By MARIA LLOYD

A meaningful and inspiring visit to Del Mar Fair with a group from the Friendship Center. Two Rancho Santa Fe women faithfully and successfully work with this group. Helen Irwin, a volunteer, gives half of her time, Joy Stewart is on full time schedule as assistant director. Several hundred persons were at the grandstand watching the stage show. As I looked around I felt deep admiration for people like Helen and Joy and some twenty shriners who were there to serve selflessly.

This entire audience consisted of senior citizens, of mentally retarded, of persons afflicted with cerebral palsy; there were rows of wheel chairs occupied by those who cannot walk. Two men were on stretchers strapped securely; someone fed them, or gave them a drink or put a cigarette in the mouth.

It was a quiet audience, but response to music was heart-warming, especially if one looked at the faces around. Some smiled happily, some moved their heads in rhythm. A young man sitting next to me drew his breath in and said unbelievably: "it really is Jimmie Dean, himself".

The sandwiches, the cokes kept coming, courtesy of Mr. Roy Welch, the Fair Manager, on behalf of the California County Fair Assn. Even the tickets were supplied by the Fair.

My blessings are many, but this visit to the Fair has given me several more.

## ABOUT THE AUTHOR . . .

A refugee from Communist Russia, MWL came to this country by way of China. With the background of childhood education she quickly learned to speak English. After a number of years in Pasadena, Maria, with her husband Dr. Paul E. Lloyd and son Donald, moved to Rancho Santa Fe in 1949. One of the founding members of the Country Friends, and having served on the Board of Directors of that organization for six years, she now gives her full time to the job of the Presidency of the Rancho-Coastal Humane Society and considers this opportunity to serve one of her greatest blessings.

# DEL MAR... ITS PLACE IN THE COMMUNITY

By EDDIE READ, Assistant to the President, Del Mar Turf Club

For the past 28 years it has been my great pleasure and good fortune to be associated, in various capacities, with the sport of Thoroughbred racing. And for most of that time, beginning in 1937, as a good will merchant for the Del Mar Turf Club. The foregoir is offered as an explanation of any prejudicial comments that might creep into this piece.

Racing has been inordinately good to me. I sinceretly believe it has also been good to a great many other people and in more ways than can be imagined.

To sell a product with any degree of success, it is axiomatic one must believe in it. Racing in general and the Del Mar Turf Club in particular has more than justified my faith all of my working life.

The modern era of racing, with legalized parimutuel wagering, came to California in 1933 after winning the approval of the voters. Wisely, the original racing bill noted in its first article that its purpose was "to encourage agriculture and the breeding of horses in this state."

There can be no valid argument that these lofty provisions have not been complied with in the past 31 years. California today leads the nation in agricultural development and proudly showcases these wares at 79 county and district fairs. As for the breeding of horses, the exploits of Thoroughbreds produced in California attest to this remarkable record. Only Kentucky, which has enjoyed more than a 100 years of uninterrupted growth, produces more thoroughbreds.

But let's get more specific and answer the question: What does racing do for Mr. and Mrs. Citizen in California?

First, it produces millions of dollars in taxes. Last year the State treasury was enriched by some \$42,577,231. Without this taxation, which is imposed on those who attend the state's race-tracks and wager on the horses of their choice, it is safe to say state income taxes, for all of us, would have to be increased by 10 per cent or more.

Second, it provides employment, with substantial payrolls for thousands of Californians, not only at the racetracks, but the aforementioned fairs, hundreds of farms devoted to raising bloodstock, and scores of other allied industries.

Third, it offers visitors to California an enjoyable outdoor activity and is ranked as one of the state's primary tourist attractions. This, in turn, develops other economic benefits such as money spent for food and lodging, travel, clothing, etc.

Racing, I submit, is a sport in every sense. It is an athletic contest for equines, with the competitive factor furthered by the skill of the trainer in conditioning the horse and the jockey in riding him.

Racing is also a business. It thrives in 26 of our 50 states and last year was seen by 44,762,888

spectators at the nation's tracks. That's far more than any other sport, including both major and minor league baseball and college and professional football.

This acceptance by the populace didn't just happen. It is the result of constant vigilance, thoughtful promotion and sound management on the part of racing officials. And this brings me to another question, often asked by the curious and uninformed. Of course you are busy during the racing season, but what do you do the rest of the time?"

