REGAL MICROWAVE
COOKWARE and ACCESSORIES

When the leading producer of rangetop cookware decided to enter the rapidly growing microwave accessory field, it was apparent that the product would have to surpass all others on the market. Regal's microwave cookware and accessories look good and are designed to maximize microwave cooking efficiency.

This cookware is fashioned from a unique glass-filled polyester material that allows 95 to 97% of the microwave energy to be transmitted directly to the food. And, the material can also be used in convection or conventional gas and electric ovens. It won't get soft or melt and it won't warp, in any oven. The wide temperature tolerance of the material means it will also go from the freezer or refrigerator directly to the oven without cracking, chipping, or breaking. Contemporary good looks means this cookware will go right to the table. The smooth, hard finish resists staining and facilitates cleaning.

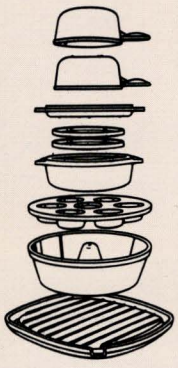

The exacting design which went into the development of each piece means optimum service to the user. Corners are generously rounded to reduce the possibilities of over cooking foods. The feet or ridges on the base elevate the pan from the oven floor to help maintain microwave cooking temperatures. Grills have deep ribs to support meat above accumulated juices, convenient pouring lips, and gently-sloped inside bottom to direct the flow of liquid away from the food. Handles are easy to grip, even on those pieces that are inverted or reversible. Cup placement in muffin pans maximizes microwave cooking efficiency. Many items include snap-on plastic lids for added storage convenience in cupboard, refrigerator or freezer. Every item is dishwasher safe.

At Regal the microwave story doesn't end with top quality products. A comprehensive marketing support program has been developed to assist retailers. High-impact television and magazine advertising is designed to presell the consumer. Full-color packaging and point-of-purchase labels "talk" to shoppers. Wire racks plus the impressive cartons simplify the building of in-store displays. Full-color demonstration tapes are available through Regal representatives. Regal has a fully-trained staff of demonstrators available for in-store promotions, seminars and cooking classes. Newspaper ad layouts, full-color statement enclosures and consumer handouts lend added support to a total merchandising package.

TV ADVERTISING

Regal has blanketed the entire country with its concentrated network television campaign for spring and fall. Supplementing the network schedule is a high-impact spot television schedule targeted in key markets during peak daytime, prime fringe and late night viewing. Aimed at increasing product awareness and visibility among consumers, the program includes cookware, electrics and microwave accessories and coincides with the extensive SilverStone advertising by the DuPont Company.

DEMO TAPES AND IN-STORE DEMONSTRATORS

Designed to generate plus sales, point-of-purchase, full-color with sound tapes are available on many of Regal's top selling lines and items for use in store-owned projectors or in projectors secured through your Regal representative. A staff of factory-trained demonstrators is also available to sell the features of Regal products to consumers.

Betty Crocker*

WHAT IS THE BETTY CROCKER ENDORSEMENT?

The famous Betty Crocker red spoon is more than a well-known symbol and respected name. It is a standard of trust and believability that provides an added sales dimension to the Regal line. The Betty Crocker trademark is carried on 60 popular food products selling in excess of 650,000,000 units per year. These products are backed by an annual advertising program that exceeds $30,000,000.

Regal Ware, Inc. is proud to offer the market-tested power of this highly favorable and unique image on its quality cookware.

CONSUMER PRINT ADVERTISING

Impressive full-color ads are designed to build consumer brand awareness and generate sales. Moulinex Regal electrics and Regal cookware, electrics and microwave accessories frequently appear in newspaper supplements, top women's service books, general interest magazines, bridal books and special interest books. The consumer magazine campaign is designed to supplement Regal's high-impact television advertising as well as the traffic-generating retail promotions.

SELF-MERCHANDISING PACKAGING

Creative individualized packaging is designed to sell merchandise. These decorative and informative cartons help build self-contained in-store displays that are effective shopper stoppers.
