

LOOKING FOR THAT PERFECT GIFT FOR DR. ROWE?

The Rancho Santa Fe Community School Endowment Fund has elected to rename the permanent portion of the endowment trust to the Roger Rowe Endowment Trust. The Endowment Trust's ultimate purpose is to fully fund the additional needs of our school without the required continued annual funding commitments currently being made. The Endowment is responsible for providing smaller class sizes, Spanish K-6, extended day Kindergarten, the instrumental music program as well as many other support services that help to make our school great.

The Roger Rowe Endowment Trust will be fully funded and ready to distribute funds to the school when the capital account reaches a \$5 million level. What better way to say thank you to Dr. Rowe for his countless contributions to our community, our school and most importantly our children than to help permanently sustain what he has helped build. When asked to support the Roger Rowe Permanent Endowment Trust, please give generously to help honor and sustain the success that is Rancho Santa Fe School. Additional information will be mailed in the coming weeks regarding this important effort. For further information please contact Steve Hamerslag at 756-1400.
