J. O. Reigle, President

Regal Ware, Inc.

We look back on the first 20 years of Regal Ware with pride and gratitude . . . proud of the accomplishments; grateful for the customer loyalty and friendship that has made it all possible.

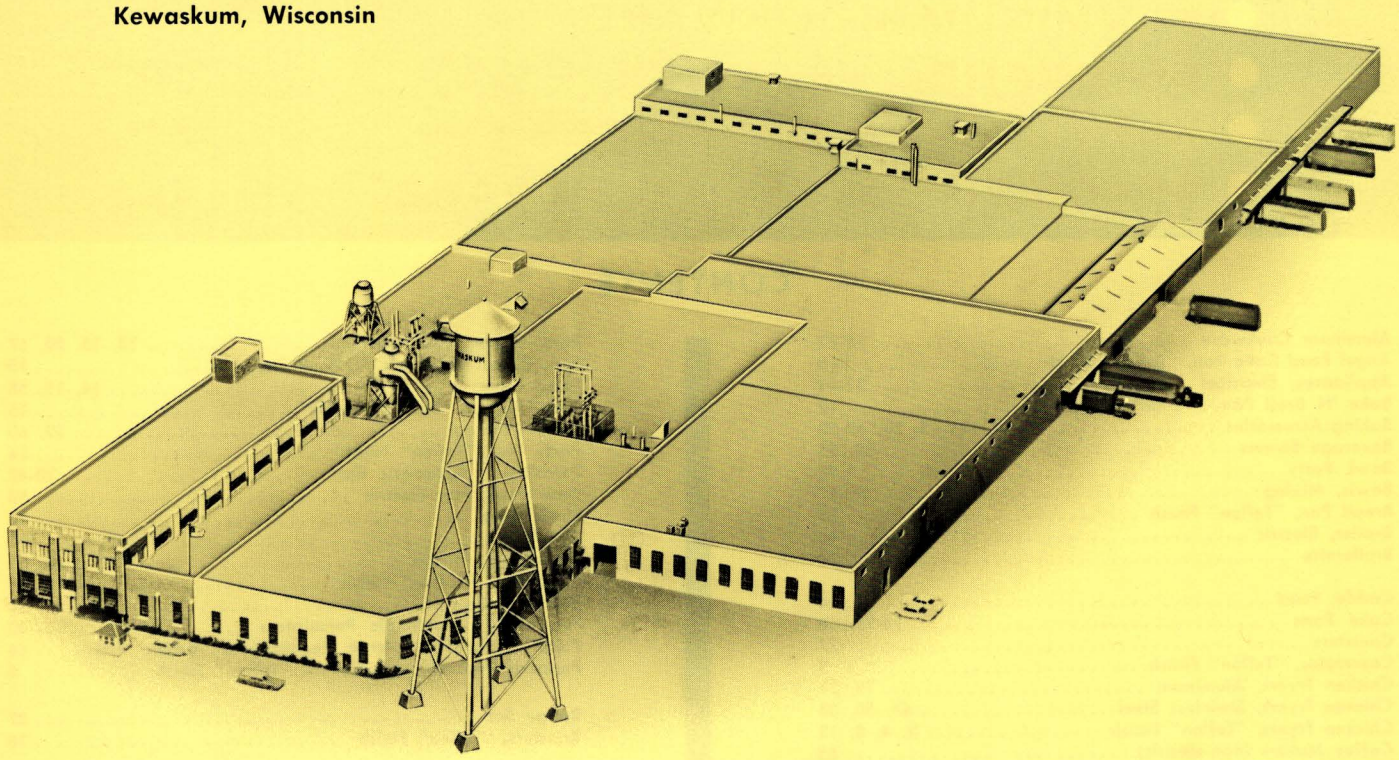

When it all started — August 6th, 1945 — we had a handful of people, a small plant . . . some new ideas and some *old* ideals. Little enough, but *more* than enough.

The ideals were simple . . . knowledge, applied with imagination and hard work, makes any goal achievable. The ideas? Use better materials, modernize designs, improve workmanship . . . make a more useful, durable and attractive product; sell it at a fair price.

We call it "The Regal Spirit." It has served us well. We will continue to cultivate it so it may flourish and grow in the future as it has in the past . . . serving *you* with ever-increasing efficiency and responsibility.

