CLEANS BETTER because it's STAINLESS STEEL

Inner layer of pure, hard stainless steel holds heat — is easy to keep sparkling clean and bright without scrubbing and scouring.

COOKS BETTER because it's ALUMINUM

Thick outer layer of beautiful, silverlike aluminum absorbs and spreads heat quickly, uniformly — eliminates "hot spots", assures superb cooking results with "low" heat.

DOUBLE BOILER

Prepare frostings, cereals, delicate sauces, or cook two foods at one time. Cover fits bottom and insert . . . may be used as two separate sauce pans. Welded-on handles can't turn or loosen . . . fit either hand.

GENUINE 3 LAYER 18/8 STAINLESS STEEL

Consists of 3 layers of steel. Inner and outer layers are 18/8 steel (an alloy including 18% chromium and 8% nickel) which gives the utensils their brilliant lustre and durability — makes cleaning easy. Between them is a core of carbon steel that heats fast and distributes the heat evenly to prevent burning or scorching.

MOISTURE-RETAINING COVER CONSTRUCTION

Covers fit snugly to help prevent the escape of vapors containing valuable vitamins and minerals as well as flavors.

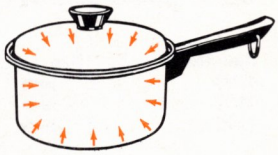

EASY TO CLEAN

The crystal clear, hard finish of 18/8 stainless steel is easy to keep new and shining without scrubbing or scouring. It rinses sparkling bright in seconds and stays beautiful for years and years!

"LOW HEAT" COOKING

Only "low" or "simmer" heat is needed to cook. The heat spreads rapidly and evenly throughout the bottom, side and cover of the pan to cook and tenderize the food on all sides constantly. Saves time and fuel!

FOR HEALTHIER TASTIER MEALS

Foods look better, taste better and are healthier when cooked with little or no water. This method helps to retain precious minerals, vitamins — helps preserve delicious, natural flavors and appetizing colors.

Guarantee Certificate

Duncan Hines Stainless Steel Cokware is manufactured from the finest quality 3 layer, 18-8 stainless steel and is guaranteed by the manufacturer to be pure and safe for health. Each piece has been carefully finished by skilled craftsmen and inspected by experts to give the ultimate in service and satisfaction. Any piece showing faulty workmanship or materials will be replaced without charge.

No. 1844

No. 1824

MIXING BOWL SETS

These beautiful mixing bowls have dozens of uses — they are the ultimate in quality, convenience and utility. Designed for use with electric mixers — they are ideal for hand stirring or mixing, too.

Use them for storing foods in the refrigerator, as salad or serving bowls. The hard, non-porous stainless steel will not absorb grease or odors — it resists scratching, tarnish and corrosion, cannot chip or peel. And, it's easy to keep sparkling clean and pure.

Ring-handle types provide secure grip to prevent slipping or sliding, permit hanging bowls to store. Both types can be nested for compact, space-saving storage.

High, straight sides and flat bottoms reduce spilling hazards. Rims are shaped for accurate pouring. Smoothly rounded corners give plenty of working room for mixer beaters — aid efficient mixing action, simplify cleaning.

AUTOMATIC popcorn popper

Good popcorn and good times go together . . . and here's a popper that puts as much fun in the "heating" as in the eating! Operation is easy and fully automatic — heat oil, add corn and let it pop — nothing to turn, no shaking or stirring needed. When popping stops heat is reduced to "keep-warm" temperature. Gracefully styled in polished aluminum, it is designed for easy cleaning, convenient serving. Deep well in bowl concentrates heat in a small area for fast, efficient popping action. Cover vents release air pressure of exploding kernels to give light, fluffy popcorn, yet prevent oil from spattering. Bakelite handle provides secure grip for easy pouring, compact shape for space-saving storage. Cover knob stays cool and easy to grasp; firm "tripod" base prevents overheating of table and counter tops. Operates on 110-120 volt AC or DC, 450 watts. Furnished complete with cord.