Well, frankly, it's a 12-month job and involves lots of diverse chores which make it a most interesting vocation. When it is explained that the work force at Del Mar Turf Club is about 1000 during the season and only about 12, on an average, the remainder of the year, it becomes evident that advance planning is a must.

Some of the tasks include ordering supplies (everything from paper towels to tickets), directing off-season maintenance, soliciting nominations for the Del Mar Futurity and Del Mar Debutante, answering requests for season reservations, compiling statistical charts to aid in the development of our racing program, showing our promotional films and speaking before groups, negotiating labor contracts, attending regular meetings of the California Horse Racing Board, the Federation of California Racing Associations and the Thoroughbred Racing Association, Inc., etc.

But it is all enjoyable and stimulatng. I know I'll never get used to the idea that one should get paid for doing a job that is as much fun as this one.

## A HORSE'S PRAYER

### *To Thee My Master, I Offer My Prayer*

Feed me, water and care for me, and when the day's work is done provide me with shelter, a clean, dry bed and stall large enough for me to lie down in comfort. Talk to me, your voice often means as much to me as the reins. Pet me, sometimes, that I may serve you the more gladly and learn to love you. Do not jerk the reins and do not whip me. Never strike, beat or kick me when I do not understand what you want, but give me a chance to understand you.

Watch me, if I fail to do your bidding, see if something is not wrong with my rigging or perhaps my feet are sore, due to shoes that do not fit me correctly, that you know is very painful. Keep me well shod so my feet do not pain me that I may serve you more efficiently. Examine my teeth when I do not eat. I may have an ulcerated tooth.

Blanket me when I come in all heated up and sweating, cover me with a sheet to help protect me against flies and mosquitos.

And finally, O, my master, when my useful strength is gone, do not turn me out to starve or freeze, or sell me to some cruel owner to be slowly tortured and stoned to death; but do thou, my master take my life in the kindest way and your God will reward you here and hereafter.

You will not consider me irreverent if I ask this in the name of Him who was born in a stable.

Amen.

## This is Paseo Delicias . . . Main Street of Rancho Santa Fe!

Let's visit one side of the street . . . meet the shop owners, peek inside the interesting establishments which make Rancho Santa Fe the most unique . . . the most charming . . . the most wonderful community in the world!

### THE SECURITY FIRST NATIONAL BANK . . .

first opened its doors in Rancho Santa Fe on November 2nd, 1959 with capable bank manager A. Bryan Lasswell at the helm. During the past five years the growth of this branch has been excellent—with progress as fast (or faster) than any branch in San Diego County! A year and one-half ago, the handsome building was enlarged, and a second vault was added. At present, the bank has approximately one thousand checking accounts and one thousand savings accounts . . . with nine employees to service the needs of this growing community. Assistant manager is Mr. Wilfred Mensching from Vista.

### OWNERS OF THE "TWO GOATS" . . .

the James Torians, moved with their children in 1959 to the Ranch from Winnetka, Illinois. In the Fall of that year the shop was opened and, today, five years later, it has earned its unique reputation in Southern California.

Traditional sportswear for men and women . . . carefully selected from European and Eastern manufacturers is coordinated and displayed against a background of early country pine cupboards, tables and chests. To compliment the setting are lamps and unusual gifts and accessories which run the gamut from Australian back scrubbers to Swiss hay carts (probably to be drawn by two goats, naturally!) (over)

