Set No.	Composition	Ship. Wt. Per Doz. Lbs.
268W	261, 262, 263	30

These new pans are designed for quick and efficient heating, ease of cleaning and long life. The 1, 2 and 3-quart sizes are the sizes needed most frequently for everyday cooking needs. Convenient graduation marks in cup measurement are placed on the side of each pan. Polished exterior; Sun-rayed interior. Rigid and tight bead around the entire edge. Rounded corners for quick and easy heating. Flat bottoms heat efficiently on any type of range. Triple-tinned steel handles.

Each pan is graduated for cup measurement. Convenient when cooking or heating the correct amount of water for coffee or tea.

Flat bottoms for quick and efficient heating on all types of ranges.

Sturdy one-piece side handles made of triple-tinned steel are securely riveted to side of pot.

Flat bottom heats quickly and distributes heat evenly.

Sauce Pots

Item No.	Gauge	Capacity Qts.	Bottom Diam. Inches (Outside)	Top Diam. Inches (Outside)	Depth Inches (Inside)	Ship. Wt. Per Doz. Lbs.
304W	17	4	7 $\frac{7}{8}$	8 $\frac{5}{8}$	4 $\frac{15}{16}$	21

543W	18	3	12	5 ¹ / ₂	6 ³ / ₄	7 ⁵ / ₁₆	25

Packed one to a chipboard carton.

One of the most beautiful percolators ever designed in metal. Made of brightly polished aluminum with Thermoplas non-burn handle and glass cover knob. Cover fits deep over basket — prevents boiling over. Cup graduations stamped on side of pot as well as on basket insure accurate measurement — coffee is uniform. Welded spout and large, wide opening at top of percolator permits easy cleaning. Flat base provides fast and economical heating.

Sturdy basket fitted with water distributor for thorough and even percolation. Fine perforations in basket insure delicious, clear coffee.

Easy-pouring, no-drip spout. New type hingeless cover will not drop off when pouring.

One-Piece Dripper

Simplified one-piece dripper construction —perforated disc is built into dripper. Scientific water distributor is equipped with convenient handle. There is no filter cloth or paper to replace. Easy to use; easy to clean. Prepares rich, flavorful coffee.

Drip Coffee Makers

Item No.	Gauge	Capacity Cups	Neck Diam. (Inches)	Bottom Diam. (Inches)	Depth of Serving Pot (Inches)	Ship. Wt. Per Doz. Lbs.
564	20	4	3 ¹³ / ₁₆	4 ⁵ / ₈	5	19

572	20	12	5 ¹ / ₂	6 ³ / ₄	7 ⁵ / ₁₆	40

Packed one to a corrugated container.

Matches the complete line with its beautiful and distinctive design. Prepares clear, delicious, full-flavored drip coffee. Cup graduation marks stamped on dripper insure accurate measurement of coffee every time. Simplified one-piece dripper construction provides trouble-free service and delicious coffee. Gracefully designed, easy-pouring spout is welded — easy to clean. Cover fits snugly on both dripper and pot.

Whistling Tea Kettle

With its striking futuristic design, the Whistling Tea Kettle provides beauty and cheer for the kitchen. It has a capacity of 2 quarts and it is exceptionally quick and convenient for heating the water needed for drip coffee, tea and general cooking needs. There is no waste of fuel — the whistle reminds the housewife to turn off the heat as soon as the water boils.
