BAKELITE HANDLES with Hang-up Feature

Handles are "tailored" to fit the hand comfortably and securely. Made of heat-resistant bakelite, they are welded — will never turn or loosen. Heat guards protect against direct heat. Large ring permits hanging utensils for easy, space-saving storage.

MOISTURE-RETAINING COVER CONSTRUCTION

The scientifically designed covers help to prevent the escape of vapors containing valuable vitamins and minerals as well as flavors.

EASY TO CLEAN

The smooth, hard finish of stainless steel is easy to keep new and shining without scrubbing or scouring. It rinses sparkling bright and stays beautiful.