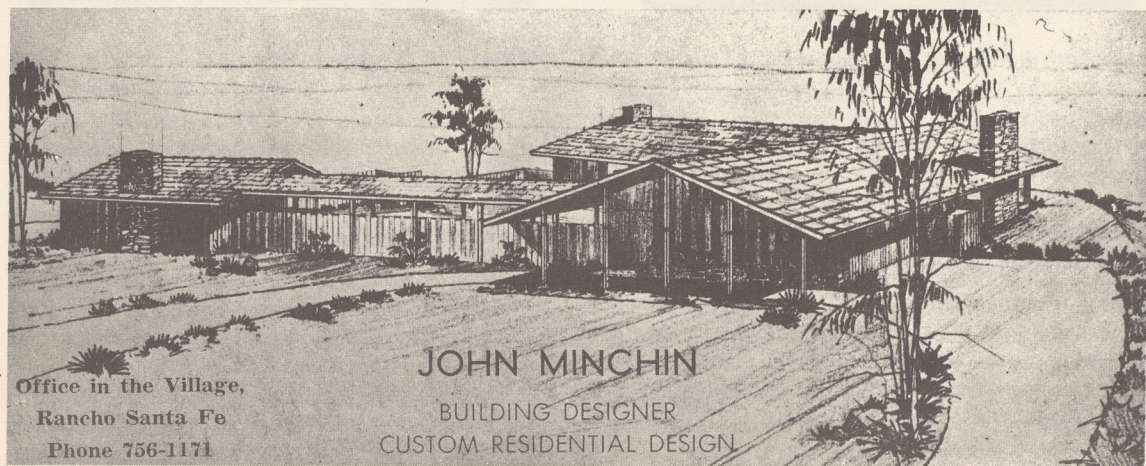

**R. M. CLOTFELTER, Real Estate Broker . . .**

has been in the Real Estate Business in Rancho Santa Fe since 1931. When the Santa Fe Land Improvement Company owned the Inn during the period of 1931 to 1939 . . . "Reg" was the manager. When the Richardsons acquired the Inn in 1941, he also managed this property until it was sold in 1958. "Reg" stayed on one more year as manager so that the transition period to the new owners would be trouble-free.

**JOHN MINCHIN, BUILDING DESIGNER . . .**

is a San Diego State College graduate with a B.A. degree. He is a registered building designer, and a member of the American Institute of Building Design. Mr. Minchin was formerly associated with John W. Bancroft for seven years; is now operating his own design business in the same location.

**THE COUNTRY FRIENDS' TRADER SHOP . . .**

was started back in 1954 when Didi Cohu, Dorothy Patton, Joanne Wenz, Lucy Cook, Doris Perry, Maria Lloyd and Joy Stuart, accepted an offer from Jimmie Young to use one of the shops in the "Country Squire Courtyard of Shops". This shop is a year-round effort—staffed entirely by volunteers (they now have forty) . . . and 713 consigners. Although last year's revenue (\$7,783) was not as large as some years (it has gone as high as \$9000) it is interesting to note that last year over \$13,000 was paid to friends of the shop who had left merchandise on consignment!

The Trader shop can offer the most interesting items! Right now you may choose from a selection which runs the gamut from 17th Century Flemish murals to salt dishes! The Trader Shop now has a handsome location in the center of the Village, and volunteer Rose Ransom takes a moment from her busy schedule to relax between customers on a lovely summer day.

**HOWARD G. STEINWINTER, Gen. Contractor . .**

has been building houses in California since 1921 . . . and in Rancho Santa Fe, particularly, since 1953. He is particularly well known for his adobe, and post-adobe . . . and his Williamsburg Colonial of Adobe has been published in the "California Book of Homes". Others have been published in "Sunset" Magazine, and "Living for Young Homemakers".

**CHRISTOPHER KING'S TRAVEL SERVICE . . .**

An announcement was circulated to village residents last week concerning the sale of CHRISTOPHER KING'S TRAVEL SERVICE to Mr. and Mrs. George A. McWilliams, Jr. of "Gopher Knoll", Avenida Maravillas. Residents of the Ranch for the past three years, the McWilliams formerly lived in La Jolla.

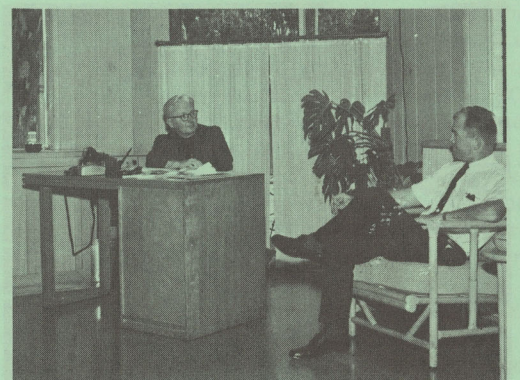

Peggy Smith who has managed the office since last November will continue in this capacity with the new ownership. She came to CHRISTOPHER KING'S from ESCONDIDO TRAVEL AGENCY. Most of her experience, however, was obtained during her ten years' employment with AMERICAN EXPRESS COMPANY in New York, Los Angeles, and Beverly Hills. Peggy lives in Rancho with her family.

Mr. McWilliams informs us that the name of the agency will be changed to TRAVEL-RANCHO. He plans to develop a highly personalized service for residents of the Ranch and would welcome the opportunity to provide travel literature, posters, and films to any organization desiring to present programs on travel, sports, or special events throughout the world.