J. O. Reigle

Kewaskum, Wisconsin

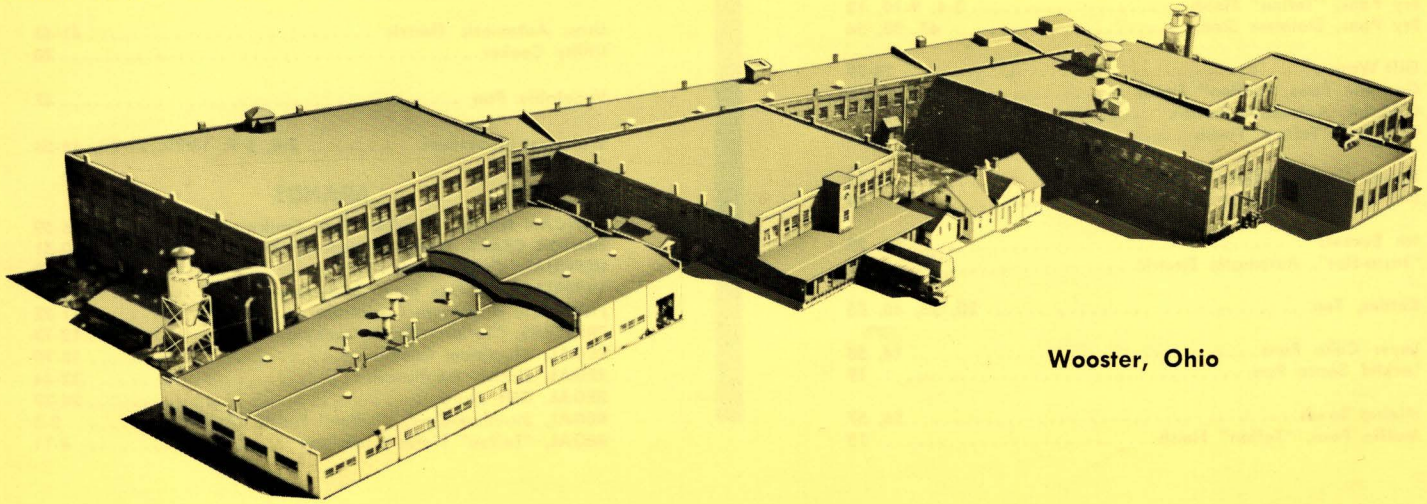

The growth of Regal Ware is well illustrated by the expansion of its manufacturing facilities. The original 1945 plant had a total area of 18,000 sq. ft. In 1946, before the company was one year old, size was more than doubled with a 22,000 sq. ft. addition. It was the first of 12 expansion projects, climaxed in 1964 by the acquisition of the Buckeye Ware facilities in Wooster, Ohio. This year, another 26,000 sq. ft. are being added to the Kewaskum plant . . . the original 18,000 have grown to over 500,000 sq. ft.

STAINLESS STEEL Cook Kit

All pieces nest together in one unit . . . compact, light; easy to pack, carry, and use!

Turn covers upside-down and use as plates or handy serving bowls. Ring handles fold flat and out-of-the-way so covers won't tip or rock.

Durable, non-porous stainless steel is the perfect material for outdoor cooking. It's easy to clean — smoke, grease, dried-on foods can be removed without tedious soaking or scouring — it protects food flavor and purity. And, these are just a few of the advantages of this cleverly designed new cook kit! Kit consists of: an 8 qt. covered pot, a 4 qt. pan and cover, a 3 qt. pan and cover, a 10½ in. fry pan, 2 lock-on handles, and 4 unbreakable plastic cups. Pieces are interchangeable to form many cooking combinations such as dutch oven, double boiler, or combination cooker. Fry pan is even-heating, extra-heavy 3-ply stainless steel. Cups are heat-resistant — won't burn lips or fingers; are graduated for accurate measuring.

& ACCESSORIES

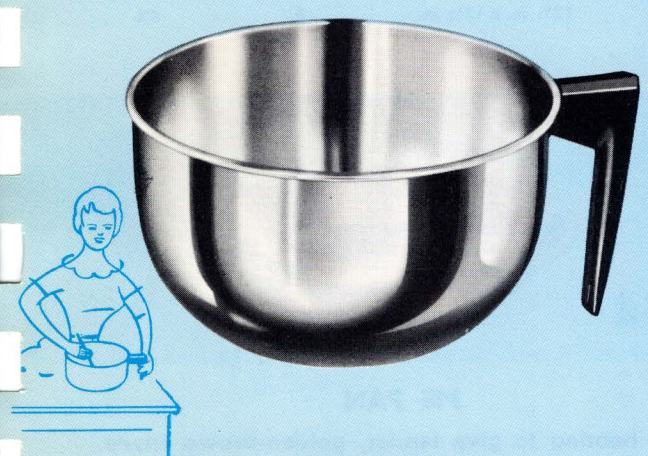

MIXING BOWL SETS

These beautiful mixing bowls are the ultimate in quality, convenience and utility. Designed for use with electric mixers — they are ideal for hand stirring or mixing, too.

Use them for storing foods in the refrigerator, as salad or serving bowls. The hard, non-porous stainless steel will not absorb grease or odors — it resists scratching, tarnish and corrosion, cannot chip or peel. And, it's easy to keep sparkling clean and pure.

Ring-handle types provide secure grip to prevent slipping or sliding, permit hanging bowls to store. Rims are shaped for accurate pouring. Smoothly rounded corners give plenty of working room for mixer beaters — aid efficient mixing action, simplify cleaning.
