CATALOG 59 Cookware and Bakeware

cookware

... where craftsmen still care®

Generation Cookware is constructed of gleaming, easy to care for stainless steel with "wrap-around" aluminum bottoms for fast, even heating. Generation features both metric and U.S. measurements, and each piece is backed by a Full 25 year warranty. Available in four sets and 24 Open Stock pieces.

**FROM
TOP TO BOTTOM,
A BETTER WAY
TO COOK™**

From Top ... ①

Custom-designed pans and covers form a "moisture seal" to help lock in natural flavor, retain vitamins and minerals ... permits cooking with little or no water! And the self-basting covers invert into the pans for easy stacking and storing.

To Bottom ... ②

A thick "wrap-around" aluminum bottom is applied through an exclusive patented construction process to spread heat evenly ... eliminates hot spots and scorching!

A better way to cook ... ③
ENERGY EFFICIENT Generation cookware cooks foods fast at low temperatures on gas, electric and smooth-top ranges.