**RANCHO HARDWARE . . .**

has been a Rancho Santa Fe landmark since 1956 when Mr. and Mrs. Dale Kramer stocked this handy shop with everything a Ranchoite could possibly need in the line commonly called "hardware". In addition to all the garden varieties of nails and the et-ceteras . . . Dale stocks garden tools, gifts and gadgets, Corning Ware, Teflon cookware, home accessories, electrical accessories . . . along with a full line of "Old Colony" Paint in "Selectone" colors that will match anything . . . and we mean **anything** . . . you need to match!

**THE WILLIS M. ALLEN COMPANY . . .**

started in Rancho Santa Fe a little over ten years ago. Originally a branch of the Willis M. Allen Company of La Jolla, it is now a separate company of its own. It is managed by Burrell Allen, together with Associate Arthur Hill.

**SHEARSON HAMILL . . .**

started its Rancho Santa Fe operation on the first business day of January in 1959 with Ranchoite Les Walls as manager . . . two other registered representatives, and a board member. Two years later the building was enlarged to its present size, and in the Fall of 1962, Jack Lee took over as manager.

Shearson Hamill deals in stocks, bonds, commodities, mutual funds and tax free bonds. Several investment clubs have used the facilities of the Shearson-Hamill offices . . . and the counseling of its registered representatives . . . and new clubs are always welcome!

The growth of Shearson Hamill locally has been extremely satisfactory. The staff now includes six registered representatives, cashier, wire operator and administrative assistant. On July 1st, Shearson Hamill (nationally) ended its partnership status and became a corporation.

To quote manager Jack Lee: "Shearson Hamill's growth is evidenced by the wide recognition in the investment field that is given to its annual list of "uncommon values in common stocks".

### THE RANCHO SANTA FE LIBRARY . . .

opened on February 24th with Mrs. Francis Johnson as librarian. There are approximately 3000 books available for children and adults . . . and any book not on the shelves is readily obtainable from the San Diego County Library. A large reference collection includes encyclopedias, almanacs, atlas, unabridged dictionaries, etc. . . . and the Library Guild has taken subscriptions to a number of magazines, all of which are circulated except for current issues. Summer reading clubs for school children is a current popular project. There is always a floral arrangement in the Library, courtesy of the Garden Club . . . and changing exhibits of local artists. Among those who have exhibited are Jane Merrill, Virginia Shaw, Miriam Ames and Dorothy Millard.

### DABY'S SPORTSWEAR SHOP . . .

for men and women of the "permanent sun-tan-set" has a new look! Daby's "Youngest Fashions" has been born . . . featuring toys, shower gifts, layette needs, and "Grandma Bait". Toddler sizes in girls' and boys' wear will be featured . . . and girls will be able to find sizes in 7 to 14. Dave Burger and his wife Harriet have plans for a larger and finer selection of ladies' apparel for Fall, too . . . all beautifully displayed in their handsomely remodelled shop.

Incidentally, Dave and Harriet also operate a Teen and Junior Apparel shop in La Jolla called "DABY'S" YOUNG FASHIONS at 7927 Girard Avenue.

## Meet Your New Neighbors

Dr. and Mrs. R. Glen Spurling  
of "Casa Pequeñas"

It was May 20th, 1961 . . . the scene, Rankin Amphitheatre at the University of Louisville. The large list of guests represented the epitomy of neuro-surgical knowledge in the world. Among the many accolades and acclaims given to the guest of honor were such phrases as: "the father of neuro-surgery" - "great teacher" - "humanitarian", etc. This was "GLEN SPURLING DAY", and this impressive gathering was convened to do honor to a medical doctor who pioneered the field of neurosurgery as a specialized discipline in medicine.

Dr. Spurling is a graduate of the University of Missouri; Harvard Medical School; and interned at the Peter Brent Brigham hospital in Boston under the eminent Dr. Cushing. He went to Louisville, Kentucky in 1926 as instructor in surgery at Louisville General Hospital — the teaching hospital for the University of Louisville. He rose rapidly to the chairmanship of the newly-established neuro-surgery department and devoted most of his life to the development of this very specialized field. A beautifully bound book was presented to the doctor containing letters of gratitude and appreciation from neurosurgeons all over the world who were his students . . . and many other testimonials of his skill, his dedication, and contributions.

