Regal® 3-PLY 18/8 STAINLESS STEEL COOKWARE

GENUINE 3-PLY 18/8 STAINLESS STEEL

Inner and outer layers are 18/8 stainless steel, which gives the utensils a brilliant and long-lasting luster and durability. Between them stands a core of carbon steel for fast, even heating; preventing burning or scorching.

Stainless Steel

Here is bright, new luxury cookware, beautifully styled to complement every kitchen. Special 3-ply construction features inner and outer layers of 18/8 stainless steel for beauty and durability. Center core of carbon steel distributes heat to all parts of the utensil quickly and evenly. When cooking at low heat, Vapor-Seal cover construction helps prevent the escape of moisture, while helping to seal in natural flavors and vitamins. Lets you prepare foods the low-heat, "waterless" way.
