Dear Gwen:

Last Thursday evening following the meeting of the Historical Society I was asked to provide any materials which might be available regarding school and community. In going through the files I find that there are some articles which the Society may be interested in and copies of same are enclosed. Pat Cologne has already referred to some of these and, I believe, is including that information in a school-related article being prepared for you.

I hope these are of some interest and ask that you know of my great appreciation and high regard for the work of the Historical Society.

Sincerely,

R. Roger Rowe
District Superintendent