In 1942, Dr. Spurling was appointed Chief Consultant for neurological surgery in the United States Army. He served at Walter Reed Hospital and the European Theatre of Operations. On December 1st, 1945, as Dr. Spurling was ready for discharge, he was summoned to Germany to attend Gen. George Patton who was gravely injured in a jeep accident. He travelled with Mrs. Patton to the General's side where he remained for three weeks until "Old Blood and Guts" inevitable death.

Upon his discharge, Dr. Spurling resumed his teaching at the University of Louisville which is now considered the leader in neuro-surgical study and development.

Charming Mrs. Spurling is a graduate of Center College in Kentucky, and has a married son and daughter. Dr. Spurling has two married sons; one of whom is a doctor in Louisville. The Spurlings met and married fifteen years ago in Louisville, both having been previously widowed.

The Spurlings came to Rancho Santa Fe in March of this year to stay with Ranchoite friend Dr. Ned Fowler . . . liked what they saw . . . and came back to establish residence. Mrs. Spurling is active in the Village Church, while Dr. Spurling is taking up the art of portrait painting. They live in a delightful apartment in "Casa Pequeñas", Calle Corte, Rancho Santa Fe.

With the advent of summer and the closing of schools, many activities attract our young people. Most of these are good, healthful activities, while others are unwise and unsafe and may lead to trouble. It is these latter that most often come to the attention of law enforcement officials and hat prompt this statement in the hope that it will make possible a more enjoyable summer for all concerned.

A major source of trouble stems from the instances of improper licensing and lack of supervision at some of the dances held at various locations in the County. Section 21.202 of the for any person to carry on, maintain or conduct County Code states in part, "It Shall be unlawful any public dance hall or public dance in the unincorporated area of the County except in accordance with the terms of this code and after obtaining a license therefore..." and Sec. 21.224 requires the presence of "... a qualified person or persons whose duty it shall be to see that the provisions of this chapter are carried out..." the premises to see that such person is in attend- and makes it encumbent on the management of ance.

Since the Sheriff is responsible for maintaining order throughout the County and for the protection of all its citizens, the Department will maintain a policy of strict enforcement of the above sections which means that violators will face loss of their license and possible prosecution for failing to observe them.

Also, every summer there is a sharp rise in the number of promiscuous shooting complaints as the young folk with smal arms go forth to sharpen their aim. Section 33.101 of the County Code p rohibits the discharge of firearms "... at any place within the unincorporated areas of the County which is not a reasonably safe distance from all recreational areas, communities or places of habitation, except on and pursuant to the safety regulations of a public or private shooting range, the safety features of which have been approved in writing by the Sheriff." Possession or discharge of firearms is similarly prohibited on riding or hiking trails or near stock watering holes, as well as in certain specific areas covered by separate ordinances.

Anyone desiring information about such activities should contact the Sheriff's License Bureau, telephone 232-3811 in the San Diego Area. From Escondido the phone number is 748-1830. From Encinitas 753-5711, and from Vista-Fallbrook area 724-2279.

**THE LIBRARY GUILD** has been intensely pleased with the tremendous response given to the inauguration of the McNaughton Plan. Last week, when the first 85 books of the initial shipment of our new lend-lease plan arrived, word of the arrival circulated so immediately that over half the books were checked out by the next day. All this with no overt publicity. The first shipment contains many of the best sellers of both the fiction and non-fiction categories, and is obviously going to fulfill a long-felt need in the Ranch. As a part of the plan, monthly shipments of the ten newest books, according to our selection, will arrive on or before the date of publication, and old books will be withdrawn. The enthusiasm shown is most rewarding to members of the Guild. Mrs. Ben Harris's weekly column on Know Your Library, is also proving to be very popular. This column is devoted to interesting items concerning recent as well as standard acquisitions.

### RULES OF GOLF . . .

By BOB UTZ

**Ball Overhanging Lip of Hole**—Here is clarification of how long a player may wait for his ball to drop into the cup. In a stroke play tournament, a ball hung on the lip of the cup. The hole was on a slope, and the ball was on the upper side of the hole. After a wait of about 40 seconds, the ball dropped into the hole. Since Rule 35-1f says that only "a few seconds" waiting time is allowed, two questions arise:

- (1) Was the rule violated?
- (2) What is meant by "a few seconds"?

