ELECTRICS
PRESENTATION

REGAL®

1991

REGAL for ELECTRICS

The image features a white and grey REGAL 10-Cup Drip Coffeemaker. The machine has a white base and a grey upper body. A black carafe with a white handle is attached to the front. The carafe has measurement markings: 4, 6, 8, and 10 CUP BOTTOM OF BAND. A white filter basket is visible inside the carafe. The machine is set against a background of horizontal blinds. In the foreground, there are two red cups of coffee on saucers.

Refined Classic Designs. Long Lasting.

Regal is leading the way in the design and manufacture of the latest in small appliances and electrics. All of our products represent value to the customer and are the result of the endless devotion to quality and innovation that is Regal. That spirit of innovation and attention to detail shines through in our Processor Plus Food Preparation Center and our Iced Tea Maker, both new for 1991. These products help to round off our popular line-up of electrical appliances. For quality products ranging from coffeemakers to water purifiers you can rely on Regal to deliver uncompromising quality with unmistakable style. For over 45 years Regal has demonstrated why it is the crowning touch in housewares.
