa Fe Inn, 10 a.m. to 5 p.m.

Here is a red letter day to circle on your calendar with a "don't-miss-it" underline! Members and friends of the Rancho Santa Fe Village Church have been preparing for the annual Christmas tree Festival for many months...and the "Wednesday Workshop" has produced many intriguing and original ideas which will be seen for the first time when the Festival opens its doors. Mrs. Howard Bryant, general Festival Chairman announces that Christmas Trees and Christmas Ornaments will be the featured highlights...but, in addition to these gorgeous decorative effects, the 1964 Festival will offer a Gourmet Cooking Corner; Stuffed Toy selection; Santa's Sleigh filled with mystery packages; and a Money Tree. One of the most outstanding Festival Highlights is the Doll House contributed by Mr. and Mrs. Frank Hutchison. This exquisite creation was built by a cabinet maker, hand finished by Mr. Hutchison, with the painting and delightful miniature furniture supplied by Mrs. Hutchison. Many of the rooms contain handpainted decor done by Miss Bertha Dick with painstaking care under a magnifying glass! There has been over two hundred dollars worth of work put into this Doll House to date; chances may be purchased on it from now through the Festival Day; and it may be seen at Daby's on the Square in the side window nearest the library.

Tea will be served during the Christmas Tree Festival under the direction of co-chairmen Mrs. Roland Anderson and Mrs. Harry Booth. This year hostesses will include charming Mother and Daughter teams of volunteer workers; co-chairman of whom are Mrs. Harry Wenz and Mrs. Robert Loomis. Miss Erna Clark is in charge of the Money Tree; Mrs. Robert Cantwell has assumed ticket sale responsibilities; Mrs. L. B. McLaughlin and Mrs. Ray Gordon are collecting Christmas Trees; decor and Meeting House arrangements are under the capable direction of Mrs. La Motte Cohu with colorful posters by talented Mrs. Richard Harris. Mrs. Dorothy Patton is Festival treasurer.

Saleable Christmas decorations would be most appreciated as contributions to the success of the Festival, whether or not the donor is a member of the Village Church. Should you care to make a contribution of any kind (merchandise or money) kindly contact Mrs. L. B. McLaughlin at 756-2284.

LIBRARY GUILD NOTES

By Mrs. Fillmore Rose

Mrs. Charles S. Chapin, above left, has accepted responsibility for flower arrangements in the Rancho Santa Fe library for the 1964-65 year. Mrs. Allen Gray, center, is touching up one of the attractive displays to be enjoyed in our library. She will be providing the arrangements during the month of October. Assisting her is Mrs. Anthony Holzhauer, right. Thanks go to Mrs. Henry S. Sanger and to Mrs. Elliot Wheeler who were responsible for the lovely September displays.

In the upper left, above Mrs. Chapin, is the scroll designed and made by Mrs. Harrie S. Taylor, which lists the names of those friends of the library in whose memory gifts have been received. Listed for 1963 are Gen. Royal B. Lord, Bishop William Remington and Mrs. Lyn Nestor. During 1964 the following names have been added: Mrs. Clifford C. Ewing, Mrs. Guy Wilson, Mrs. Emma Aperature, and Mrs. Tom Faulkner. Generous gifts to the library have been made through the Jo Milton French Memorial Fund. These have been received not only from our own community, but from other locations throughout the United States. The most recent contributions have been honoring the memory of John Manchester Cook.

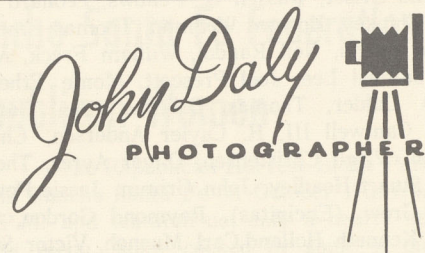

Through the efforts of William Schofield, former president of the Rancho Santa Fe Association, all contributions to the Library Guild, either memorials or other donations, are completely tax-deductible.

We've Got It!

For a long time we have been negotiating with San Diego County for the sludge output of the Rancho Sanitation District. We have finally been successful and are now mixing it with our laboratory recommended and tested top soil mixture. We are also using redwood sawdust—all of which, when added to our chemicals and fertilizers, is designed to really make a garden grow. We can honestly say that this soil is the best we have ever made, seen, or heard of!

Price \$5.00 per yd.

We have other topsoils
as low as \$2.00 per yd