**Answer:** (1) If it were the player's turn to play, he violated Rule 35-1h by waiting 40 seconds and is subject to a two-stroke penalty.

- (2) In Rule 35-1h, the word "few" is used in the sense of a small number, and a "few seconds" is therefore a very short time, certainly far less than 40 seconds.

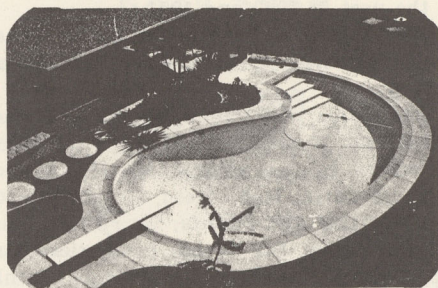

### TIP FROM YOUR PRO . . .

By JIM BOYLE

**Pitching from Heavy Grass** - Now that we have let the grass grow between the fairways and around the greens, a recovery shot is a little more difficult, especially a short pitch into a green. With just a change or two and a little practice, this shot can be fairly easy.

First of all, take the most lofted club you have, a 9-iron or pitching wedge. Second, position the ball right of center, almost opposite the right heel. This will give a more descending stroke which is needed to pop the ball up and out of the longer grass. Third, the ball will have little or no back spin, so allow for extra roll. Take a shorter swing than you would for a normal fairway lie to allow for the extra roll.

Almost the same technique applies for the longer shots. Position the ball right of center and always take a more lofted club than you would from a normal lie.

**Coles and Griggs Bag Aces** - Rush Coles and Bill Griggs both scored aces within a week.

Bill, playing with Gen. O. F. McIlroy and Fred Truesdale, holed his tee shot on No. 14 on Wednesday, June 24. The following Sunday, Rush bagged his hole-in-one on No. 3 while playing with Tony Mahon, Laddie Willoughby, and Ed McConnel.

In the May issue, we commented on the long dry spell of holes-in-one scored by members who joined the insurance pool. Bill Griggs' was the first such ace in fourteen months. Then, before the pool could be replenished, Rush got his! President Harry Lee has stated that the Board will consider some way to assure equitable dividing of the pool in future cases like this. In the meantime, members who want insurance will find the box in the Golf Shop.

**Greens Committee Activities** - Many favorable comments have been heard lately on the condition of the golf course. In particular, the narrowing of the fairways by letting the rough grow has greatly improved our course as a real test of golfing skill. Johnny Dawson, after a recent round here, commented that he had never seen the course in better condition. Greens Committee Chairman Ray Millard and Superintendent Bob Wanner and his crew deserve special praise for the new look.

**Around the Course** - Ray Griset recently shocked his playing companions with his best round in some months - 78-14-66. Worth Warner parred No. 8 on June 28th the hard way. He sailed his second shot out of bounds to the left, barely cleared the bunker 20 yards from the green with his next shot, and holed out with his fifth stroke. **Southern California Golf Association News** - The 1964 SCGA Amateur Championship will be played over 72 holes at five select courses this year: San Gabriel, Wilshire, Oakmont, South Hills, and Candlewood. Members desiring to play can obtain a form in the Golf Shop. Deadline for entries is July 10.

The new electronic handicapping service provided by the SCGA under a contract with Integrated Data Corporation is now in use by 38 member clubs. Aside from the help provided club handicap chairmen, this service helps to assure uniform interpretation and application of SCGA handicap policies.

**Stocktons Away for Summer** - Handicap Chairman Jim Stockton and wife, Jane, and family have moved to Laguna Beach for the summer. Jim says he plans to return to the Ranch in September.

**Chips and Pitches** - Marie Pease had her great thrill in a routine Sunday game June 28th - broke 100 for the first time with a smooth 97.

We're losing Julie Free to a new home in Nevada, but she bowed out June 30th in the Best-Ball with a net double eagle on No. 8; pitched in for a natural birdie. And Peg Booth, on the same day chipped in on No. 3 for a net ace.

But here's a natural Hole-in-One to report - June Gibbs went out with husband Charlie and son Skeets June 30th and astounded them by sinking her tee shot on No. 7.

Margaret Wallace shot one of her better games in quite some time, 85 in the Best-Ball, and a fitting thing it is prior to departure on an extended European golfing tour.

