The personal tax summary that can put information you need at your fingertips

Available now in Dean Witter's Active Assets Account

Our Year-End Tax Summary is just 1 of 17 reasons why knowledgeable investors all over the U.S. have enrolled in Dean Witter's remarkable new program.

Now, instead of having to gather together from various sources your dividend and interest statements, securities receipts, and checks you need to support expense payments, you can receive one comprehensive annual statement — including a list of expenses you've indicated as tax-deductible.

You qualify for this unique service when you put \$20,000 or more in cash and/or securities to work in Dean Witter's Active Assets Account. You'll also benefit from these 16 other valuable services:

1. Automatic investment of idle cash.
2. Investment of idle cash for high yield, tax-exempt income or income from government securities.
3. Ability to move from money market to other financial opportunities as they arise.
4. Free check-writing.
5. Check-writing against assets for any amount you need.
6. Money market yields as well as free check-writing.
7. Pre-approved borrowing privileges.
8. Loan repayments at your convenience.
9. Benefit from float until payment date.

10. Monthly analysis of your financial affairs.

11. International VISA® card with no pre-set credit limit.

12. Access to cash when you travel without having to bother with travelers checks.

13. Favorable bank rates for local currency when overseas.

14. Instant toll-free access to account information.

15. Professional guidance from a trained account executive responsible for your personal investment program.

16. Your assets working for you — plus constant access to their buying power.

The Active Assets Account is the first step in Dean Witter's development of the "ultimate" financial service. Enrolling in it now will en-

title you to take advantage not only of its existing benefits, but of other important privileges and opportunities we expect to make available in the future. Depending on your tax situation, the nominal handling fee of \$30 a year may be wholly or partially tax-deductible.

For a copy of the prospectus, plus more complete information including charges and expenses, return the coupon below. There's no cost or obligation, of course. You will want to read the prospectus carefully before making any decisions on investing or sending money. If you prefer, simply call:

A MESSAGE FROM ROGER ROWE

Throughout the years the community of Rancho Santa Fe, its supportive and involved citizens and parents, Governing Board members and teachers have worked to provide a program of quality education for our young people--and a school reflecting the community we so appreciate.

Among the most beneficial and splendid of learning opportunities presented are those coming from our community neighbors, including:

1. The Garden Club, which offers special classes, sponsors the Mother/Daughter Tea and most generously shares this lovely facility in which the community musical, graduation and the Christmas Sing take place;
2. The Rancho Santa Fe Library Guild, with its outstanding children's library and programs of weekly and summer activities for our students;
3. The Rancho Santa Fe Rotary Club, which sponsors cultural, oratorical, athletic and science fair activities, provides guest speakers and materials for study of our economic system and career opportunities, and presents both student scholarships and Youth Recognition Awards;
4. Our fine Fire Department, which provides instruction in safety, first aid and CPR, and exercises the school in safety drills;
5. The Rancho Santa Fe Association, with which we share services and facilities and whose cooperation made possible our expanded playing field and Aardema Field as well;
6. The Irrigation District, where staff members, on their own time, have assisted with special projects, installed playground equipment, etc.;
7. Rancho Santa Fe Youth, which has provided a gymnasium and expanded recreational programs for the community and now funds the school's coaches, inter-scholastic teams and sports activities;
8. Those many caring and most generous individuals and businesses so unselfishly providing services, time, resources and volunteers to assist students and teachers and to help meet school needs;
9. The Parent-Teacher Organization stands out, of course. Its many strong volunteers have allowed us to continue programs we can no longer provide from our limited resources. The P.T.O., for example, is providing staffing and/or funds for music and art, the summer school program (in which more than three-fourths of our youngsters participate), computers with which all youngsters in grades K-8 are now working, school nurse services...The P.T.O. is always there when needed--and it is increasingly needed! And we are increasingly grateful!

While our school and community have grown in size over the years, we consider ourselves uncommonly fortunate to have sustained those most important relationships found in neighborhood schools of the past, relationships wherein the community participates in and determines its program of education rather than permitting it to be mandated and controlled by remote bureaucracies. We thank you for caring, for sharing, for your encouragement and for your high expectations. Please know your kind words, your presence at this performance and your personal interest are most important to us in all that we do.

DENNIS O'DRANE - DIRECTOR

Dennis D. O'Drane graduated from Chapman College in 1965 with a major in music and a minor in drama. Dennis is the coordinator of music for the First Congregational Church of Escondido as Director of the Chancel Choir. Dennis founded and was managing director of the Community theatre group called CAAST out of north San Diego County. He has directed many Community theatre productions; some of which include "Stop the World I Want to Get Off", "Man of La Mancha", and "Lil Abner". Dennis has performed in many plays as an actor; some of which include leads in "The Fire Bugs" for San Diego State University, "The Fantastics" for Patio Playhouse in Escondido and many various character roles in plays all over San Diego County. Dennis has had many fine singing groups appearing all over Southern California, including the Main Stage of the Civic Theatre in downtown San Diego.

SUE GILSON - CHOREOGRAPHER

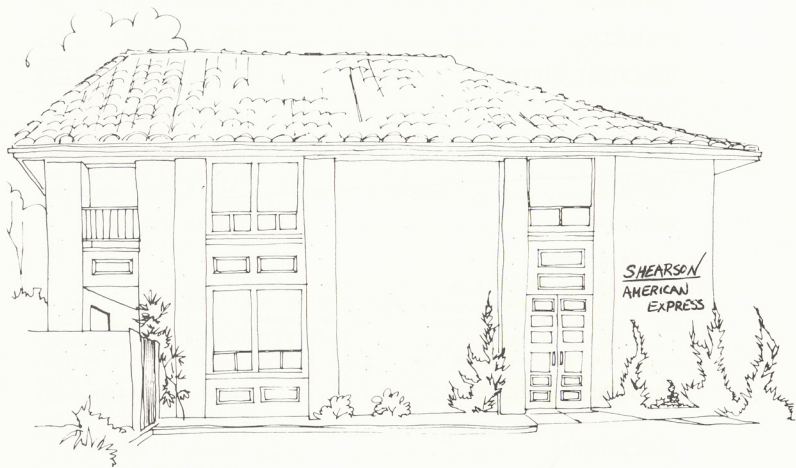

Sue has studied dance since the age of four and has professional credits in jazz, Polynesian, discoteque, and tap dancing from appearances in the Los Angeles area. Her position as head of the nationally known drill team, The Coronetts, at Santa Monica College led her to become the advisor for Palomar College's cheerleaders and dance team. She has been staff choreographer for Palomar College's musicals since 1975 doing such shows as Cabaret, Lil Abner, the United States premiere of Jack the Ripper, Wizard of Oz, Can Can and Fiddler on the Roof. This summer she will be doing the choreography for Westside Story. Even though she has professional status as a dancer, she has continued to study with Georgia Copeland, Bob Banas, and Fred Walton. She is presently teaching for Georgia's School of Dance in Escondido.

ROBERT GILSON - CONDUCTOR

Mr. Gilson received his B.A. at California State University of Los Angeles, and his M.M. at Indiana University's School of Music, where he served as assistant conductor for the Opera Theatre's production of Verdi's Don Carlos. At Palomar College, he serves as Instrumental Director for the Music Department and directs the College's Community Orchestra, Concert Band, and Jazz Ensemble. He also has been musical director and conductor for the Drama Department's Musical Workshop during the summer since 1974. In 1976 and 1979, Mr. Gilson was named one of the Outstanding Young Men in America. He is continuing post-graduate study in the field of Musical Theatre, with emphasis on Opera.