We're sure sorry to have to report losing our lowest handicap golfer, Dora Donaldson. A 5-handicap and club champion the past two years, Dora is moving to Huntington Beach and Mesa Verde is the lucky club to add her to its roster. Before leaving, however, she'll be playing in the U. S. Women's Open being held at San Diego Country Club July 9th - 11th, one of the 27 amateurs to play in the national event with 31 lady pros. Dora's address after July 30th will be Driftwood Beach Club, 21462 Pacific Coast Highway, Huntington Beach.

Another good golfer will be joining soon, though. We hear that Maxine Van Evera, presently a 5-handicapper at Coronado, will be moving to Rancho Santa Fe in the near future. Maxine is representing Coronado Golf Club in the U. S. Open.

**Clarification** - It was a lovely picture that headed up last month's Fairsex column, but the wrong one. Love Magness and Edith Christopher inadvertently slipped into the slot that was supposed to portray the club champion and runner-up, Dora Donaldson and Margaret Muench.

**Dates to Remember - Women's Events...**

- July 2—Guest Day.
- 7—Medal Play, and Board Meeting
- 14—If Tourney
- 21—Medal Play
- 28—Blind Nine (by draw)

**Women's Tee Times** - Katie Knight, new Tournament Chairman, wishes to remind all gal golfers of the times reserved for women's play. Every Tuesday the first tee is reserved from 8 a.m. to 10 a.m. and the 10th tee from 8 a.m. to 9 a.m. Every Thursday the first tee is reserved from 8 a.m. to 9:30 a.m. Guest days, which is the first Thursday of each month, the privilege of the 10th tee is given if enough players turn out.

## TENNIS

By FRAN JOHNSON

Ranch tennis courts are kept filled during the summer season, with both adult and youth events on the calendar. Tennis pro Billie Yorke is instructing four days a week, Tuesday through Friday. Climax of the season will be the annual club championships beginning the end of August and culminating on Labor Day.

Play is beginning July 20 in the North County Junior League, with the Ranch entering both a boys' and a girls' team. Fran Johnson and Thyra Fellows are in charge, with John Lee playing captain of the boys' team. Other junior events are planned for July and August.

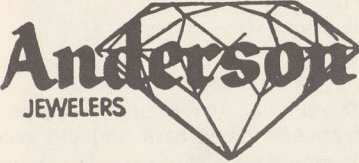

Fourth of July tournament winners were Lew Perry, Al Hill, Joel Prescott, Yager Cantwell, Jan Cantwell and Suzi Pratt. After the last matches players adjourned to the Del Mar beach for their annual picnic.

On June 21 the Ranch played San Dieguito Tennis Club in a mixed doubles tournament, each team winning six matches. Playing for the Ranch were Virginia Dewey and Russ Fellows, Patches Fellows and Ron Hampson, Mary Day and Rip Wasser, Betty and Hubert Brooke, Fran Johnson and Neil Randol, Sue Hughes and Ty Cobb, Irene and Art Perry, Flo and Ed Day, Kay Wasser and Al Day, Louise Loomis and Al Hill, Jonelle and Jim Nance, and Diane Stone and Monte Etherton.

## Suggestions from your Golf Course Marshals!

There are many thoughtless little things a golfer can do to damage his course and which will serve as a constant source of irritation to those who follow him—such as the non-replacement of divots!! Also—the non-repair of ball marks on the green... and using his putter as a crutch when lifting the ball from the cup. The observance of some simple rules of etiquette improves the game immeasurably for yourself and other members. Help the Golf Course Marshals to help you enjoy the game better!

A divot should be carefully placed in position and pressed firmly down. The player should see that the divot is replaced by either his caddie or himself.

ED DACUS, accepting with good humor the Golf Marshall's Repair Cart, awarded him for the new observance of divot replacing!

Meet . . .

## Dr. George W. Groth, M.D.

. . . his wife, Eileen, and receptionist,  
Mrs. Dorothy Manning

Tucked away in a secluded corner, in back of the Country Squire Courtyard of Shops on one side, and in back of Dr. Bovee's dentist office on the other . . . is the temporary office of Rancho Santa Fe's newest Medical Doctor, Dr. George Groth. Dr. Groth is originally from Sierra Madre . . . where, in 1957, he organized the Sierra Madre Medical Group which built the Sierra Madre Hospital . . . both of which are now run and operated by the Community. When this project was completed, Dr. Groth travelled to Vienna, Austria for six months and took post graduate work through the American Medical Society of Vienna.

Following this, he came home to rest at his Ramona ranch, opening an office in that town to relieve the pressure on the only other doctor in the vicinity . . . all the while looking around for a permanent place to live. When Rancho's Dr. Hughes went to Europe last Spring, Dr. Groth came here to take over his practice for two weeks . . . and made his decision. This is where he wanted to live!

Dr. Groth is assisted part-time by his charming wife, Eileen . . . and full time by receptionist Mrs. Dorothy Manning. The Groths have four children . . . Christine, George, Larry and Katie. And, right now, they are "shopping" for a home in Rancho Santa Fe!

## Gourmet Steaks

By Betty Blaisdell

Rancho Santa Fe living is about as casual, care-free and comfortable as anywhere in this whole, big, wide, wonderful world! Solid evidence of this fact is happily seen and felt the moment one presses one's foot on Rancho soil. Here, it seems, all worldly matters are easily resolved . . . even the affairs of cooking and eating. Probably it is safe to say that high cuisine simply has no place on the Ranch. Well — let's face it — who really wants pickled tongues from the red-legged flamingo? Or who, now, gives a hang for Mrs. Beeton's blow-by-blow instructions on properly skinning a hare? These were exquisite pleasures once, maybe, but most of us have abandoned our 1860 cookery books and are willing to settle for something good, quick, astonishingly simple, poetically tasty, remarkably nourishing and calorically worthless.

For the above there is no complete or accurate recipe (might as well be honest), so hope should be abandoned in favor of easy-as-pie productions which take little or no effort and are good enough to lay claim to the word "gourmet". Take, for instance,

### CORN PUDDING

I hooked this rule from a musician friend of "Big Sur" Nickolas Roosevelt, who was served this at his home one day. I added the cheese (wouldn't you know!) and think it improves it. It's sublimely easy, and now that good corn is appearing in the markets, why not try it as an apres golf entree, add a delicious green bean, ham and dill salad, and no one suffers from exhaustion?

Scrape or grate 3 ears of corn per person, put this with its natural "milk" juices in a buttered casserole, add salt to taste and butter (be generous here), fine grating of Switzerland Gruyere on top and bake in 325 degree oven for 40 minutes. Before serving, place under broiler to brown. This will puff up, so allow about an inch from top of baking dish.

### BEAN, HAM & DILL SALAD

1 lb. small green beans  
2 tsp. dill seeds or ¼ cup fresh dill  
1 cup diced cold ham  
2 tablespoons wine vinegar  
½ cup olive oil  
Freshly ground pepper

Snap off ends of tender green beans, steam until tender. Add diced ham and dill seed, then the oil and vinegar, freshly ground pepper. Chill and serve on bed of romaine leaves.

### DAVID A. VAN EVERA Appointed Secretary-Manager of RSF Association

S. Teitsworth, President of the Board of Directors of the Rancho Santa Fe Association, advised that Capt. Alfred L. Cope, Secretary-Manager of the Association since April 1961 has resigned his resignation to be effective July 15, 1961. His resignation has been accepted by the Rancho Santa Fe Board of Directors.

The Board has appointed David A. Van Evera as successor. Mr. Van Evera is a graduate of the University of California at Berkeley with a degree in Political Science and Economics, having served in the Marine Corps 1941-1961 and attained the rank of Lt. Colonel. From 1961 to 1964, David Van Evera has been a graduate student at San Diego State College. He is currently Secretary-Manager of the San Diego Taxpayers' Association.

Following the resignation of Mrs. Jewell D. Teitsworth (see Association minutes) the Board of Directors appointed Mrs. Peggy Allen, 1450 La Jolla Drive, Escondido as secretary. Mrs. Allen was formerly executive secretary for the Rancho Santa Fe Junior Chamber of Commerce; secretary of the Plumas County Fair at Quincy, California; secretary at the American Consulate in San Francisco and Secretary at Immigration & Naturalization Service in San Ysidro, California. David Van Evera's husband is a State Traffic Sergeant with the California Highway Patrol, and they have two children, aged thirteen.

### We've Got It!

For a long time we have been negotiating with San Diego County for the sludge output of the Rancho Sanitation District. We have finally been successful and are now mixing it with our laboratory recommended and tested top soil mixture. We are also using redwood sawdust—all of which, when added to our chemicals and fertilizers, is designed to really make a garden grow. We can honestly say that this soil is the best we have ever made, seen, or heard of!
